Prayer Before Class Starts

*We thank you for this new day, Lord.
Help us to embrace all that it may hold for us.
To hear the birdsong, and have new melodies in our hearts.
To see the sunrise and create beauty with our hands.
To touch the leaves that grow afresh,
And allow your love to touch our hearts.
To smell the fragrance of the flowers
And breathe in the wonder of your creation.
To dwell on the beauty of our world,
And study and fathom your miracles.
To enjoy the conversations we have and the lessons we go to,
May we drink in all the goodness you have for us.*

answer choices

- ☐ A. Father Mariano Gomez
- ☒ B. Father Jose Burgos
- ☐ C. Father Jacinto Zamora
- ☐ D. Father Mariano Zamora

- The general demand for reform at the time had its religious as well as its political aspects, and under the leadership of Father Burgos, the native clergy began to insist on their just rights and to demand that duly trained secular priests (priests who do not belong to the religious orders), most of whom were natives and who were discriminated against by the religious authorities, be again permitted to hold parishes, a right they had once enjoyed but which had been withdrawn.
- Father Gomez, a venerable old man in his eighties, was the first to be garroted. He was followed by Father Zamora, not yet in his forties. Then came Father Burgos, the youngest, only thirty-five, and most distinguished of the three. As his guilt was considered the gravest, he was executed last.
- In his prison cell in Fort Santiago, shortly before his execution, he wrote the following message (translated from Spanish) to the youth of the land:
- *"Get educated. Use the schools of our country for as much as they can give. Learn from our older men what they know. Then go abroad. If you can do no better, study in Spain, but preferably study in freer countries. Read what foreigners have written about the Philippines for their writings have not been censored. See in the museums of other lands what the ancient Filipinos really were. Be a Filipino always, but an educated Filipino. Heretofore we have had thinkers among us but their thoughts have died with them. Such progress as has been made has been individual and not of the country. I have tried to pass on to you what I received from my teachers. Do you now do the same for those who come after you."*
