- **IDEALISM** - Plato (own ideas) nothing exist except in the mind of a man/ what we want the world to be

- **REALISM** - Aristotle; Herbart; Comenius; Pestalozzi; Montessori; Hobbes; Bacon; Locke

- (experience) fully mastery of knowledge

- **BEHAVIORISM** - always guided by standards/by procedure; purpose is to modify the behavior

- **EXISTENTIALISM** - Kierkegaard; Sartre; "Man shapes his being as he lives"

- Focuses on self/individual

- **PRAGMATISM/EXPERIMENTALISM** - William James; John Dewey - learn from experiences through interaction to the environment

- Emphasizes the needs and interests of the children

- **PERENNIALISM** - Robert Hutchins

- focuses on unchanging/universal truths

- **ESSENTIALISM** - William Bagley - teaching the basic/essential knowledge

- Focuses on basic skills and knowledge

- **PROGRESSIVISM** - Dewey/Pestalozzi (process of development)

LET NOTES

- focuses on the whole child and the cultivation of individuality
- **CONSTRUCTIVISM** - Jean Piaget
 - Focused on how humans make meaning in relation to the interaction b/w their experiences and their ideas. Nature of knowledge w/c represents an epistemological stance.
- **SOCIAL RECONSTRUCTIONISM** -George Counts
 - recognized that education was the means of preparing people for creating his new social order
 - highlights social reform as the aim of education

LET NOTES

ASSESSMENT OF LEARNING

TYPES OF CURRICULUM

- **RECOMMENDED CURRICULUM**

- ✓ proposed by scholars and professional organization

- **WRITTEN CURRICULUM**

- ✓ implement/deliver lessons based on a curriculum that appear in school, district or division "documents"

- **TAUGHT CURRICULUM**

- ✓ implemented or delivered planned activities in the classrooms or schools

- **SUPPORTED CURRICULUM**

- ✓ implementation of supported curriculum

- **ASSESSED CURRICULUM**

- ✓ when students take a quiz or the mid-term and final exams

- **LEARNED CURRICULUM**

- ✓ can be achieved through learning objectives (cognitive, affective, & psychomotor domain)

- **HIDDEN CURRICULUM**

- ✓ unintended curriculum (not deliberately planned but may modify behavior or influence learning outcomes)

GOOD CURRICULUMS - complement & cooperate with other programs of the community; in logical sequence; continuously involving; complex of details.

CRITERION IN CONTENT SELECTION

- **VALIDITY**

- ✓ content is true (authenticity) & related (relevance) to the objectives

- **CONTINUITY**

- ✓ concepts be used to recur & be repeated w/ depth for effective learning

- **SIGNIFICANCE**

- ✓ content will contribute the basic ideas, concepts, principles and generalization to achieve the overall aim of the curriculum

- **INTEREST**

- ✓ learner will value the content or subject matter if it is meaningful to him/her

- **LEARNABILITY**

- ✓ appropriateness of the content; subject matter should be within the range of the experience of the learners

- **UTILITY**

- ✓ usefulness of the content or subject matter

LET NOTES

CURRICULUM ASSESSMENT

✓ gather information about what students know and can do

- **PILOT TESTING**

✓ process of gathering empirical data to support whether the material or the curriculum is useful, relevant, reliable & valid

- **MONITORING**

✓ periodic assessment and adjustment during the try out period

- **ACCREDITATION**

✓ voluntary review of the curricular program to determine its status in terms of several ideas that include curriculum & instruction

- **CURRICULUM EVALUATION**

✓ systematic process of judging the value effectiveness and adequacy of a curriculum to attain specified objectives

- **CURRICULUM IMPROVEMENT**

✓ enrich & modify certain aspects of a particular program w/o changing its fundamental conceptions

EDUCATIONAL TECHNOLOGY

✓ upgrading the quality of teaching and learning in school

✓ broadening the delivery of education outside school through nontraditional approaches to normal and informal learning

MODEL OF CURRICULUM (by Ralph Tyler's)

✓ purpose of the school (societal need)

✓ educational experience related to the purpose

✓ organization of the experience

✓ evaluation of the experience

CIPP MODEL (by Stufflebeam)

1. CONTEXT

✓ environment of the curriculum or the real situation where the curriculum is operating

2. INPUT

✓ goals, instructional strategies, the learners, the teachers, the content and all the materials needed in the curriculum

3. PROCESS

ways and means of how the curriculum has been implemented

4. PRODUCT

✓ indicates if the curriculum accomplishes its goal

LET NOTES

ASSESSMENT OF LEARNING

- **TRADITIONAL ASSESSMENT** – ito ay tumutukoy sa paggamit ng pen and paper sa isang objective test.
- **ALTERNATIVE ASSESSMENT** – bukod sa paper-and-pen objective test ay kabilang din sa method na ito ang performance tests, projects, portfolios, journals, at iba pa.
- **AUTHENTIC ASSESSMENT** – ito ay tumutukoy sa paggamit ng isang assessment method na may kaugnayan sa totoong sitwasyon ng buhay.

PURPOSES OF CLASSROOM ASSESSMENT

- **ASSESSMENT FOR LEARNING** – isinasagawa before and during instruction.
 - ∞ **Placement Assessment** – isinasagawa bago ang pagtuturo
 - = pag-assess sa needs ng mga estudyante
 - = upang ilagay ang isang mag-aaral kung aling grupo siya nabibilang na ayon sa kanyang learning style.
 - ∞ **Formative Assessment** – isinasagawa habang nagtuturo
 - = patuloy na sinusubaybayan ng guro ang antas ng kakayahan ng mga stuyante sa mga learning objectives.
 - = upang malaman ang lakas at kahinaan ng mga bata sa pag-aaral.
 - ∞ **Diagnostic Assessment** – isinasagawa during instruction.
 - = ginagamit ito upang matukoy kung saan bang area ng aralin sila nahihirapan.
- **ASSESSMENT OF LEARNING** – isinasagawa pagkatapos ng instruction. Ito'y karaniwang tinutukoy bilang **SUMMATIVE ASSESSMENT**.
 - = ginagamit upang patunayan kung anu ang alam at magagawa ng mga estudyante.
- **ASSESSMENT AS LEARNING** – ginagawa ito para sa mga guro na maunawaan at maayos ang kanilang papel na ginagampanan sa pag-assess ng learning.

PRINCIPLES OF HIGH QUALITY CLASSROOM ASSESSMENT

- **CLARITY AND APPROPRIATENESS OF LEARNING TARGET** – ang learning target ay na dapat na malinaw na nakasaad, tiyak, at sentro sa kung ano ang tunay na mahalaga.
- **APPROPRIATENESS OF METHODS** – ang learning target ay sinusukat sa pamamagitan ng naaangkop na assessment methods. (Mode Assessment: Traditional, Performance, and Portfolio).
- **BALANCE** – nagtatakda ng mga target sa lahat ng domain of learning; gumagamit ng pareho ng traditional at alternative assessments.
- **VALIDITY** – sinusukat kung ano ang ninanais na sukatin; Ay tumutukoy sa pagiging kapaki-pakinabang ng instrument para sa isang naibigay na layunin.
- **RELIABILITY** – tumutukoy sa pagkakapare-pareho ng mga marka na nakuha ng parehong tao kapag nag-retest gamit ang pareho o katumbas na instrumento.
- **FAIRNESS** – ay nagbibigay sa lahat ng mga mag-aaral ng isang oportunidad upang ipakita ang kanilang mga achievements.

LET NOTES

▪ **PRACTICALITY AND EFFECIENCY** – ang impormasyon na nakuha ay dapat na nagkakahalaga ng mga mapagkukunan at oras na kinakailangan upang makuha ito.

▪ **CONTINUITY** – ang assessment ay magaganap sa lahat ng mga yugto ng pagtuturo. Maaaring gawin ito bago, habang at pagkatapos ng pagtuturo.

▪ **AUTHENTICITY** – makabuluhang Gawain sa pagganap; Malinaw na pamantayan; Mga dekalidad na produkto at pagganap; Positibong pakikipag-ugnayan sa pagitan ng assessee at assessor; Pagbibigay diin sa metacognition at self-evaluation; Pagbabahagi ng kaalaman.

▪ **COMMUNICATION** – ang assessment targets at standards ay dapat na ipaalam; Ang resulta ay dapat na ipaalam sa mga mag-aaral sa pamamagitan ng direktang pakikipag-ugnayan o regular na pagbibigay ng feedback sa kanilang progress.

▪ **POSITIVE CONSEQUENCES**

= **Positive consequences to student**: nag-uudyok sa kanila na matuto.

= **Positive consequences to teacher**: nakakatulong sa pagpapabuti ng pagiging epektibo ng kanilang pagtuturo.

▪ **ETHICS** – ang mga guro ay dapat na palayain ang mga mag-aaral mula sa kahihyan at paglabag sa karapatan ng mga estudyante o iba pang nakakapinsalang kahihinatnan; Ang mga guro ay dapat na magabayan ng mga batas at patakaran na nakakaapekto sa kanilang pagtatasa (assessment) sa silid aralan;

● **PERFORMANCE BASED ASSESSMENT** – ay isang proseso ng pagtitipon ng impormasyon tungkol sa pag-aaral ng mag-aaral sa pamamagitan ng aktwal na pagpapakita ng mga mahahalaga at kapansin-pansin na mga kasanayan at paglikha ng mga produkto na pinagbabatayan sa mga realidad na konteksto sa mundo.

● **PORTFOLIO ASSESSMENT** – ito ay purposeful, ongoing, dynamic, at collaborative na proseso ng pagtitipon ng maraming mga indicators ng growth at development ng mga estudyante.

= **Working Portfolio** – mga koleksyon sa araw-araw na Gawain ng mga estudyante.

= **Show-case Portfolio** – koleksyon ng mga pinakamagandang mga gawa o projects ng mga mag-aaral.

= **Documentary Portfolio** – kombinasyon ng working at show-case portfolio.

● **RUBRIC** – ay isang measuring instrument na ginagamit sa pag-rate ng isang performance-based task.

= **Checklist** – nagtatanghal at sinusunod ang mga katangian ng isang kanais-nais na pagganap o produkto.

= **Rating scale** – sinusukat ang antas ng kalidad ng gawa o pagganap.

TYPES OF RUBRICS

▪ **Holistic Rubric** – inilalarawan nito ang pangkalahatang kalidad ng pagganap o produkto.

▪ **Analytic Rubric** – inilalarawan nito ang detalyadong katangian o kalidad ng isang pagganap o produkto.

LET NOTES

CURRICULUM DEVELOPMENT

✓ Process of selecting, organizing, executing & evaluating the learning experience for the possibilities of improving the teaching learning situation.

PHASES OF CURRICULUM DEVELOPMENT

• PLANNING

considers:

- ✓ needs of the learners
- ✓ achievable goals & objectives
- ✓ selection of the content to be taught
- ✓ motivation to carry out the goals
- ✓ strategies most fit to carry out the goals
- ✓ process to measure learning outcomes

• ORGANIZATION

✓ involves decisions, among other things, on grade placement & sequencing of content

• IMPLEMENTATION

✓ requires the teacher to implement what has been planned

• EVALUATION

✓ a match of the objectives with the learning outcomes will be made

CURRICULUM DESIGN

• SUBJECT CENTERED DESIGN

- ✓ educators provide the subject matter
- ✓ easy to deliver for complementary books & materials are commercially available

• LEARNER CENTERED DESIGN

✓ takes each individual's needs, interests, and goals into consideration

• PROBLEM CENTERED DESIGN

✓ draws on social problems, needs, interest & abilities of the learners

BACKWARD DESIGN (Based curriculum)

Stage 1: Identifying Results/Desired Outcomes

- ✓ Content/Performance standard
- ✓ Essential understanding
- ✓ Objectives-KSA
- ✓ Essential Question

Stage 2: Defining Acceptable Evidence/Assessment

- ✓ Assessment-Product
- ✓ Performance
- ✓ Assessment criteria/tools
- ✓ Six facets of understanding (e.i. a.p.e.s)
 1. Explain
 2. Interpret

LET NOTES

3. Apply
4. Perspective
5. Empathy
6. Self-knowledge

Stage 3: Learning Plan/Instruction

- ✓ Explore
- ✓ Firm up
- ✓ Deepen
- ✓ Transfer

K-12 CURRICULUM (Enhanced Basic Education Curriculum)

1. Universal Kindergarten
2. Contextualization & Enhancement
3. Spiral Progression
4. Mother Tongue-Based Multilingual Education
5. Senior High School
6. College and Livelihood Readiness, 21st Century Skills

MOTHER TONGUE

- ✓ a medium of instruction from pre-school to grade 3

EVERY CHILD A READER

- ✓ by the end of SY, every child passing preschool must be reader by grade 1

SUBJECT CENTERED CURRICULUM

1. SEPARATE SUBJECT DESIGN

- ✓ subject related to another subject but not integrated to put emphasis on that certain area

e.g. Values Education in HS

2. CORRELATION DESIGN

- ✓ subjects are related to one another but each subject maintains its identity

e.g. Science & its related concepts in Math

3. DISCIPLINE DESIGN

- ✓ focus on specific discipline which the scholars used to study as specific content of their field

e.g. English & Social Studies through History

4. BROAD FIELD DESIGN (interdisciplinary)

- ✓ integration of contents that are related to each other to comprise in subject area

e.g. geography + civics + culture + history = Social Studies

5. PROCESS

- ✓ general & not specific to any particular discipline but applicable to all

LET NOTES

LEARNER CENTERED DESIGN

1. CHILD CENTERED DESIGN

✓ curriculum is anchored on the anticipated needs and interest of child

2. EXPERIENCE CENTERED DESIGN

✓ integration of habits & skills in learning the knowledge components of subject areas

✓ immediate felt interest & needs of learners

3. RADICAL DESIGN (Romantic)

✓ students need to gain awareness, competencies, & attitude to enable them to take control of their lives

✓ draws upon the ideas of critical theorists

4. HUMANISTIC DESIGN

✓ the development of the self is the ultimate objective of learning (the process of becoming)

✓ attributed to Abraham Maslow & Carl Rogers

CURRICULUM APPROACHES

• MANAGERIAL APPROACH

✓ school principal is the curriculum leader and at the same time instructional leader

• SYSTEMS APPROACH

✓ organizational chart of the school shows the line staff relationships of personnel and how decision is made

• BEHAVIORAL APPROACH

✓ change in behavior indicates the measure of the accomplishment

• HUMANISTIC APPROACH

✓ learner is the center of the curriculum

✓ total development of the individual is the prime consideration

• GRASSROOTS APPROACH (by Hilda Taba)

✓ teachers who teach or implement the curriculum should participate in developing it

PROBLEM CENTERED CUREICULUM

1. LIFE SITUATION DESIGN

✓ connection of subject to real situation increases the relevance of the curriculum

✓ deals w/ life situation of health, worthy home membership, vocation, citizenship, leisure, ethical character (problem solving is heavily emphasize)

2. CORE DESIGN

✓ centered on general education & is based on problems arising out of common human activities

✓ curriculum is carefully planned before the students arrive (adjustments can be made)

3. RECONSTRUCTIONIST DESIGN

✓ engages the learner in a critical analysis of the local, national & international community

LET NOTES

✓ gives attention to political practices of business & government groups & their impact on the economic realities of the workforce

COMPONENTS OF CURRICULUM DESIGN

• OBJECTIVES

✓ bases for the selection of content and learning experience

• LEARNING EXPERIENCE

✓ set the criteria against which learning outcomes will be evaluated

✓ instructional strategies and methods

• CONTENT/SUBJECT MATTER

✓ frequently and commonly used in daily life

✓ suited to the maturity levels and abilities of students

✓ valuable in meeting the needs and the competences of a future career

✓ compendium of facts, concepts, generalization, principles & theories

• EVALUATION APPROACHES

✓ methods and instruments to be used to assess the results of curriculum (quality, effectiveness or value of the program, process and product)

DESIGN ELEMENTS IN CURRICULUM

• SCOPE (Coverage)

✓ all the content, topics, learning experiences, & organizing threads comprising educational plan (units, sub-units, chapters, sub-chapters)

✓ broad, limited, simple, general, etc.

• SEQUENCE (Order)

✓ vertical relationships among elements to provide continuous & cumulative learning

✓ hierarchical manner of arrangement for content & experience; cognitive, affective & psychomotor domain for developmental patterns of growth

• ARTICULATION (Connectivity)

✓ establishes the vertical "linkage" from level to level, course to course to avoid glaring gaps & wasteful overlaps

✓ explains connectivity of learning that create seamless learning

• CONTINUITY (Spiral)

✓ vertical repetition & recurring appearances of the content (basic to most difficult)

✓ strengthen the permanency of learning & development of skills

• BALANCE

✓ equitable assignment of content, time, experiences and other elements

✓ content should be fairly distributed in depth & breadth of a particular discipline/learning area

• INTEGRATION

✓ organization is drawn from the world themes from real life concerns

LET NOTES

SABERTOOTH CURRICULUM - responsive to the environment

SPIRALLED CURRICULUM - increasing level of difficulty

CURRICULUM - planning, design, development, implement, evaluation, engineering

CURRICULUM PLANNING - aligned to mission, vision, goals

TYPES OF LESSON:

- development lesson
- review lesson
- drill lesson
- appreciation lesson

ENCULTURATION TYPOLOGIES

- pre-figurative
- post figurative
- co figurative

ACCULTURATION TYPOLOGIES

- adopted change
- free borrowing

SOCIETAL TRENDS - Alvin Teoffer

- explosion
- implosion
- technoplosion
- dysplosion

PREFIGURATIVE - learn older generation

POST FIGURATIVE - learn younger generation

CO FIGURATIVE - learn same age

ADOPTED CHANGE - acculturation that is imposed

EXPLOSION - influx of people from rural to urban

INPLOSION - influx of information

TECHNOPLOSION - influx of ICT tools and gadgets

DYSPLOSION - deterioration of human values

KNOWLEDGE FOR PRACTICE – malaman | teacher preparation

KNOWLEDGE IN PRACTICE – maranasan | artistry of practice

KNOWLEDGE OF PRACTICE – maunawaan | systematic inquiries about teaching

CURRICULUM DEVELOPMENT - decision making

TYPES OF KNOWLEDGE

- content knowledge
- pedagogical knowledge
- technological knowledge
- context knowledge

LEE S. SHULMANS - PCK model

ELEMENT OF TIMELINESS – classic | transcends through generation

ELEMENT OF TIMELESSNESS - can withstand the test of time

LET NOTES

TOTAL DEVELOPMENT

- beginner survival
- content survival
- mastery survival

TYPES OF ENVIRONMENT

- social
- economic
- cultural
- political
- technological
- ethical moral

J. ABNER PEDDWELL (1939) - Sabretooth Curriculum

4 DOMAINS

1. planning and preparation
2. classroom environment
3. instruction
4. professional response

TRIVIUM - rhetoric (speech) | grammar (English) | logic

QUADRIVIUM – arithmetic | geometry | music | astronomy

ARITHMETIC - number itself

GEOMETRY - number in space

MUSIC - number in time

ASTRONOMY - number in time and space

HERACLITUS - one cannot bathe in the same river twice

CURRICULUM - sum total of all the experiences provided by the school to students for optimum growth and development

HARD SKILLS - what do you want the students to learn?

SOFT SKILLS - why do you want them to learn it?

THEORY OF APPERCEPTION - familiar to unfamiliar

EDUCATIONAL DELIVERY SYSTEM

- instruction
- research & extension library
- communication school guidance
- physical facilities canteen
- curriculum

SERVICE LEARNING - teaching method that combines meaningful service to the community with curriculum based learning and education in action

CLOZE TEST/ PROCEDURE - every 5th or 7th word is omitted

ARBORESCENT - growth is vertical

RHIZOMATIC - growth is horizontal

PROGRESSIVE LEARNING - in order

RETROGRESSIVE LEARNING - reverse order

ROTE LEARNING - not progressive or retro

LET NOTES

5 MAJOR CLUSTERS OF STRATEGIES

- **DIRECT INSTRUCTION** - developing skills or providing information
- **INDIRECT INSTRUCTION** – involvement
- **EXPERIENTIAL LEARNING** - process not product
- **INDEPENDENT STUDY** - student initiative
- **INTERACTIVE INSTRUCTION** - social skills

PHILIPS 66 - students group by 6 | 6mins time

MUSIC TYPOLOGIES

- **STORY MUSIC** - tells a story
- **PROGRAM MUSIC** - describes
- **PURE OR ABSOLUTE MUSIC** - doesn't tell or describe
- **GESSELLSCHAFTLICH** – market | perspective of schooling | (efficiency, productivity, competition)
- **GEMEINSCHAFT** – community | cultural relationship

TECHNOLOGICAL FORCES OF CHANGE

- acceleration- mabilis
- novelty – new
- diversity

MAX SCELLER - state of valuelessness | anomie

EDUCATION TYPOLOGIES

- formal
- non formal- alternative learning system
- informal - hidden curriculum

STRATIFICATION - divided grouping

PRIMARY GROUP – family |face to face | intimate and personal

SECONDARY GROUP – impersonal | business like | casual

IN GROUP – solidarity | camaraderie | sympathetic attitude

OUT GROUP – indifference | avoidance | hatred

PEER GROUP - same age | social and economic status including interest

CLIQUE - different age | same interest

INDIVIDUAL BENEFITS

- knowledge
- skills
- values

SOCIETAL BENEFITS

- social
- economic
- cultural
- technological
- political
- ethical moral

SOCIOLOGICAL FOUNDATION OF CURRICULUM - belief will determine the practice

LET NOTES

CHARACTERS OF CULTURE

- **diverse** - environment
- **gratifying** – needs based
- **learned** - instruction
- **adaptive** – borrowed, imposed and invented
- **social** - contact
- **transmitted** – language

HOW IS CULTURE LEARNED

- **enculturation** – learning own culture
- **acculturation** – Knowing the culture of other people
- **inculturation** – adapt the culture of other people

ENCULTURATION

- process of handing down of culture from one generation to the succeeding one

ACCULTURATION

- process of passing culture from one who knows to somebody who does not know.

CULTURE

- the shared products of human learning

Elements of Culture

1. LANGUAGE

- an abstract system of words, meanings and symbols for all aspects of culture

2. NORMS

- standard of behaviors maintained by a society

3. SANCTIONS

- penalties or rewards for conducting concerning social norms

4. VALUES

- used to evaluate the behavior of others

5. CHANGE

- adjustment of persons or group to achieve relative harmony

Characteristics of Culture

1. Transferable
2. Shared
3. Adaptive
4. Continuous
5. Learned
6. Universal
7. Dynamic
8. Symbolic
9. Borrowed

Forms of Change

1. **Cultural Change** - refers to all alteration affection new trait or trait complexes to change
2. **Technological Change** - revision that occurs in man's application of his technical knowledge and skills as he adopts himself to environment
3. **Social Change** - refers to the variation or modification in the patterns of social organizations, of such groups within a society or the entire society

LET NOTES

SOCIOLOGY

- study of patterns of human behavior

SOCIETY

- group of organized individuals

GROUPS

- unit of interacting personalities

SOCIALIZATION

- refers to the adapting or conforming to the common needs and interests of a social group

SOCIAL PROCESS

- patterned and recurrent form of competition, conflict, cooperation, accommodation, assimilation and acculturation

SOCIAL STRATIFICATION

-classification of people based on their socio-economic strata

SOCIAL STABILITY

-refers to movement of individuals/groups from one position of a society's stratification to another

Types of Social Mobility

1. **Horizontal** - movement of a person from one social position to another of the same rank
2. **Vertical** - movement of a person from one social to another of different rank
3. **Intergenerational** - involves changes in the social position of children relative to their parents
4. **Intergenerational** - involves change in person's social position within her/his adult life

SOCIAL INEQUALITY

- a condition in which members of the society have different amounts of wealth, prestige and power

STATUS

- positioned assigned by a person in a group

GENERAL SCIENCE

CELL ORGANELLES AND THEIR FONDLY NAMES

NUCLEUS - brain of the cells

ENDOPLASMIC RETICULUM - transporter

RIBOSOMES - site of protein synthesis

CHLOROPLAST - site of photosynthesis

VACUOLE - garbage bin (storage)

LYSOSOMES - garbage collectors

NUCLEOLUS - site of ribosomal synthesis

CELL MEMBRANE - the guards of the cell

CYTOPLASM - gel- like structure

GOLGI APPARATUS - packaging site of the cell

CELL WALL - plant cell protector

MITOCHONDRIA - powerhouse of the cell
