GENERAL EDUCATION

Prayer Before Class Starts

*We thank you for this new day, Lord.
Help us to embrace all that it may hold for us.
To hear the birdsong, and have new melodies in our hearts.
To see the sunrise and create beauty with our hands.
To touch the leaves that grow afresh,
And allow your love to touch our hearts.
To smell the fragrance of the flowers
And breathe in the wonder of your creation.
To dwell on the beauty of our world,
And study and fathom your miracles.
To enjoy the conversations we have and the lessons we go to,
May we drink in all the goodness you have for us.*

GENERAL EDUCATION

☒ 76. Multiple-choice

Q. The congress of the Philippines is the national legislature that is bicameral in nature. Its known characteristics are as follows EXCEPT ONE

answer choices

- ☐ A. The Senate is composed of 24 senators in which half are elected every six years.
- ☒ B. The House of Representatives do not represent sectoral groups
- ☐ C. The Senators do not represent any geographical district
- ☐ D. There are more than 250 House of Representative members

- *A party-list system can help create a healthy democracy, providing a citizens' voice in Congress and in local government. The Philippine party-list system aims to increase the representation, particularly of "marginalized and underrepresented" sectors and enhance transparency and accountability, leading to more efficient government. Twenty percent of the 260 seats in the House of Representatives are reserved for party-list. Every 2% of total party-list votes cast gets a seat in the House, with each party allowed only a maximum of three seats.*
- *The party-list system is based on Republic Act 7941.*

☒ 77. Multiple-choice

Q. This refers to an art produced at the present period of time that reflects the current by utilizing classical techniques in drawing, painting and sculpting.

answer choices

- ☐ A. Contemporary-Modern Art

- ☐ D. Korea

☒ 81. Multiple-choice

Q. Of the following statements listed below, which is a part of the scientific method that will provide information to support predictions?

answer choices

- ☒ A. Perform experiment with a controlled set up
- ☐ B. Refer to internet for the possible answer
- ☐ C. Formulate scientific guess
- ☐ D. Interview resource persons in order to collect possible data

☒ 82. Multiple-choice

Q. Which of the following is used in classifying plants based on phylogenetics?

answer choices

- ☐ A. Chemical Composition
- ☐ B. Structural Similarities
- ☐ C. Physiological Traits
- ☒ D. Evolutionary Sequence

Phylogenetics -study of the evolutionary history and relationships among individuals or groups of organisms

83. Multiple-choice

Q. The Father of Modern Taxonomy and was responsible for classifying man as Homo sapiens is

answer choices

A. Aristotle - *Science*

B. Gregor Mendel - *Genetics*

C. Carl Linnaeus

D. Charles Darwin - *Evolution*

	HUMAN	OSTRICH
DOMAIN	Eukarya	Eukarya
KINGDOM	Animalia	Animalia
PHYLUM	Chordata	Chordata
CLASS	Mammalia	Aves
ORDER	Primate	Struthioniformes
FAMILY	Hominidae	Struthionidae
GENUS	<i>Homo</i>	<i>Struthio</i>
SPECIES	<i>sapien</i>	<i>camelus</i>

☒ 84. Multiple-choice

Q. The thin structure used by amoeba for its movement, changing its shape and food-getting is called

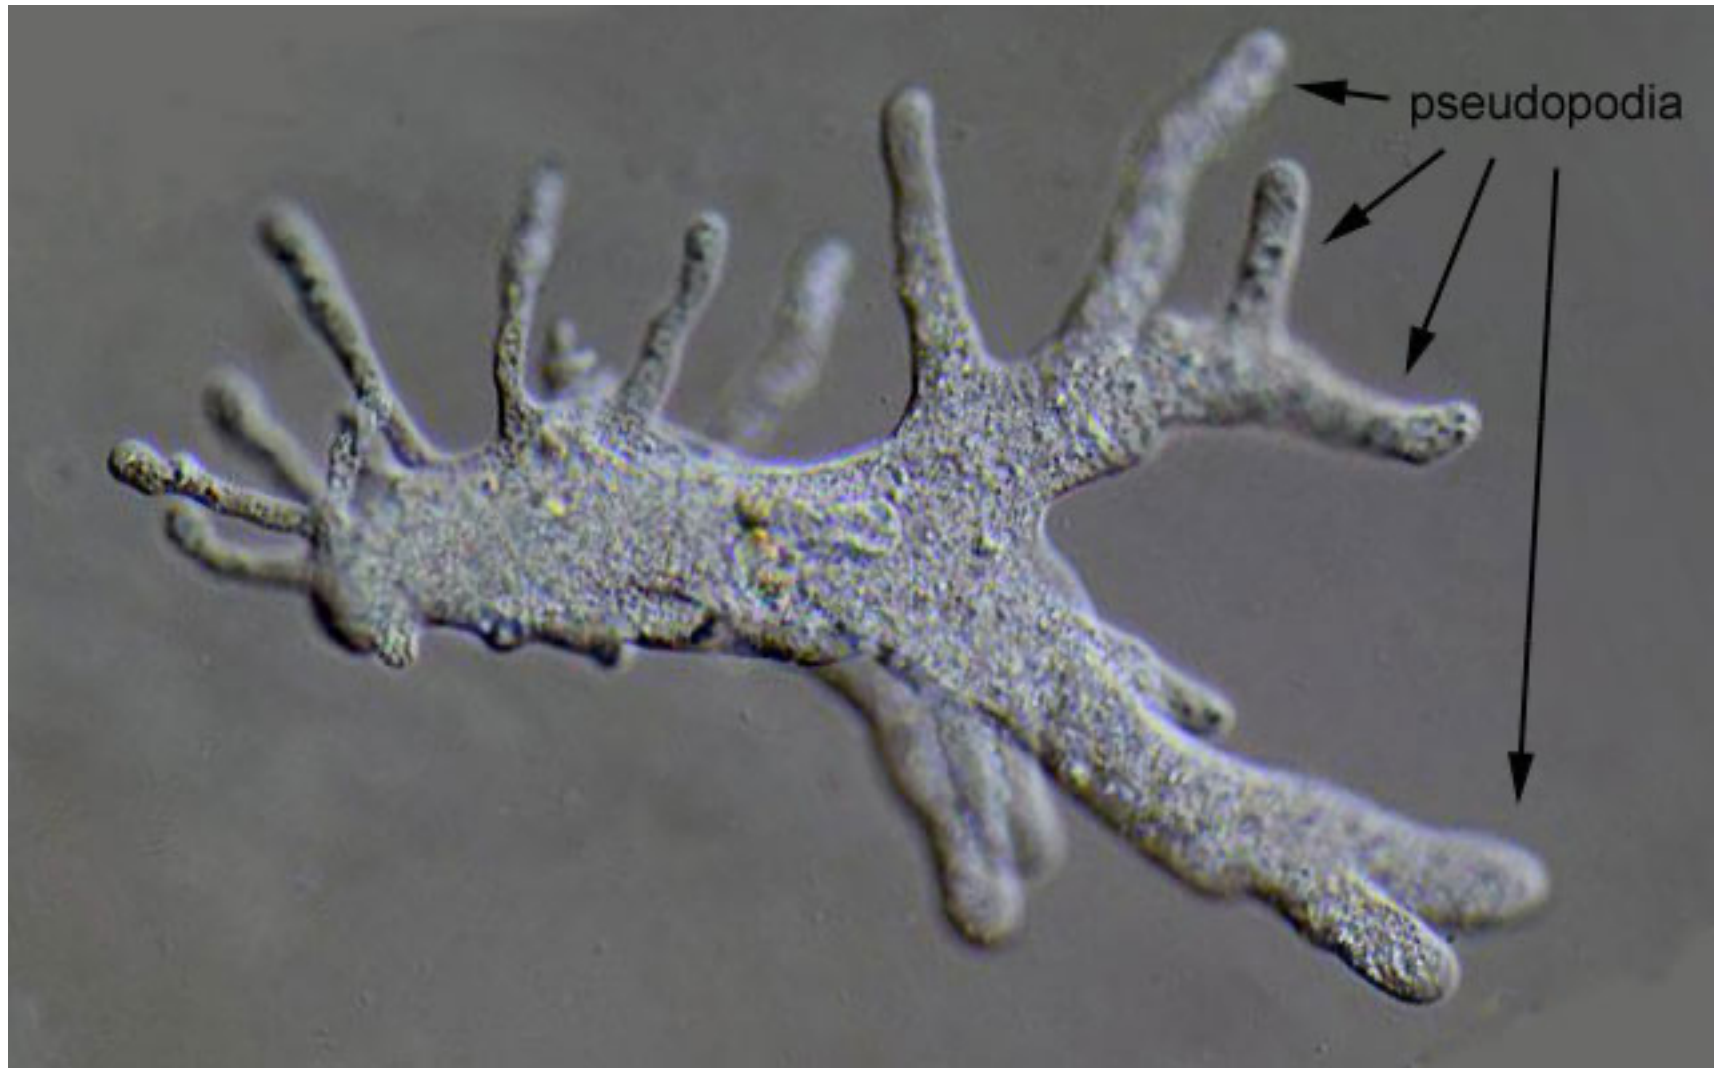

answer choices

☐ A. Myosin Filaments

☐ B. Monofilaments

☒ C. Pseudofilaments

☐ D. Microfilaments

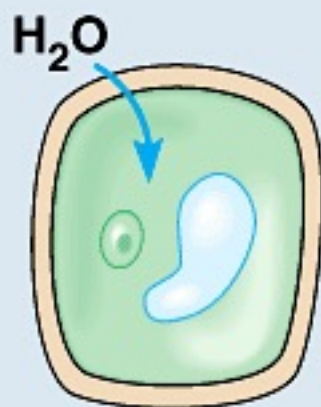

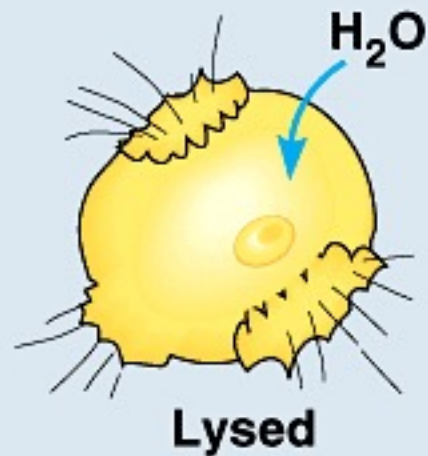

☒ 85. Multiple-choice

Q. What do you think will happen when a plant cell is placed in a hypotonic solution?

answer choices

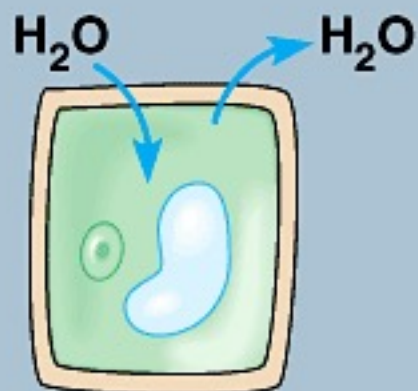

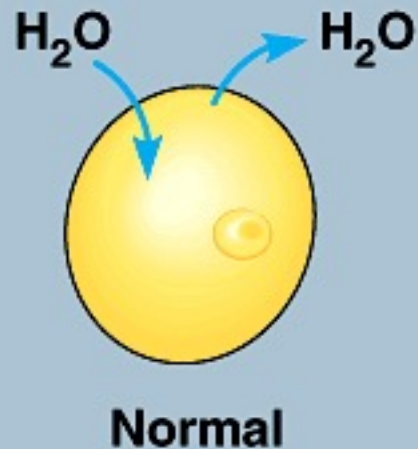

- ☐ A. The plant cell will shrink
- ☒ B. The plant cell will swell
- ☐ C. The plant cell will rupture
- ☐ D. The plant cell will remain as is

Hypotonic solution

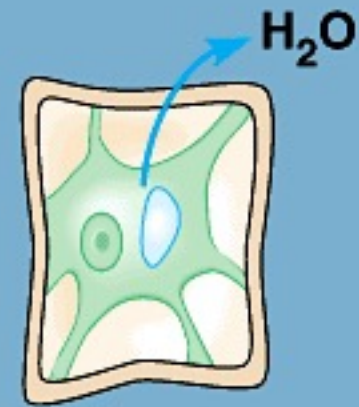

Turgid (normal)

Isotonic solution

Flaccid

Hypertonic solution

Plasmolyzed

Animal cell

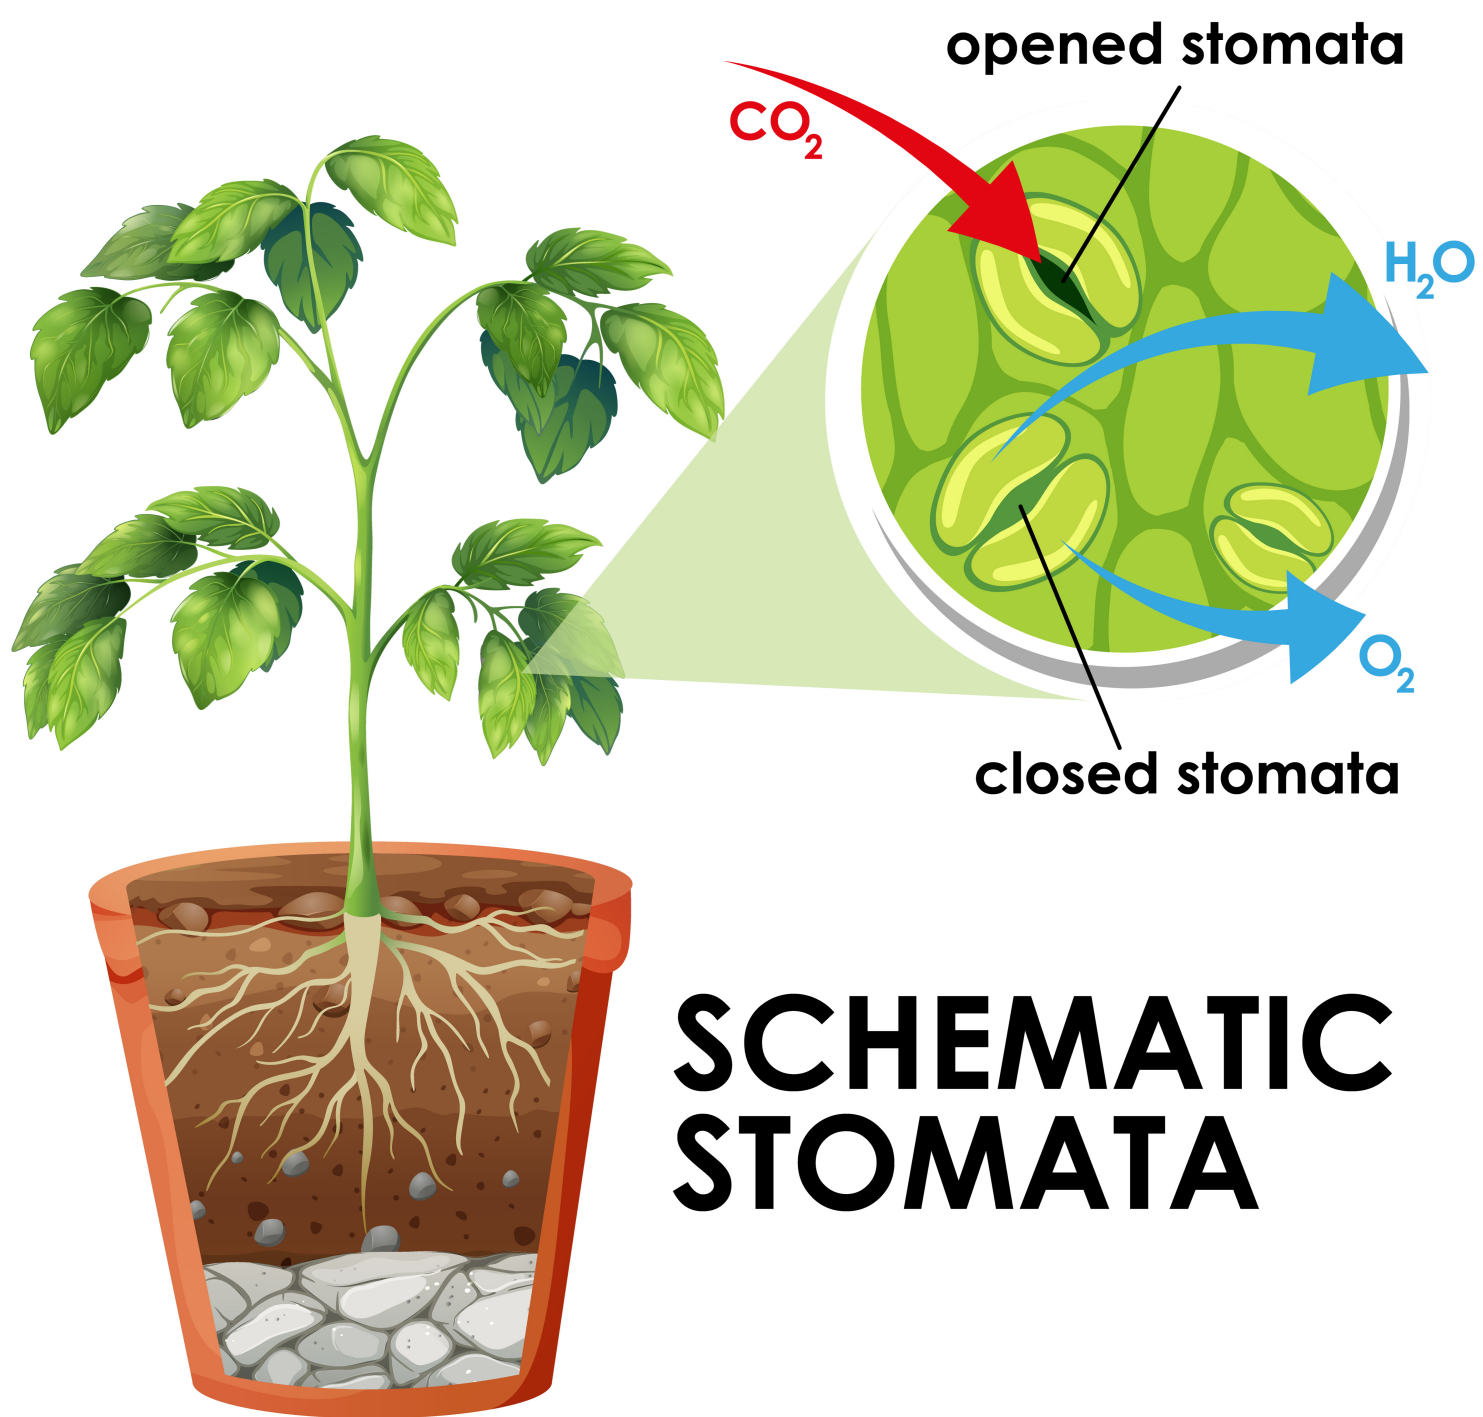

Plant cell

☒ 86. Multiple-choice

Q. The openings underneath the leaves that serve as the breathing organ of the plants are called _____.

answer choices

- ☐ A. Cells
- ☒ B. Stomata
- ☐ C. Nucleus
- ☐ D. Xylem

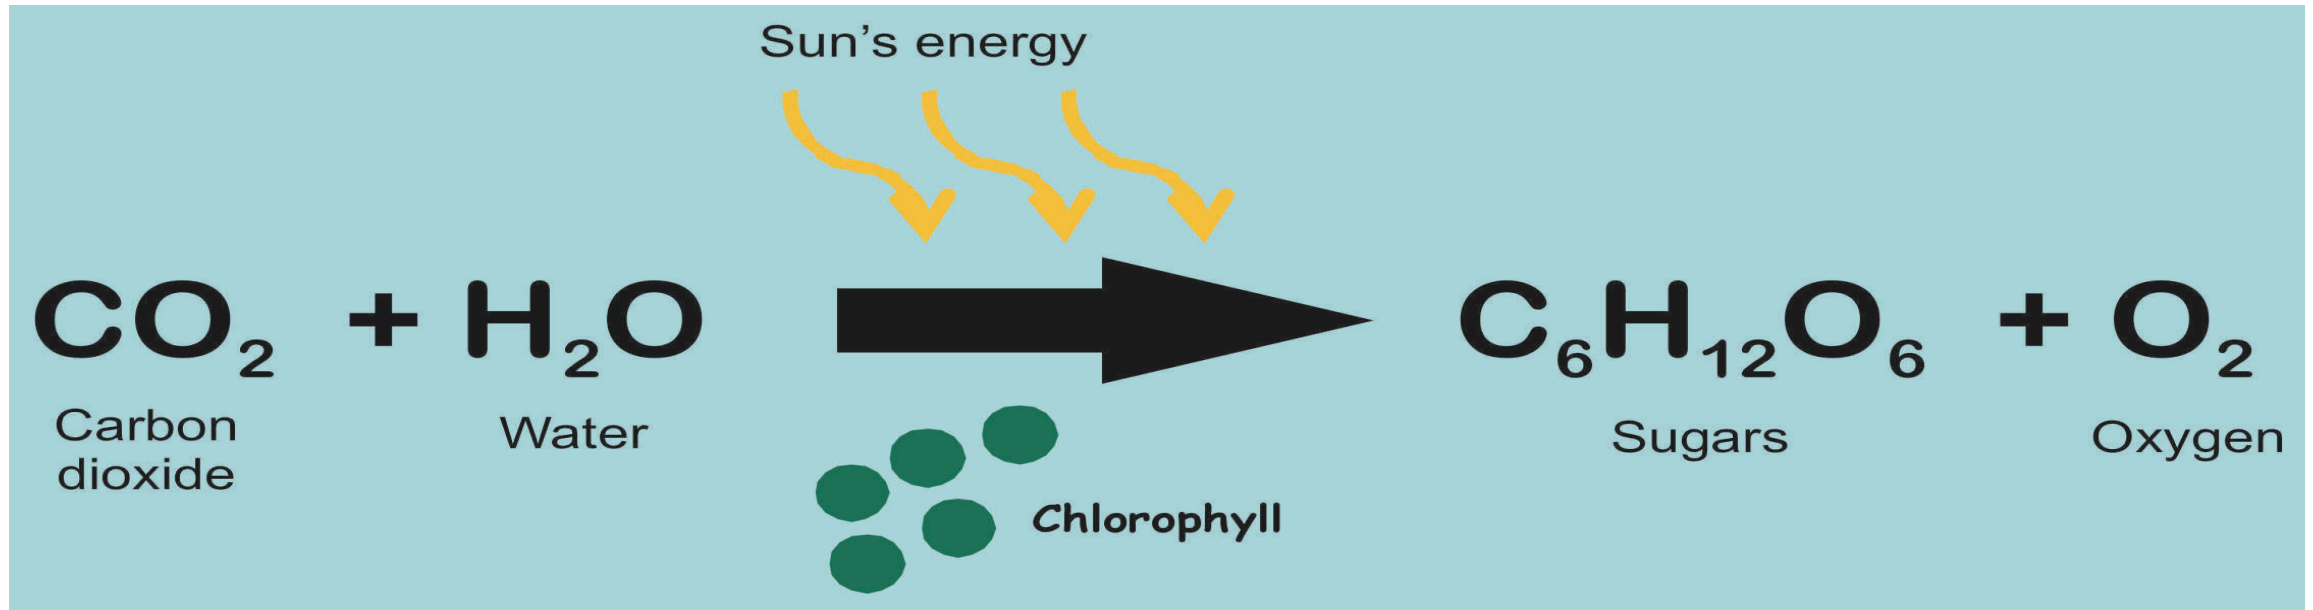

87. Multiple-choice

Q. Plants capture energy from the sunlight by means of a molecule known as

answer choices

- ☒ A. Chlorophyll
- ☐ B. Adenosine Triphosphate (ATP)
- ☐ C. Oxygen
- ☐ D. Nitrates

☒ 88. Multiple-choice

Q. In order to determine the cause of an infectious disease, a diagnostic test that allows microorganisms to multiply in a medium is performed in a controlled laboratory condition. This test is called _____.

answer choices

- ☐ A. Complete Blood Count (CBC)
- ☒ C. Microbial Culture
- ☐ B. Urinalysis
- ☐ D. Magnetic Resonance imaging (MRI)

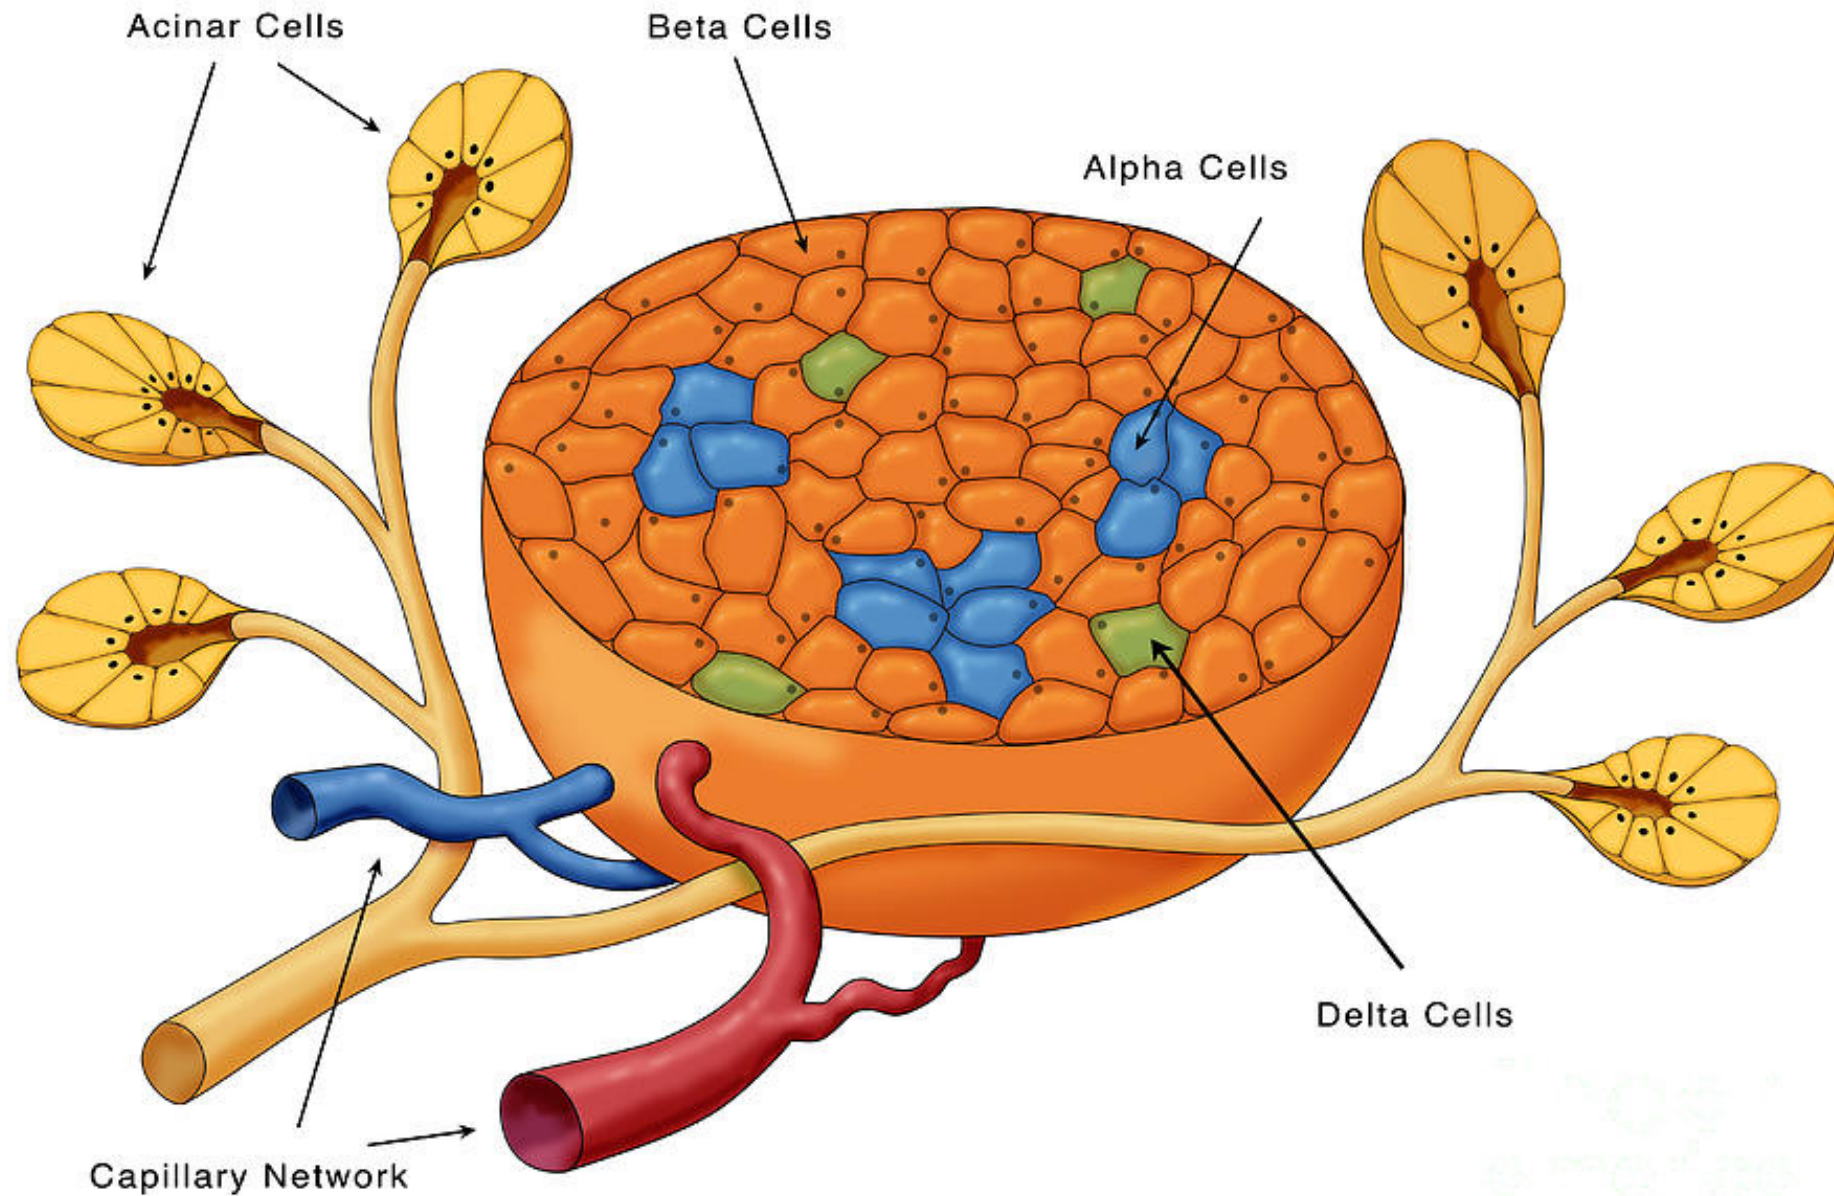

☒ 89. Multiple-choice

Q. Which secretes insulin that aids in the regulation of sugar in the body?

answer choices

- ☐ A. Kidney
- ☒ C. Pancreas
- ☐ B. Liver
- ☐ D. Thyroid

Islet of Langerhans

90. Multiple-choice

Q. Who was this English naturalist who hypothesized that evolution resulted from natural selection?

answer choices

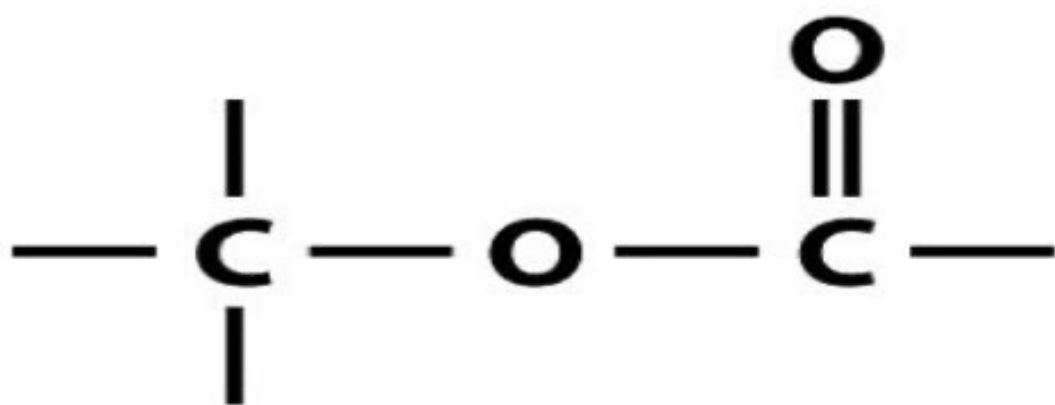

- ☐ A. Gregor Mendel
- ☒ B. Charles Darwin
- ☐ C. Carl Linnaeus
- ☐ D. Stevens

☒ 91. Multiple-choice

Q. Perfumes and artificial flavors contain organic compounds called

answer choices

- ☒ A. Esters
- ☐ B. Ethers
- ☐ C. Acids
- ☐ D. Alcohol

Ester

☒ 92. Multiple-choice

Q. A virus has a protein shell called _____.

answer choices

-  ☒ A. Capsid
- ☐ B. Nucleus
- ☐ C. Nucleic acid
- ☐ D. Gene

93. Multiple-choice

Q. What do you call a marine mammal that has long ivory tusks and are well-adapted in the tundra biome?

answer choices

☐ A. Whale

☐ B. Elephant

☒ C. Walrus

☐ D. Polar Bear

☒ 94. Multiple-choice

Q. The term used in showing the feeding connections among all the living things is _____.

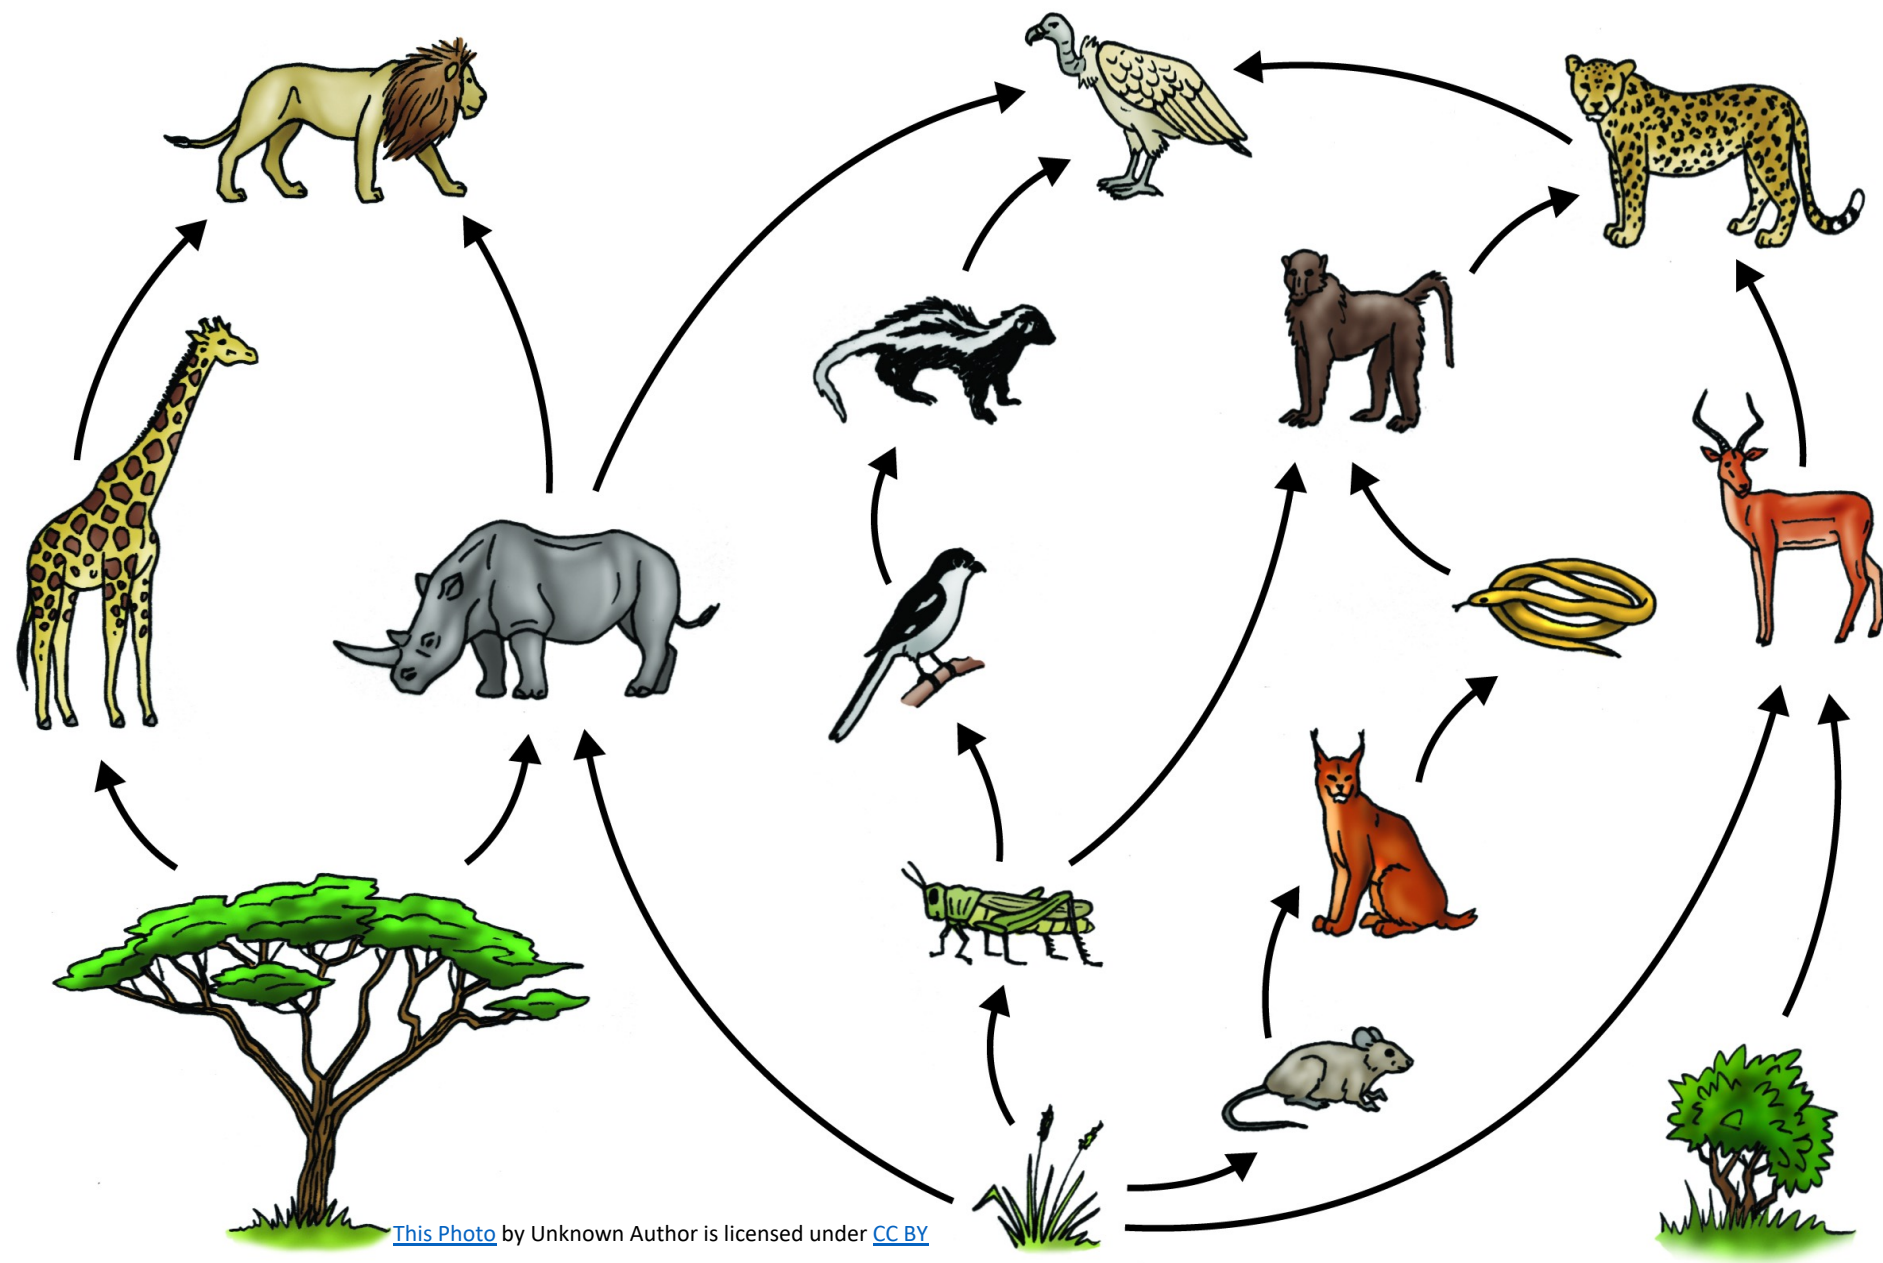

answer choices

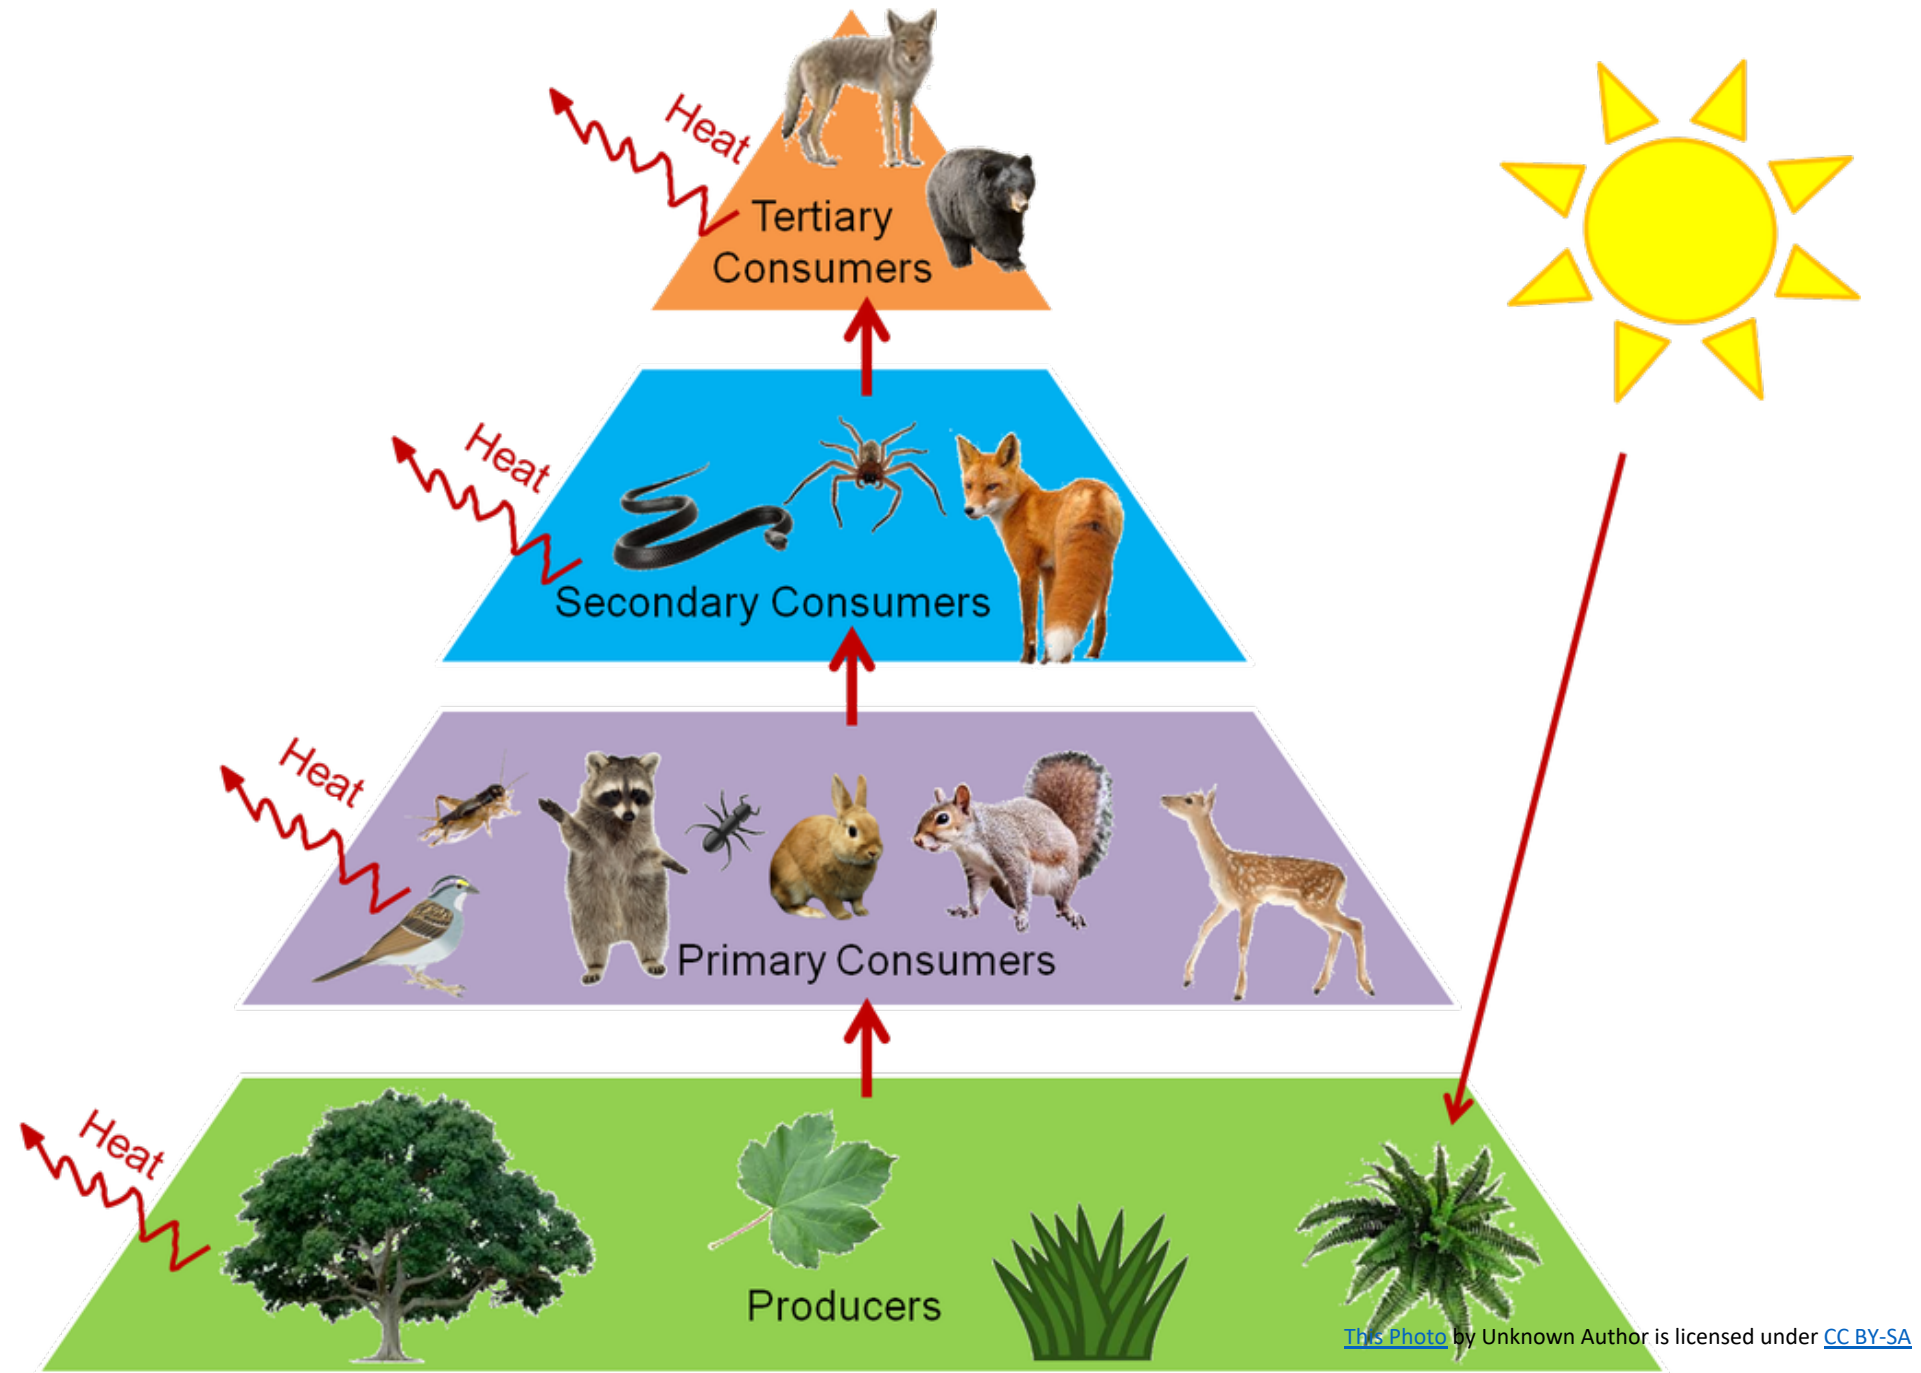

☐ A. Energy Pyramid

☐ B. Nutrition Cycle

☒ C. Food Web

☐ D. Water Cycle

☒ 95. Multiple-choice

Q. Organisms, like ants, behave under specific environmental conditions, such as storing food during summer, defending themselves by stinging enemies or even invading other ant colonies. The term used to describe this behavior of the organisms is _____.

answer choices

- ☐ A. Ecological Defeat
- ☐ B. Ecological Habitat
- ☐ C. Ecological Succession
- ☒ D. Ecological Niche

☒ 96. Multiple-choice

Q. The major concern about global warming arises from the increased concentration of _____.

answer choices

- 
- ☒ A. Greenhouse Gases
- ☐ B. Suspended Particulates
- ☐ C. Acid Rain
- ☐ D. Sulfur Oxides

☒ 97. Multiple-choice

Q. What particular marine organism becomes poisonous for human consumption after being affected by the red tide phenomenon?

answer choices

- ☐ A. Algae
- ☒ C. Mollusk
- ☐ B. Arthropod
- ☐ D. Dinoflagellates

☒ 98. Multiple-choice

Q. Social and environment injustices are interconnected, as exemplified by which of the following activities?

answer choices

- ☐ A. Temperature warming and rise of sea level due to continuous industrialization
- ☒ B. Toxic wastes from industrialized countries are disposed in poorer countries
- ☐ C. Extinction of rare animal species due to illegal hunt of hunters from developed countries
- ☐ D. Desertification of third-world countries by the developed countries

☒ 99. Multiple-choice

Q. An ecosystem that suffered ecological imbalance can recover naturally through

answer choices

 ☒ A. Ecological succession

☐ B. Ecological evolution

☐ C. Ecological balance

☐ D. Ecological Niche

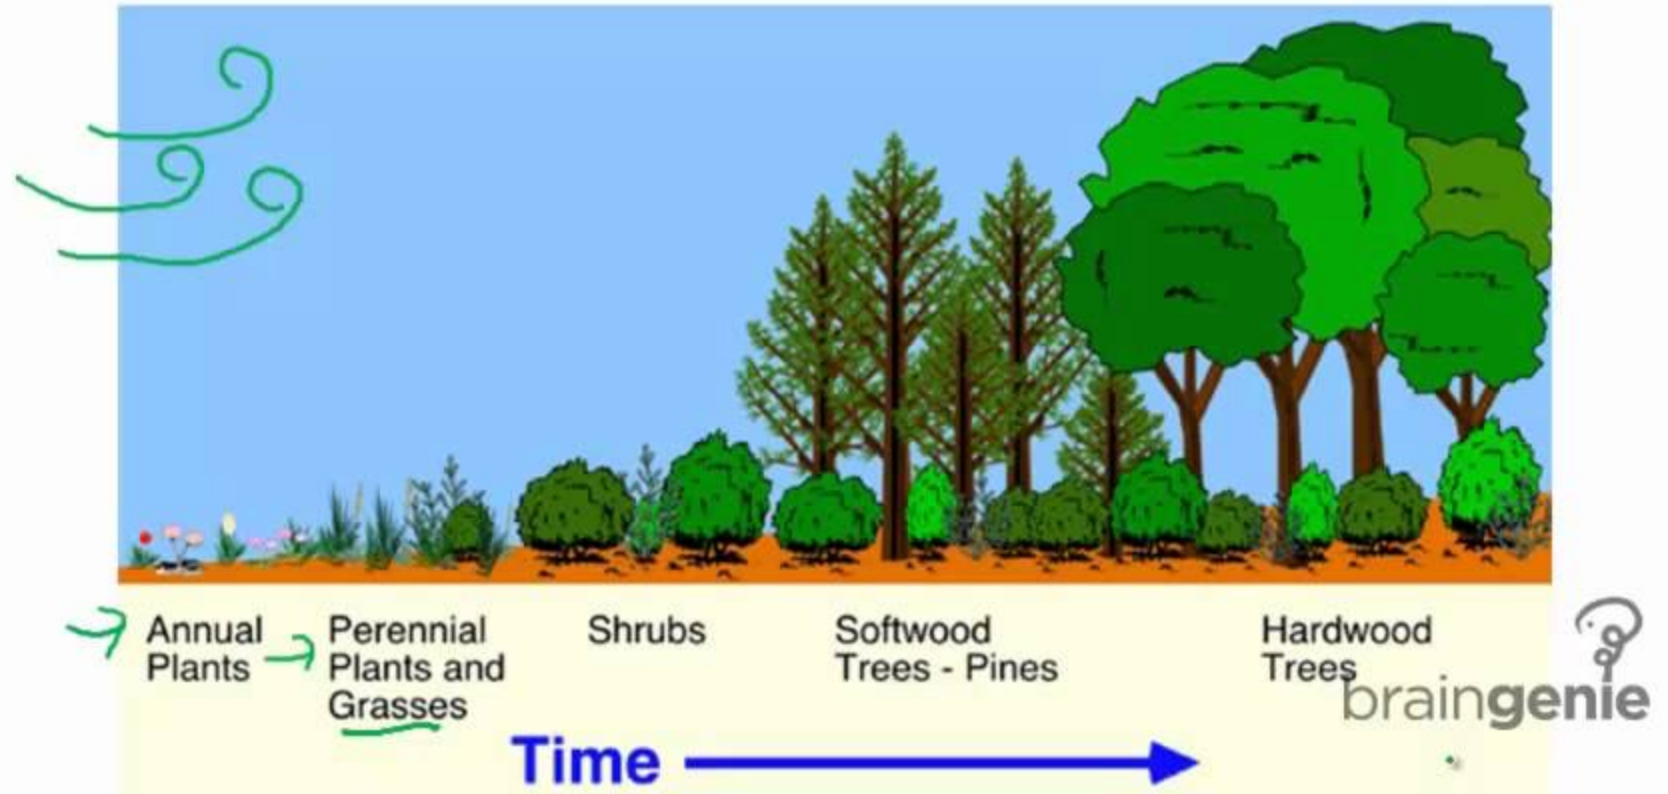

What is ecological succession?

Key Concepts:

- Ecological succession is the sequential process of rebuilding an ecosystem when a disaster destroys it.
- There is primary and secondary ecological succession

Key Terms:

- Climax community

☒ 100. Multiple-choice

Q. A simple hypothetical ecosystem consists of the following: worms, which are the primary consumers, feed on the cabbage, the producers. The small passerine birds, feeding on the worms are the secondary consumers and the lion acts as the tertiary consumer. A farmer arrives and sprays pesticides, killing all the caterpillars. What will happen to the organisms in the ecosystem?

answer choices

- 
- ☒ A. The lion will die
- ☐ B. The passerine bird will thrive
- ☐ C. The cabbage will wilt and die
- ☐ D. The worms will still reproduce

GUARONG
PINOY

The logo features the word "GUARONG" in a large, bold, blue 3D font with a white outline and a drop shadow. Below it, the word "PINOY" is written in a white 3D font with a blue outline and a drop shadow. Three yellow five-pointed stars are positioned: one above the "A" in "GUARONG", one above the "I" in "PINOY", and one above the "O" in "PINOY". A yellow sunburst graphic is located behind the top of the "GUARONG" text.
