1. Which curriculum model is most associated with a grassroots approach to curriculum development?

A. Tyler's Model

✓ B. Taba's Model

C. Wheeler's Model

D. Saylor's Model

- Tyler →  Objectives linear
- Taba →  Teachers
- Wheeler →  Cycle
- Oliva →  Complete
- Saylor →  Domains

TARGET – TEACHER – WHEEL – OVERALL – SYSTEM

2. Which curriculum model emphasizes continuous improvement and flexibility?

A. Stufflebeam's CIPP Model

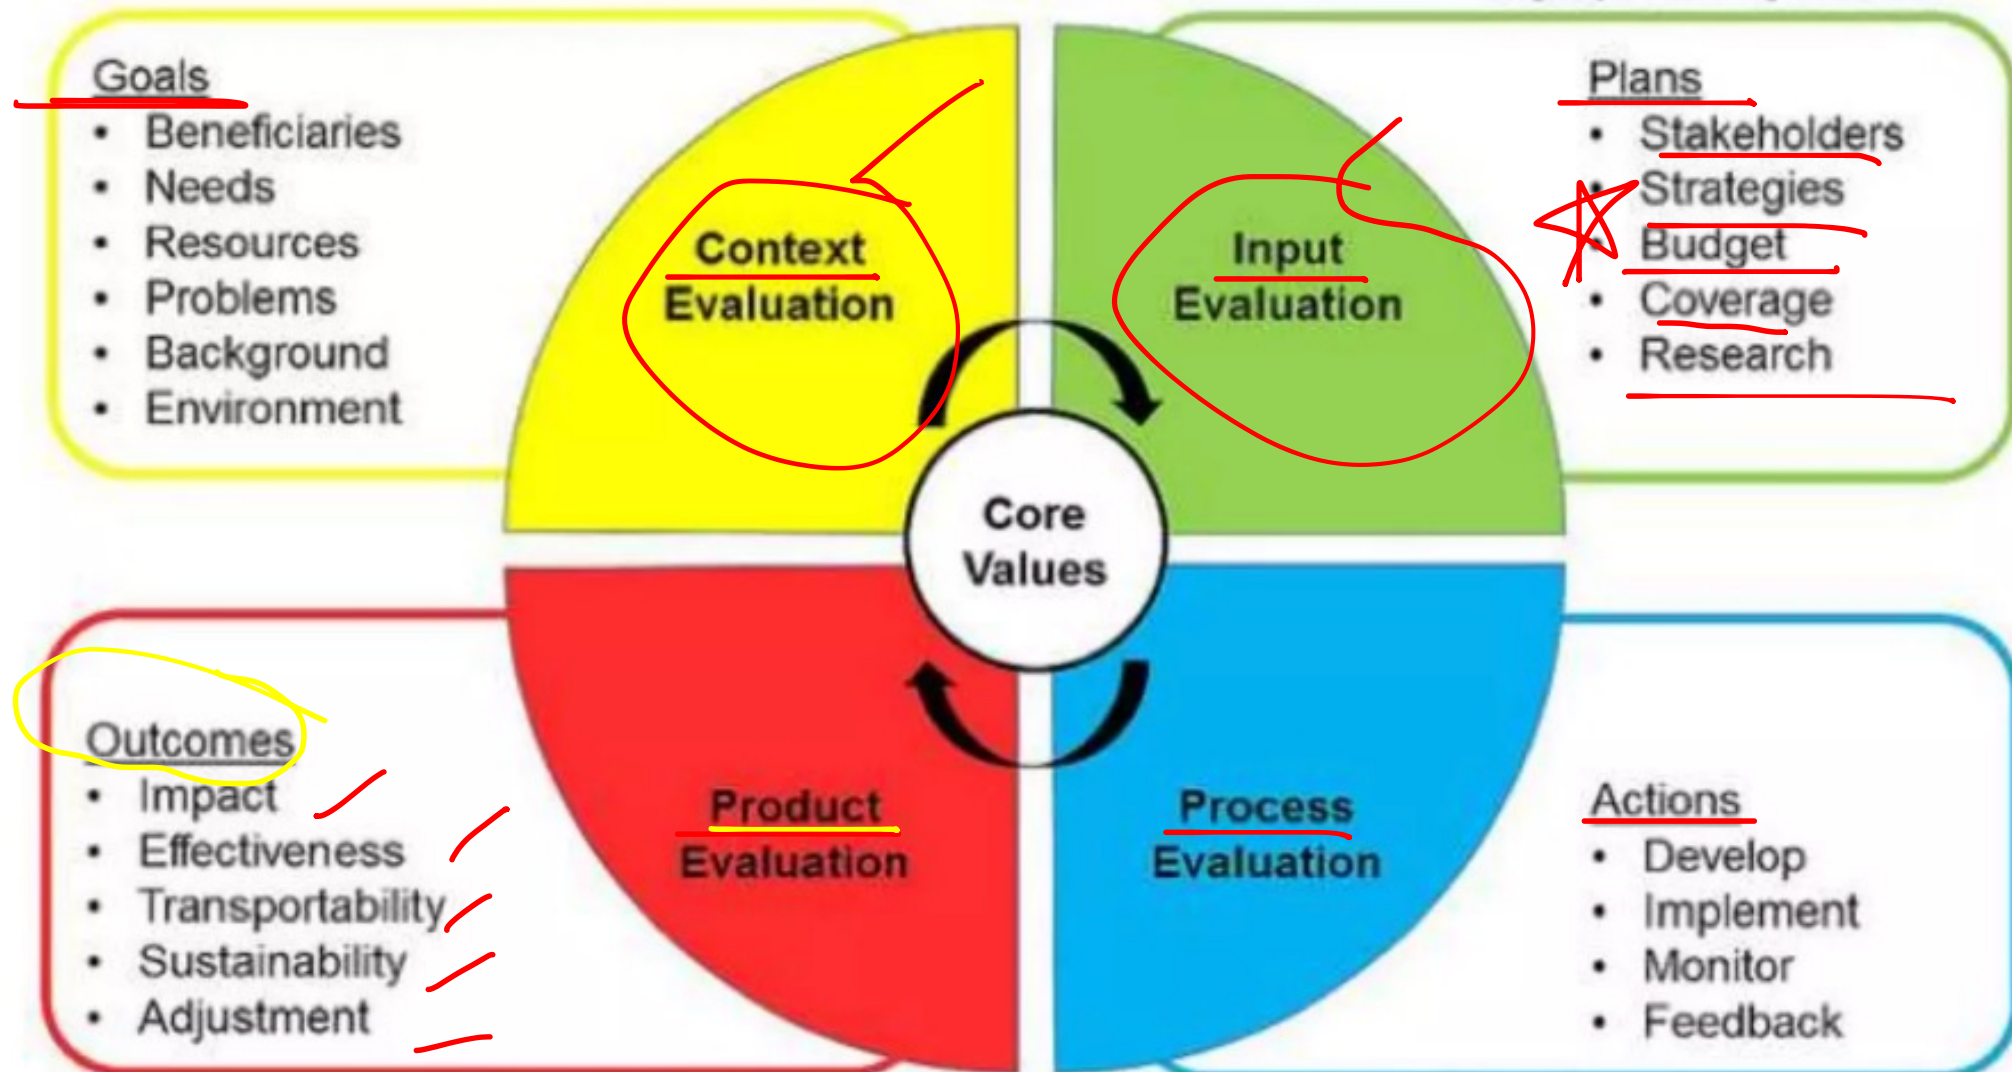

B. Tyler's Model

✓ C. Wheeler's Model

D. Taba's Model

Context, Input, Process, Product (CIPP) Evaluation Model

Designed by Ivan Teln RunningMan, March 2015

3. What is the central focus of Tyler's Model of curriculum development?

- A. Evaluation ✓
- B. Student needs ✓
- C. Learning activities ✓
- ✓ D. Objectives ✓

4. What is the first step in Taba's model of curriculum development?

A. Formulating objectives

✓ B. Diagnosing needs

C. Selecting learning activities

D. Evaluating outcomes

5. In Stufflebeam's CIPP model, which component focuses on identifying needs and opportunities?

- ✓ A. Context
- B. Input
- C. Process
- D. Product

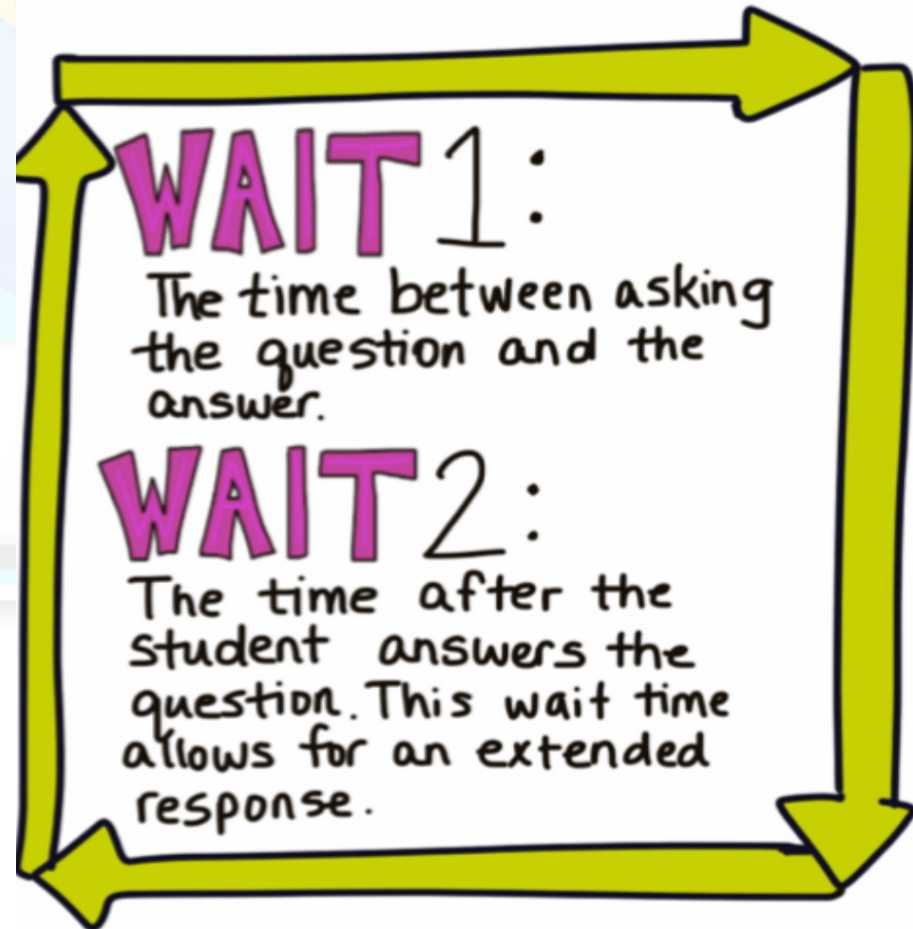

6. A pause between asking a question and accepting an answer, designed to allow students to mentally process the question and to formulate their replies.

A. wait module

B. lag time

✓ C. wait time

D. wait technique

7. A summarizing process that helps students draw conclusions based on what they have learned

- A. summary • *a brief restatement of ideas/concepts*
- ✓ B. closure • *connects and concludes what was learned*
- C. case study • *in-depth analysis of a case/situation*
- D. simulation • *imitation of real-life situations*

8. The rate at which a teacher presents components of a lesson or the lessons throughout the day

- A. wait time
- B. productive lab
- ✓ C. pacing
- D. case study

9. It is a structured, systematic, and well-organized procedure designed to facilitate and improve student learning

A. Teaching Strategy

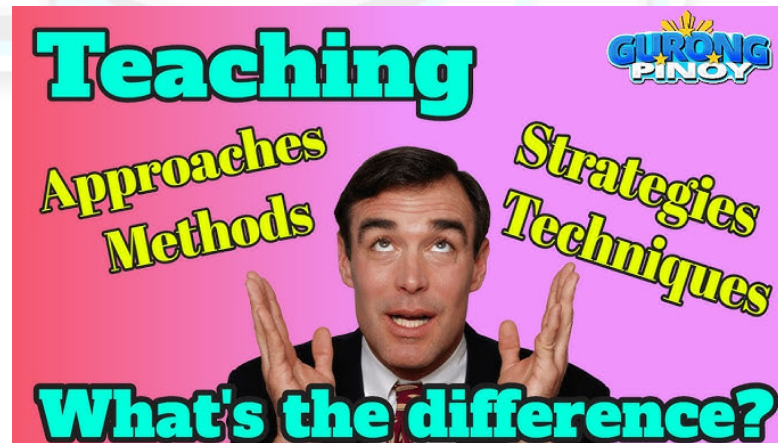

B. Teaching Approach

✓ C. Teaching Method

D. Teaching Technique

- ☆ • Approach = philosophy
- Strategy = overall plan
- Method = procedure
- Technique = specific action

*A Smart Man Teaches

10. What is the focus of inquiry-based learning?

A. Students working together to achieve common goal

✓ B. Problem-solving and experiential learning

C. Discuss ideas and answers with peers

D. Freeing class time for activities that involve higher order thinking

Inquiry-based learning emphasizes questioning, investigation, and discovery.

11. Students answer modules, quizzes, and assignments on their own pace and schedule. They don't need to spend their learning in the classroom with their classmates and teachers. This type of learning is called

- A. Synchronous learning
- ✓ B. Asynchronous learning
- C. Collaborative Learning
- D. Asymmetrical Learning

12. Which of the following is a limitation of models and real objects in teaching and learning?

- ✓ A. They pose problems with storage.
- B. They make learning more concrete.
- C. They provide hands-on learning experiences
- D. They are readily available in the environment, school, and home.

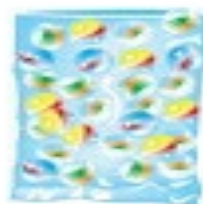

13. Which group of technologies has the highest degree of concreteness?

A. Book, imaginative literature, programmed instruction

B. Digital video, film, versatile compact disc

C. Video, picture, and television

✓ D. Realia

14. Mrs. Olivarez presented real samples of rocks in her General Science class. What principle did she apply?

- A. Appropriateness • *suitability*
- ✓ B. Authenticity • *genuine materials*
- C. Responsiveness • *addressing learners' needs*
- D. Simplicity • *uncomplicated design*

15. Which is NOT a basic consideration in selecting and evaluating the content of an educational technology tool?

A. Does it match the content? ✓

B. Is there evidence of its effectiveness?

C. Will it motivate and maintain interest?

✓ D. Can it be easily dismantled?

16. There are several reasons why teachers are reluctant in using electronic media in the teaching-learning process. Which is the most common reason?

- ✓ A. The limited exposure of teachers to new equipment
- B. Their incompatibility to the diverse needs of the learners
- C. The difficulty in integrating technology into the curriculum
- D. The excessive availability of local technology in the community

17. How can educational technology impact student engagement?

A. Educational technology has no effect on student engagement.

B. Educational technology decreases interaction among students.

✓ C. Educational technology can significantly increase student engagement by making learning interactive and personalized.

D. Students prefer traditional methods over technology in learning.

18. Juliet didn't put in enough time to memorize her character's rehearsal script for the school performance. As a result, her teacher gave her part to another student. Juliet learns not to repeat the action if she wishes to play a significant part in the future plays. Which law of learning describes the outcome?

A. Law of Exercise

✓ B. Law of Effect

C. Law of Motivation

D. Law of Readiness

- Thorndike's Laws of Learning

- Readiness ✓

- Exercise ✓

- Effect ✓

19. Teacher Marissa, a Mathematics teacher, uses classroom drills to make sure her students understand the mathematical formulas better. What Thorndike's Law of Learning is represented in this activity?

- ✓ A. Law of Exercise
- B. Law of Effect
- C. Law of Motivation
- D. Law of Readiness

20. Nicole loves games like scrabble, anagram, and password. What kind of intelligence is strong in Nicole?

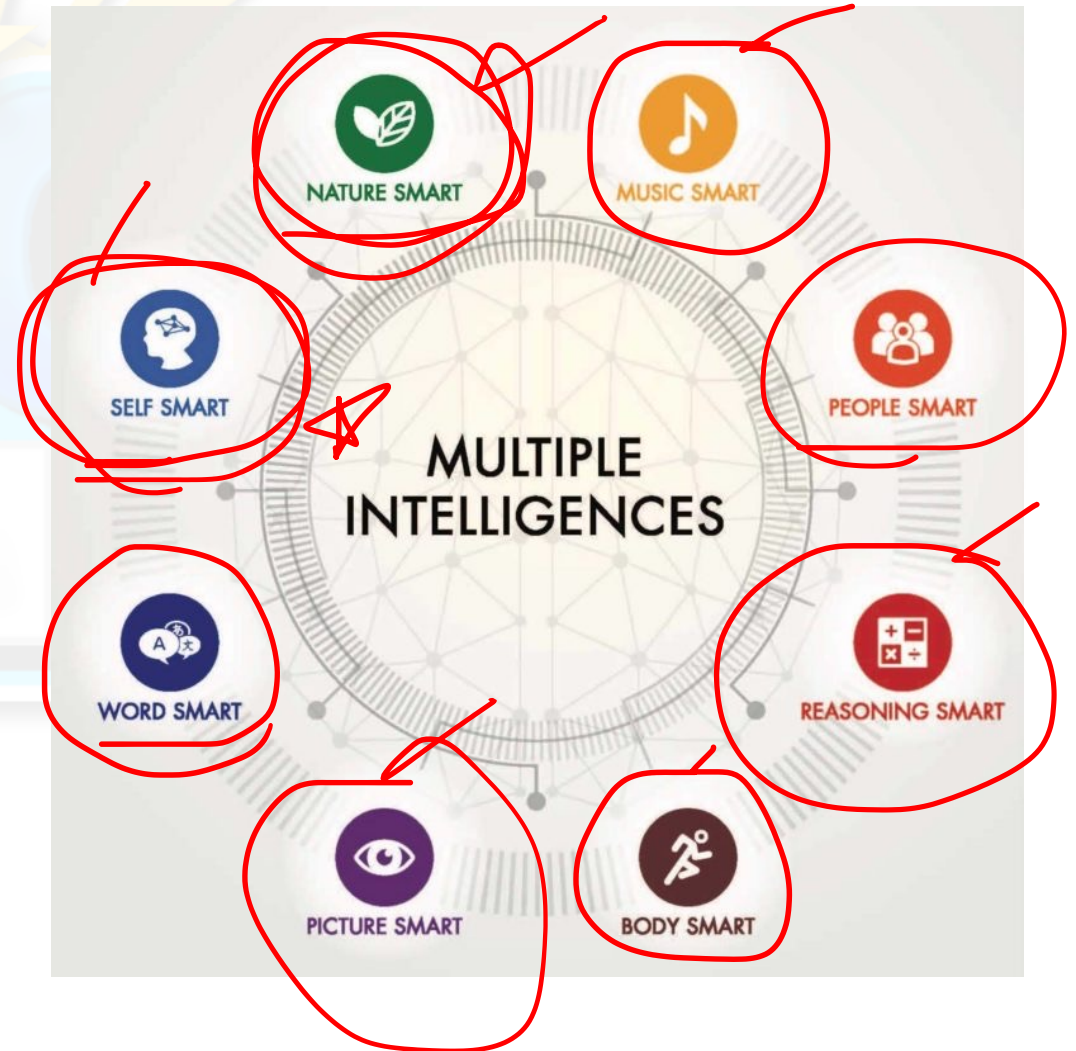

A. Interpersonal

✓ B. Linguistic

C. Kinesthetic

D. Spatial

Howard Gardner

21. Which learning principles is the essence of the
theory of multiple intelligences?

A. Almost all learners are linguistically intelligent

B. Learners have a static IQ

C. Learners have different levels of IQ

✓ D. Intelligence is not measured in a single form

22. It is a type of lesson plan that reflects all activities, teachers' questions and students' expected answers and is usually done by pre-service teacher.

- ✓ A. Detailed lesson plan
- B. Semi-detailed lesson plan
- C. Brief lesson plan
- D. Full length lesson plan

23. You've noticed in your new class that students respond to questions even when they're not called. You've also noticed that they always shout "Ma'am" to get your attention, and laugh every time their classmate makes mistakes in answering questions. What are you going to do to stop this malpractice?

A. Write a letter to parents regarding the misbehavior of their children

B. Don't mind the misbehavior of the students

✓ C. ~~Established~~ the rules for the class to observe

D. Send the pupils who have misbehavior to the guidance counselor

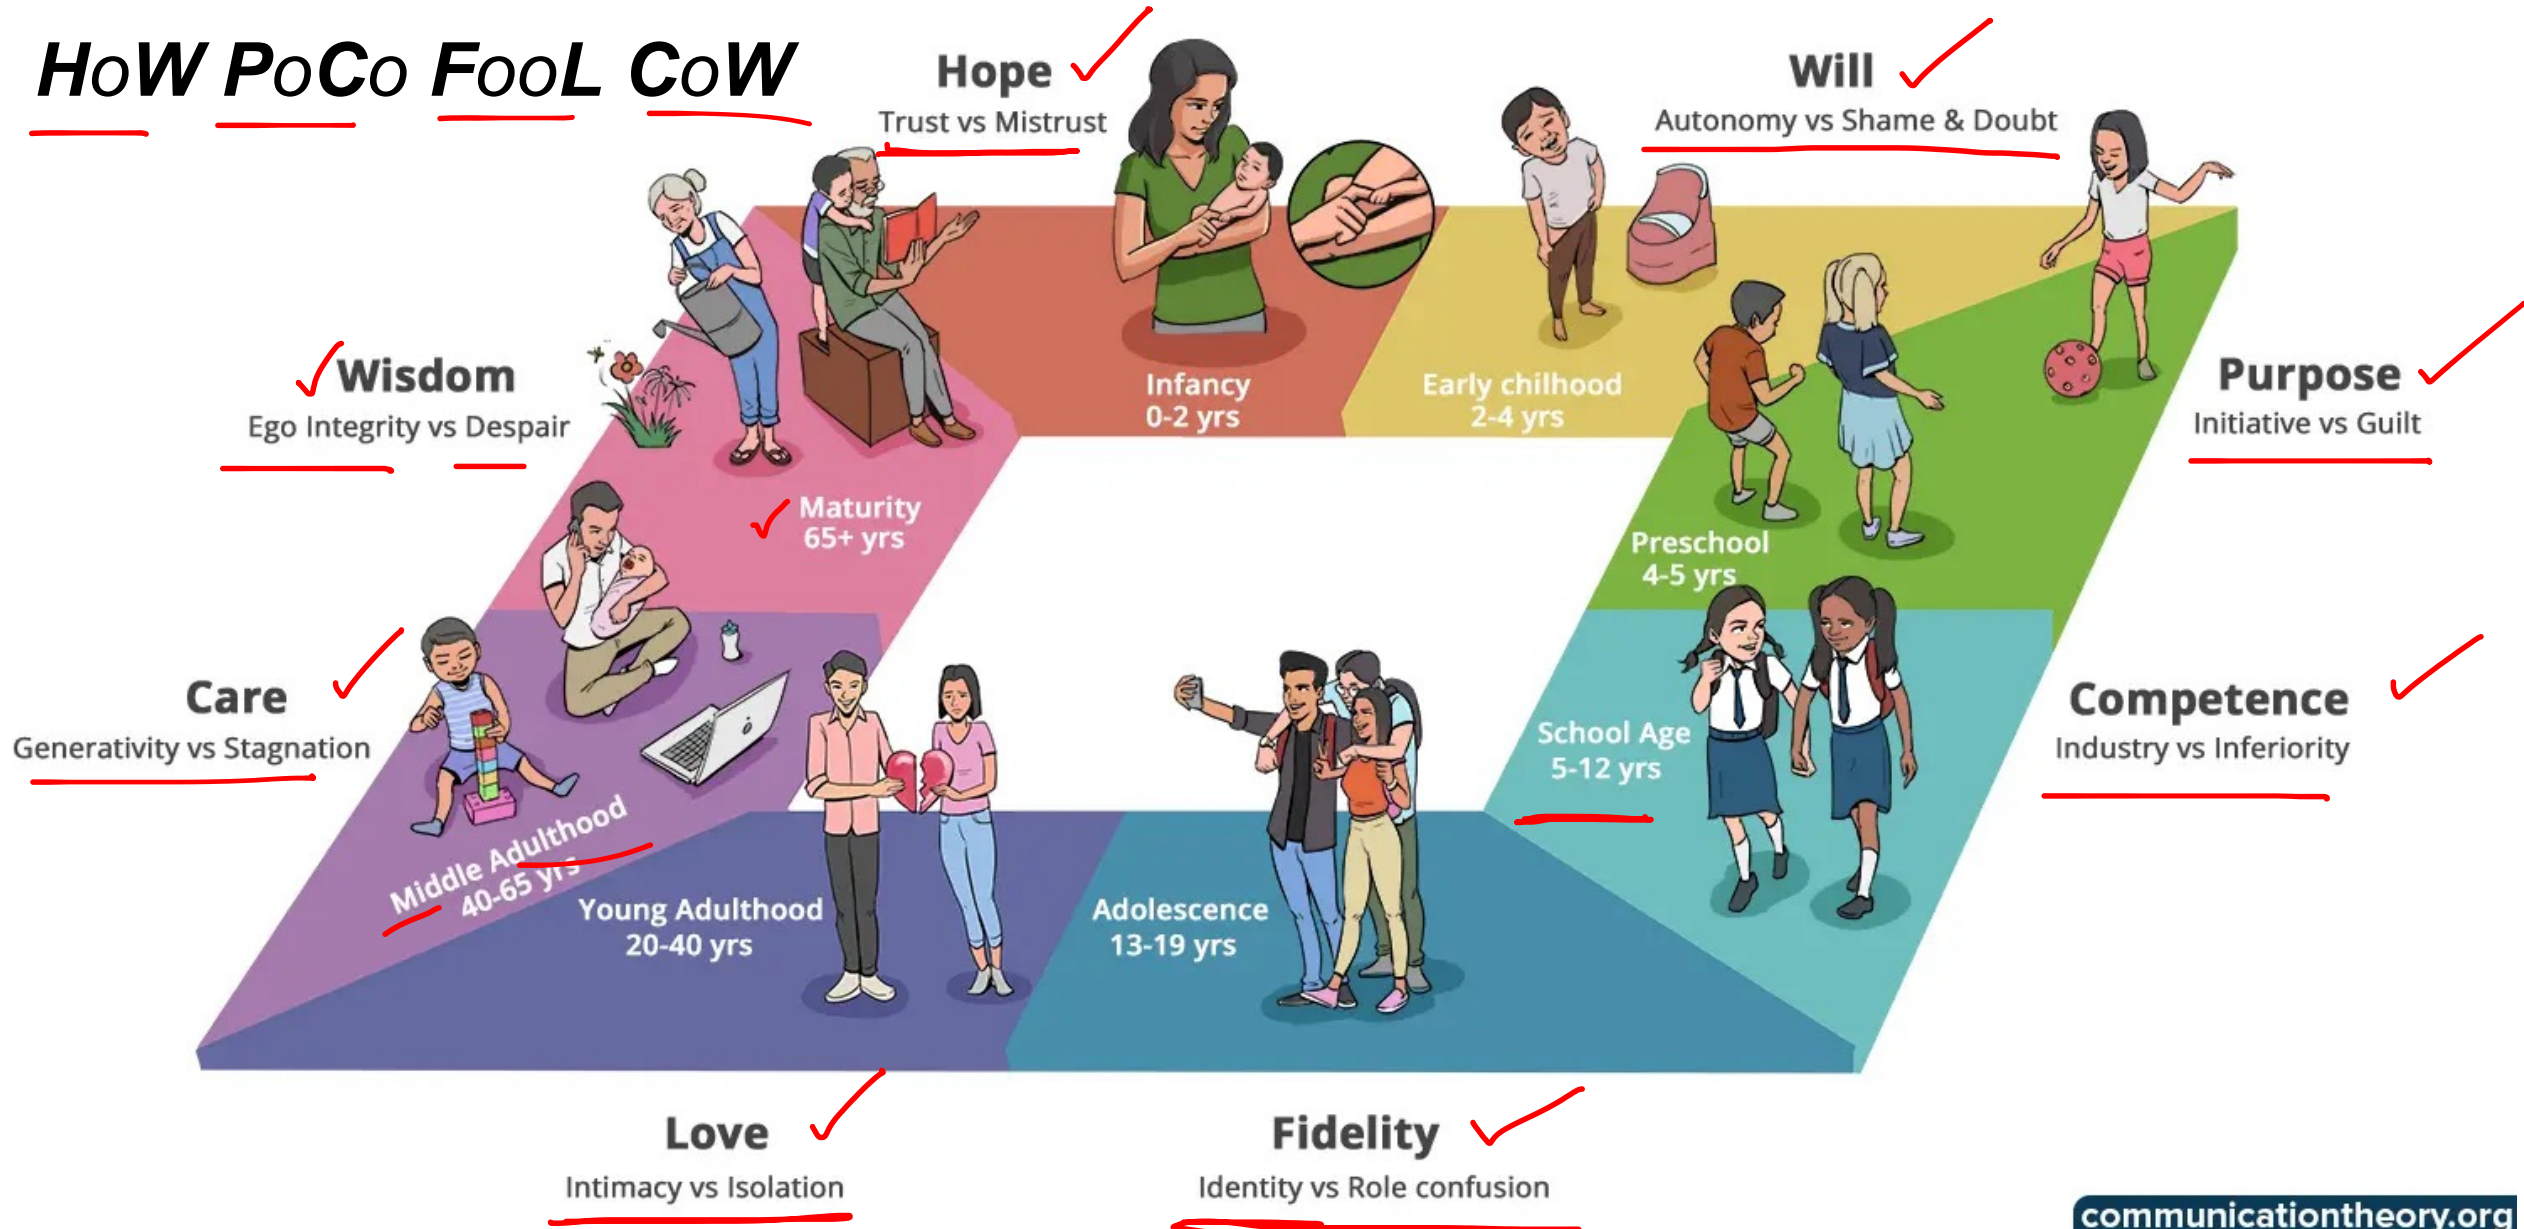

24. What is the main developmental task during adolescence according to Erikson?

- A. Developing trust
- ✓ B. Establishing identity
- C. Gaining autonomy
- D. Generativity ✗

ERIKSON'S STAGES OF PSYCHOSOCIAL DEVELOPMENT

HoW PoCo Fool CoW

25. A teacher notices that a student feels discouraged despite trying hard. This may indicate a conflict in which stage?

- ✓ A. Industry vs. Inferiority ✓
- B. Intimacy vs. Isolation ✓
- C. Initiative vs. Guilt ✓
- D. Integrity vs. Despair ✗

26. What is the positive virtue gained from successfully resolving the Trust vs. Mistrust stage?

- ✓ A. Hope
- B. Love
- C. Will
- D. Purpose

27. Teacher Jessa modifies her lesson for a student with hearing impairment by providing visual aids and written instructions. What domain is evident?

A. Learning Environment

✓ B. Diversity of Learners

C. Curriculum and Planning

D. Assessment and Reporting

28. During class, Teacher Leo ensures that all students feel safe and free to express themselves. What domain is shown?

- ✓ A. Learning Environment
- B. Community Linkages
- C. Curriculum and Planning
- D. Diversity of Learners

29. Which of the following is an example of a performance-based assessment?

A. Use of a scantron answer sheet in chemistry class

B. Written book report in English class

✓ C. Oral presentation in history class

D. A True/False exam in history class

30. An assessment used to evaluate the effectiveness of instruction at the end of a specific course is referred to as a _____ assessment.

A. formative

✓ B. summative

C. scholastic aptitude

D. general aptitude

*Ability to succeed in academic/school
tasks*

*Overall ability or potential in various
areas*

GURONG
PINOY

The logo features the word "GURONG" in a large, bold, blue font with a thick black outline and a slight 3D effect. Below it, the word "PINOY" is written in a white font with a thick black outline and a slight 3D effect. Three yellow five-pointed stars are positioned: one above the "R" in "GURONG", and two others, one above the "I" and one above the "O" in "PINOY". A yellow sunburst graphic with multiple rays is located behind the top of the "R" in "GURONG".
