

# SCIENCE TECHNOLOGY & SOCIETY

# QUESTION #1

**Which period is characterized by humans living as hunters and gatherers, using basic stone tools, and controlling fire?**

**A**

**Paleolithic**

**C**

**Neolithic**

**B**

**Mesolithic**

**D**

**Bronze Age**

# QUESTION #1

**Which period is characterized by humans living as hunters and gatherers, using basic stone tools, and controlling fire?**

**A**

**Paleolithic**

**C**

**Neolithic**

**B**

**Mesolithic**

**D**

**Bronze Age**

# QUESTION #1

**Which period is characterized by humans living as hunters and gatherers, using basic stone tools, and controlling fire?**

**A**

**Paleolithic**

**C**

**Neolithic**

MARKED BY AGRICULTURE AND ANIMAL DOMESTICATION.

**B**

**Mesolithic**

LEARNED FISHING AND INTRODUCED AGRICULTURE

**D**

**Bronze Age**

TOOLS AND WEAPONS WERE WIDELY MADE WITH COPPER AND BRONZE.

## QUESTION #2

**Which of the following is TRUE about the Mesolithic Period?**

**A**

**Humans had no access to agriculture**

**C**

**Humans began settling near rivers and started agriculture**

**B**

**Humans relied solely on hunting and gathering**

**D**

**Humans used bronze tools for farming**

## QUESTION #2

**Which of the following is TRUE about the Mesolithic Period?**

**A**

**Humans had no access to agriculture**

**C**

**Humans began settling near rivers and started agriculture**

**B**

**Humans relied solely on hunting and gathering**

**D**

**Humans used bronze tools for farming**

## QUESTION #3

**Who stated that "change is the essence of all being" and believed that fire plays a crucial role in the process?**

**A**

**Thales**

**C**

**Anaximenes**

**B**

**Heraclitus**

**D**

**Democritus**

## QUESTION #3

**Who stated that "change is the essence of all being" and believed that fire plays a crucial role in the process?**

**A**

**Thales**

**C**

**Anaximenes**

**B**

**Heraclitus**

**D**

**Democritus**

# QUESTION #3

**Who stated that "change is the essence of all being" and believed that fire plays a crucial role in the process?**

**A**

**Thales**

He believed the fundamental substance was water.

**C**

**Anaximenes**

He believed the fundamental substance was air.

**B**

**Heraclitus**

**D**

**Democritus**

Atoms are solid and indestructible particles

# QUESTION #3

**Who stated that "change is the essence of all being" and believed that fire plays a crucial role in the process?**

**A**

**Thales**

He believed the fundamental substance was water.

**C**

**Anaximenes**

He believed the fundamental substance was air.

**B**

**Heraclitus**

**D**

**Democritus**

Atoms are solid and indestructible particles

# QUESTION #3

A white rectangular box with a dark blue border, intended for the user's answer to the question.

# QUESTION #3

**THALES**

# QUESTION #3

**THALES**

# QUESTION #3

# QUESTION #3

**HERACLITUS**

# QUESTION #3

A white rectangular box with a dark blue border, intended for the user's answer to the question.

# QUESTION #3

**ANAXIMENES**

## QUESTION #4

**When too much solute is added, no more can dissolve in the solvent. What do we call this point in a solution?**

**A**

**Solution**

**C**

**Suspension**

**B**

**Saturation**

**D**

**Mixture**

## QUESTION #4

**When too much solute is added, no more can dissolve in the solvent. What do we call this point in a solution?**

**A**

**Solution**

**C**

**Suspension**

**B**

**Saturation**

**D**

**Mixture**
