C. Teacher slouches to suggest being carefree
D. Teacher's intonation shows support
67. Among teaching styles, how do you classify teachers who clearly and fairly communicate standards for discipline and performance to student?
- A. Authoritarian
B. Uninvolved
C. Permissive
D. Authoritative
68. Among teaching styles, how do you classify teachers who lack confidence in enforcing and demanding compliance to rules?

- A. **Permissive**
- B. Authoritative
- C. Uninvolved
- D. Authoritarian

69. Among teaching styles, how do you classify teachers who are control oriented and impose rules without explanation?

- A. Authoritative
- B. **Authoritarian**
- C. Permissive
- D. Uninvolved

70. Values are subjective. Your value may not necessarily be my value. What subscribe to this thought?

I. Progressivist II. Pragmatists III. Essentialist

- A. II and III
- B. I, II, and III
- C. I and III
- D. **I and II**

71. Students must be taught self-responsibility is the desire of the _____ teacher.

- A. **Existentialist**
- B. Pragmatic
- C. Constructivist
- D. Utilitarianist

72. Of the following, which is the most powerful source of values like beauty and goodness outside the school system?

- A. Government propaganda
- B. **Nature**
- C. Commercial advertising
- D. Mass media

73. Of the following, which is the best way parents can support the learning development of their children?

- A. Buying materials for project
- B. Making calls on teachers
- C. **Interest and assistance in class assignments**
- D. Checking report card grades

74. Teacher Ernie makes sure that he covers the essential subject content, while treating them sufficiency or in-dept. What guiding principle is he following for lesson preparation?

- A. **Balance**
- B. Feasibility
- C. Significance
- D. Self-sufficiency

75. Which of the following is a quality of an engaging learning environment most reflective of Education For All (EFA)?

- A. **Improvised to enhance learning for all types of learners**
- B. Decentralized governance
- C. Student-centered learning activities
- D. Open communication for all-teachers, parents, students

76. What is the main focus of the Schools Mean Success(SMS) concept for lifelong learning?

- A. School recognition and accreditation for success
- B. **Tapping student's potential for success**
- C. Pillars of instruction, research and outreach for success

D. Mission-vision of schools for success

77. Of the following interventions, which is directly aimed at responding to the transitional gap between academic achievement and employment?

- A. Deregulation of tuition fees
- B. Voluntary accreditation of schools
- C. School networking with business and industry**
- D. Identification of centers of excellence

- A. Authoritarian role of the teacher
- B. Collective discipline
- C. Value for individualization**
- D. Rigid system of grading

83. Among unit plan components, to what cluster do models, replicas, charts, graphs, and specimens belong?

- A. Resources and materials
- C. Evaluation procedures
- B. Learning activities
- D. Objectives**

84. Among the following terms in technology, which has the broadest concept of technology for the whole educative system?

- A. Computer technology
- C. Instructional technology
- B. Audiovisuals
- D. Educational technology**

85. In the process of integrating technology in instruction, which of the following points to the highest kind of cognitive skills desired?
- A. Nurturing of class teamwork
 - B. Engendering meaningful learning
 - C. Introducing social learning
 - D. Developing metacognition**
86. While there is modernity and progress through the use of technology in instruction, what is the greatest danger along the domain of learning that is posed by technology?
- A. Using technology to fill in lesson gaps
 - B. Using technology to lighten up lessons
 - C. Developing passivity and uncritical minds**
 - D. Developing visual and audial orientation
87. Of the following, which is the most traditional example of "technology" in the limited sense of tools for education?
- A. Moving film
 - B. **Chalkboard**
 - C. CD-ROM
 - D. Graphs and photos
88. Which of the following is the most appropriate use of television in the classroom?
- A. TV viewing for the whole one-hour class
 - B. TV viewing to replace absent teacher
 - C. TV viewing with cuts and explanation**
 - D. TV viewing to entertain students
89. In e-learning, which is the motivational aspect of learning through the electronic media?
- A. Virtual imaging
 - B. Technology integration
 - C. Enthusiasm to use technology**
 - D. Digital platforms
90. What is aroused among viewing learners by dramatic educational films in what is known as "cliff hangers"?
- A. Relevance
 - B. Significance
 - C. Satisfaction
 - D. Expectancy**
91. Of the following effects on learning, what is the effect of assigning various sections of the newspaper, and allowing choice depending on the learner's choice?
- A. Changing attitudes and feelings
 - B. Reinforcing learning
 - C. Allowing different interests**
 - D. Encouraging participation
92. According to Nagel's Acronym PPFF, what is important to Follow Up in the proper use of instructional materials?
- A. Student interest
 - B. Student expectations
 - C. Lesson objective**
 - D. Media and materials

93. How can the teacher best begin in developing a lesson plan design?
- A. High level open-ended question
 - B. General learning goals
 - C. Vision-mission statement of the school
 - D. Clearly defined outcomes**
94. Among unit plan components, to what cluster do projected competencies-outcomes belong?
- A. Resources and materials
 - C. Evaluation procedures
 - B. Objectives**
 - D. Content
95. Classroom routines form the backbone of daily school activities, but which of the following is not covered by such routines?
- A. Submission of work
 - C. Distribution of papers
 - B. Lesson content**
 - D. Seating arrangement
96. Which of the following is an acceptable teacher-effectiveness practice?
- A. Setting of objectives rather than outcomes
 - B. Directions given sparingly and delivered casually
 - C. Classroom routines done early in the school year**
 - D. Planning done following monitoring of learning
97. In the History class, teacher Naomi uses a current events IQ contest to determine champions in identifying people, places, and events. What learning objective/outcome does she aim to achieve?
- A. Application
 - C. Responding
 - B. Knowledge or recall**
 - D. Perpetual
98. Which of the following best relate to basic literacy to learners?
- A. **Drill**
 - C. Dramatize experiences
 - B. Verbal symbols
 - D. Demonstration
99. When classes began, Teacher Dan asked student in pairs to interview and introduce each other to the class. How will this activity be classified according to Edgar Dale's cone of experience?
- A. **Purposeful experience**
 - C. Dramatize experience
 - B. Verbal symbols
 - D. Demonstration
100. With closeness to direct experience as standard, which one should a teacher choose?
- A. **Contrived experiences**
 - C. Dramatize experiences
 - B. Study trip
 - D. Demonstration
101. What provides the most direct type of learning, but is difficult to supply in the traditional classroom?
- A. Real-life experience**
 - B. Computer-assisted learning

- C. Verbal symbolism
- D. Multisensory instructional aids

102. Of the following, which is a form of direct learning experience?

- A. Internet research
- B. Role playing
- C. Village interview**
- D. Preparation of learning materials

103. On clusters of meaningful learning activities, which does not belong to bodily-kinesthetic learning activities?

- A. **Story telling**
- B. Hands-on demonstration
- C. Dance
- D. Role-playing

104. How can lessons be made more meaningful by way of learning continuity?

- A. Add value to content
- B. Introduce new content
- C. Stress retention of facts
- D. Relate present with past lesson**

105. How can a teacher introduce new information to students?

- A. Valuing new knowledge
- B. Relating it to knowledge they already know**
- C. Demonstrating novelty of new knowledge
- D. Increasing retention of new knowledge

106. Of the following classroom activities, which best relate to child visual learning and development?

- A. **Drawing and coloring**
- B. Singing and acting
- C. Textbook reading
- D. Games and sports

107. In cognitive learning, what are firmly established and thoroughly tested principles or theories?

- A. Hypothesis
- B. Facts
- C. Laws**
- D. Concepts

108. Among cognitive objectives, what refers to the transfer of knowledge from one concept to another?

- A. Synthesis
- B. **Application**
- C. Analysis
- D. Comprehension

109. In the taxonomy of learning objectives or outcomes, which relates to judging in terms of internal evidence or logical consistency, or external evidence consistent with fact?

- A. **Evaluation**
- B. Receiving
- C. Valuing
- D. Application

110. Under the domains of learning, to what domain do comprehension, analysis, and evaluation belong?

- A. Reflective
- B. Cognitive**
- C. Affective
- D. Psychomotor

111. Among cognitive levels of thinking, what cognitive level is stressed by the Essay question: "In the light of the facts presented, what is most likely to happen when...?"
- A. **Inferring** B. Classifying C. Applying D. Analyzing
112. Of skills teachers should understand and students need to acquire, which is the ability to monitor and modify thinking, as well as deal with ambiguous or unclear information without getting frustrated?
- A. **Focusing** B. Sharpening C. Tolerance D. Narrowing
113. Among categories of thinking skills, which is the ability to breakdown complex information into parts for understanding?
- A. Focusing B. Narrowing C. Sharpening **D. Analysis**
114. Which aspect of multi-intelligence is enhanced by asking students to work on a physical model of the atom after a teacher's discussion on the subject of the atom?
- A. Interpersonal C. Mathematical
B. **Kinesthetical** D. Linguistic
115. In his Literature class, teacher Ted gives stress to one's own ability to write poetic verse, drawn from sensible images, thoughts and perceptions. What creative thinking behavior is he trying to develop in students?
- A. Curiosity B. Awareness **C. Originality** D. Elaboration
116. What is the primary advantage of active learning techniques (discussion, role play, gaming, etc.) in instruction?
- A. Higher order thinking**
B. Student engagement
C. Problem solving
D. Focus on questions, not answers
117. Among thinking skills in learning, what includes fluent, flexible, original and elaborate thinking?
- A. **Divergent thinking** C. Critical thinking
B. Convergent thinking D. Problem solving
118. In his speech class, teacher Rod uses poetry dramatic reading by students, using movements (gestures, facial expressions, creative movements, etc.). What learning objectives or outcome is he looking for?
- A. **Non-discursive communication** C. Skilled movements
B. Reflex movements D. Characterization

119. Under the affective domain of learning, what includes active attention to stimuli such as acquiescence, willingness to answer, and feelings of satisfaction?
- A. Organization
B. Valuing
C. Responding
D. Characterization
120. Of the following, which is the effective way to advance practical oral proficiency of students?
- A. Give more group work compared with individual work
B. Request the construction of a school speech laboratory
C. Engage students in conversational activities
D. Give stress to correct grammar
121. What kind of literary works are very creative by way of descriptive language and dramatic episodes?
- A. **Fiction novels**
B. Historical account
C. Biography
D. Autobiography
122. Where can students find critical views on current event in newspapers?
- A. Entertainment page
B. **Opinion page**
C. Ads section
D. News page
123. What is an example of a book or writing intended for moral knowledge of the very young readers?
- A. Romeo and Juliet
B. Diary of Anne Frank
C. Jack and the Beanstalk
D. Les Miserables
124. What desirable thinking behavior is aimed at in poetry in writing activity?
- A. Interest
B. Originality
C. Awareness
D. Curiosity
125. Among models of reading strategies, what did student Lina adopt when she read back and forth, attending to both what is in her mind and what's on the page?
- A. Down-top
B. Interactive
C. Top-down
D. Bottoms-up
126. Sequence the following events on the historical development of reading:
- I. Greek letters and the Roman alphabet were developed
II. Through the Semite's ingenuity, sounds and symbols gave rise to the Phoenician alphabet
III. People used pictures and characters to convey messages
IV. Researchers showed the process of reading, comprehension, and interpretation.
- A. I, II, III, and IV
B. I, II, IV, and III
C. III, II, I, and IV
D. IV, II, I, and III
127. What is known as learning a new word by studying its roots and affixes?
- A. **Morphology**
B. Phonetic analysis
C. Structural analysis
D. Contextualization
128. What is known as getting the meaning of a new unfamiliar word by looking for hints from surrounding words in a sentence or paragraph?

- A. **Context clues** C. Semantic clues
B. Syntactic clues D. Graphophonic clues
129. In Grace Godell's Reading Skills Ladder, which is at the very bottom and needed to move up to the sequential ladder of reading skills?
- A. **Vocabulary building** C. Basic sight words
B. Phonetic analysis D. Structural analysis
130. In Grace Godell's Skills Ladder, which step should come last and only when needed?
- A. Using contextual clues **C. Using the dictionary**
B. Using parts of a book D. Using phonetic analysis
131. How will you make a child memorize the table of multiplication from the point of view of Pavlov?
- A. Make them understand the meaning of multiplication
B. Call the child's attention every time you recite the table for them
C. Model the recitation of the table of multiplication
D. Reward the child with a candy for every correct recitation
132. What field of education manages children with behavioral problems like attention-deficit disorders?
- A. Distance education
B. Special education
C. Skills and technology training
D. Early childhood education
133. Of the following, which is the truest of adolescents?
- A. **Hormonal changes** C. Last splurge of dependence
B. Defiance of peer group D. Unruly behavior
134. In Piaget's stages of Cognitive Development, what is the pre-school age in which the child's intelligence is intuitive, able to make mental representation, and close to the use of symbols?
- A. Formal operational stage C. Sensory motor stage
B. Concrete operational stage D. Preoperational stage
135. In Piaget's Concrete-Operational Stage in cognitive development, which refers to the ability to order or arrange things logically on dimensions such as weight, volume, or size?
- A. Conservation C. Decentering
B. Reversibility **D. Seriation**
136. In Piaget's Concrete-Operational Stage in cognitive development, which refers to the ability of the child to perceive different features of objects and situations, e.g. toughness in stone, elasticity in rubber, etc.?
- A. **Decentering** C. Reversibility
B. Seriation D. Conservation

137. In Piaget's Formal-Operational Stage in cognitive development, which of the following is not among the characteristics of the child's thinking ability?
- A. Logical thinking
 - B. Abstract problem solving
 - C. Hypothesis making
 - D. Knowing properties (number, mass, volume, etc.)**
138. In Erickson's Stages of Theory of Development, which affirmation belongs to the stage of Identity versus Role Confusion?
- A. When people look at what I have done, I feel embarrassed
 - B. I get a good deal of pleasure from working
 - C. I wonder what sort of person I am**
 - D. I feel competent
139. In Erickson's Stages of Theory of Development, which of the following needs to be developed from the child (1 to $\frac{1}{2}$ years old)?
- A. Autonomy B. Initiative C. Industry **D. Trust**
140. Following Kohlberg's Theory of Moral Development, what is the moral reasoning or perspective of joy who allows her classmate to copy her test work, so that she will be her friend?
- A. **Social approval** C. Obedience
 - B. Punishment D. Law and order
141. Of the following questions, which relate to metacognition?
- A. How is this done? C. What facts did I know?
 - B. **Am I learning well enough?** D. When did this event occur?
142. Among the following questions, which is not applicable to metacognition?
- A. How will I know if I am learning at an appropriate rate?
 - B. Did I understand what I just hear, read or saw?
 - C. Do I know what I need to now?
 - D. What factual information have I retained?**
143. Which of the following does not belong to the metacognitive reading activities?
- A. Predicting B. Testing C. Sampling **D. Perceiving**
144. Among examples listed, which does not represent teaching strategies to develop metacognition?
- A. Have the students develop questions about what is going on around them
 - B. Have teachers the free hand to monitor and rate learning achievement**
 - C. Have students to monitor their own learning and thinking
 - D. Have students make predictions about what is to be represented
145. Among components in the instructional framework for learning strategies, which is demonstrated by teacher Jiny who worked together with her students on a skill or task and figure out how to apply the skill?
- A. Independent practice C. Consolidation

B. **Guided practice**

D. Review

146. Principal Ted thinks uses free and open dialogue, event confrontation, so that teachers and learners can learn to discard old habits and attitudes. What is his general view about learning?
- A. It requires school resources
 - B. It is at times a painful process
 - C. It is a consequence of experience**
 - D. It is primarily a fun experience
147. John Dewey said, "An ounce of experience is better than a ton of theory." To which does this statement point?
- A. The need for theory
 - C. The primacy of experience**
 - B. The need for experience
 - D. The primacy of theory
148. Someone said, "Experience without theory is blind, but theory without experience is mere intellectual play." This means that:
- A. Theory and experience must go hand-in-hand**
 - B. Theory is more important than experience
 - C. Experience is more important than theory
 - D. One can stand without the other
149. What dependent variable can be used to test the hypothesis, "The more a teacher knows about a specific subject matter, the better she can teach it"?
- A. Teacher's yearly performance rating**
 - B. Personality traits of the teacher
 - C. Motivation from the school head
 - D. Incentives offered to teachers
150. In the school, who is the key to the success or failure in teaching-and-learning, being the link between the child and the curriculum?
- A. **The teacher**
 - C. The student
 - B. The parent
 - D. The principal
151. In outcomes based education, which of the following are not considered outcomes?
- A. Products
 - C. Portfolios
 - B. Procedures**
 - D. Performances
152. What is the erroneous concept of outcomes in Outcomes-Based Education?
- A. Performance
 - B. Products
 - C. Results
 - D. Content**
153. In a Problem-Based Learning Group, who take notes, join discussion and review materials?
- A. Facilitator
 - C. Team members**
 - B. Team leader
 - D. Recorder

154. In assessment for Problem-Based Learning, who are responsible in judging student performance?
- A. Teacher-and-peers
 - B. Teacher-and-supervisors
 - C. Teacher-and-students**
 - D. Teacher-students-supervisors
155. Following a model procedure, how is the process in Problem-Based Learning sequenced?
- I. List action for what we need to know
 - II. Explore the issues
 - III. Write solution with supporting document
 - IV. Develop and write problems statement
- A. I, IV, II, and III
 - C. II, IV, I, and III**
 - B. II, I, IV, and III
 - D. III, I, IV, and II
156. Which is not an aim in having partners in team learning?
- A. Focused attention
 - C. Cooperative work
 - B. Sharing ideas
 - D. Lighter work**
157. What is the active learning strategy to promote friendly competition and an atmosphere of fun in learning?
- A. **Games**
 - B. Fishbowl
 - C. Debate
 - D. Case study
158. Among development activities, which does not belong to data-gathering activities which can allow active participation by students?
- A. **Library research**
 - C. Case study
 - B. Solving real-world problems
 - D. Panel discussion
159. Of the following, which is the most conducive for authentic assessment?
- A. Complex multiple-choice test
 - B. Performance drill
 - C. De-contextualized setting
 - D. Real world application**
160. Which of the following are alternative assessments?
- A. Portfolio, exhibits, journals**
 - B. Paper-and-pencil test, demonstration, reports
 - C. Multiple choice, structured observation, sentence completion
 - D. Self-assessment, authentic assessment, surveys
161. In order for assessment to have clarity of learning targets, outcomes must be stated in behavioral terms so that this can be measured. Which of the following shows this desired clarity?

- A. To practice reading with competence
 - B. To improve the speed of reading competence**
 - C. To appreciate reading competence
 - D. To understand the concept of reading competence
162. Among recording devices during assessment, which can the student use to describe behavior and context which observations may be forgotten or remembered incorrectly?
- A. Portfolio
 - C. Anecdotal record**
 - B. Checklist
 - D. Self-assessment
163. What is a scoring guide that lists the criteria and their levels of quality on which evaluation will be focused?
- A. Portfolio
 - C. Stem
 - B. Journal
 - D. Rubric**
164. Which is an alternative assessment tool that consists of a collection of work artifacts or in progress accomplishment by a targeted clientele?
- A. **Portfolio**
 - C. Achievement test
 - B. Evaluation instrument
 - D. Rubric
165. Which of the following is the most reliable tool for determining student's ability to write?
- A. Portfolio assessment
 - C. Interview of students
 - B. **Scoring rubric**
 - D. Self-assessment
166. Using Rubrics to assess Powerpoint presentations of students, which criteria from the following is most significant as it is the essence of presentation?
- A. Presenting design
 - C. Oral delivery
 - B. **Content value**
 - D. Orderly sequencing
167. What is being assessed by the Rubric that seeks to assess high, moderate, or low imaginative thinking?
- A. Aesthetic
 - B. Creativity**
 - C. Appeal
 - D. Craftsmanship
168. Which of the following best describes creativity?
- A. **Imaginative**
 - B. Positive
 - C. Resourceful
 - D. Inspired
169. Among written categories of assessment, what instruments did Science teacher Julian use when he prepared a list of behavior that make up a certain type of performance in the use of microscope?
- A. Observation of self-report
 - C. Product rating skill
 - B. Written response instrument
 - D. Performance test**
170. Using extrinsic motivational assessment, what could be the noblest motive in students pursuing a lifetime work and mission for the teaching profession?
- A. Promise of higher rank and prestige
 - B. Social service to upcoming generations**
 - C. Economic security and welfare

D. Respected position in society

171. Of the following, which is not a characteristic of the Response Journal that reflects observations and interpretations of the student, such as on a reading material or a field visit?

- A. Encourage risk taking
- B. **Literary and grammatical**
- C. Open and factual
- D. Non-threatening

172. What is the criterion-referenced test designed to determine?

- A. **Performance level on a specific skill**
- B. Performance on a wide content of coverage
- C. Attaining a personal target
- D. Performance higher than other members of the group

173. In interpreting assessment results, which is described when the results are consistent?

- A. **Reliability**
- B. Subjectivity
- C. Validity
- D. Objectivity

174. Since Teacher Alvin wants his test be more reliable, which of the following should he adopt?

- A. Make a test that requires students the need for more time to complete
- B. Make the test difficult
- C. **Increase number of test items**
- D. Restrict range abilities in the test

175. Which measure of central tendency is most reliable when scores are extremely high and low?

- A. **Median**
- B. Mode
- C. Mean
- D. Cannot be identified unless individual scores are given

176. Which is a characteristic of the following score distribution: 98, 93, 93, 93, 90, 88, 87, 85, 85, 70, 51, 34, 34, 34, 20, 18, 15, 12, 9, 8, 6, 3, 1.

- A. No discernible pattern
- B. Tri-modal
- C. Skewed to the right
- D. **Bimodal**

177. What is the normal curve in the grade distribution of students in a class?

- A. All have average grades
- B. **Most get average grades, few high and low**
- C. Most get high grades
- D. Most get low grades

178. What can be said of student performance in a negatively skewed class score distribution?

- A. **Most students performed well**
- B. All students had average performance

- C. Few students performed well
- D. Most students performed poorly

179. Which is true when the standard deviation is big?

- A. Scores are spread out**
- B. Scores are not extremes
- C. The bell curve shape is steep
- D. Scores are concentrated

180. What does it mean to state the difficulty index of a test item is one (1)?

- A. The test item is extremely easy**
- B. The test item is not valid
- C. The test item is very good and should be retained
- D. The test item is very difficult

181. What does the test mean if the difficulty index is 1?

- A. Missed by everyone
- C. Very difficult
- B. **Very easy**
- D. A quality item

182. What does it mean to state that the determination index of a test item is -0.35?

- A. More from the upper group got the item correctly
- B. The test is quite reliable
- C. More from the lower group got the item correctly**
- D. The test item is valid

183. What does it mean if student Pete got a 60% percentile rank in a class?

- A. He scored better than 60% of the class**
- B. He got 60% of the test items correctly
- C. He scored less than 60% of the class
- D. He got 40% of the test wrong

184. A positive correlation is to direct relation; to what relation is negative correlation?

- A. Indefinite relation
- C. Definite relation
- B. **Inverse relation**
- D. Neutral relation

185. What is the meaning of a negative correlation between amount of practice and number of error in tennis?

- A. The decrease in the amount of practice sometimes affects the number of errors
- B. The increase in the amount of practice does not at all affect the number of errors
- C. Decrease in the amount of practice goes with decrease in the number of errors
- D. As the amount of practice increases, the number of errors decreases**

186. What is the graphic illustration for the relationship between two variables?

- A. Normal curve
- C. Frequency polygon
- B. **Histogram**
- D. Scatter diagram

187. Among standardized tests, which reveals strength and weaknesses for purposes of placement and formulating an appropriate instructional program?
- A. Achievement tests
 - B. Competency tests
 - C. **Diagnostic tests**
 - D. Personality tests
188. What kind of assessment helps teachers determine gaps in learning a subject matter?
- A. **Formative assessment**
 - B. Diagnostic test
 - C. Summative assessment
 - D. Placement examination
189. An entering student in college would like to determine which course is best suited for him. Which test is appropriate for this purpose?
- A. Achievement test
 - B. Diagnostic test
 - C. Intelligence test
 - D. **Aptitude test**
190. Tests should be non-threatening, but which of the following actually threatens students?
- A. Self-record of test scores
 - B. **Surprise quiz**
 - C. Scheduled exam
 - D. Submission of report
191. In preparing classroom tests, which of the following checklist is the last among the steps in tests preparation?
- A. How are the test scores to be tabulated?
 - B. Have I prepared a Table of Specifications?
 - C. **How are the test results to be reported?**
 - D. How is the objective item to be scored?
192. With what should the assessment of test items be aligned?
- A. Monitoring and evaluation
 - B. **Instructional objectives**
 - C. Instructional media
 - D. Content and process
193. Principal Rodriguez introduced machine-scored tests in his school. What factor in scoring does this add to make tests more reliable?
- A. **Objective scoring**
 - B. Cost-saving
 - C. Ease in checking
 - D. Time-economics
194. The test questions in Teacher Dante's test were confusing and were subject to wrong understanding, especially to poorer students. What was wrong with the test?
- A. Test items inappropriate for outcomes being measured
 - B. Inappropriate level of difficulty of items
 - C. Unclear directions
 - D. **Ambiguity**

195. For easier correction of his test, Teacher Edward prepared the True and False items in alternating 1, 3, 5, 7 etc. True, and 2, 4, 6 etc. False. What is wrong with the test in terms of Usability?
- A. Improper arrangement of items
 - B. Identifiable pattern of answers
 - C. Ambiguity**
 - D. Poorly constructed test items
196. What is wrong with test items that give clues to answers to questions?
- A. Unclear directions
 - B. Tests brevity
 - C. Ambiguity
 - D. Poor construction**
197. In her tests, Teacher Dorie made tests that were either too difficult or too easy. What was wrong with her tests?
- A. Inappropriate level of difficulty of the test items**
 - B. Identifiable pattern of answers
 - C. Unclear directions
 - D. Ambiguity
198. In using Essay questions, what of the following are these tests susceptible to, such as to make them less reliable measure broad knowledge of the subject matter?
- A. **Bluffing**
 - B. Time consuming
 - C. Guessing
 - D. Cheating
199. What primary response factor is considered by Essay questions?
- A. Wide sampling of ideas**
 - B. Factual information
 - C. Originality
 - D. Less time for constructing and scoring
200. Among the opportunities for Essay questions, which of the following does not provide high-level thinking opportunity?
- A. Analysis
 - B. Evaluation
 - C. Synthesis
 - D. Memorization**
