Prayer Before Class Starts

*We thank you for this new day, Lord.
Help us to embrace all that it may hold for us.
To hear the birdsong, and have new melodies in our hearts.
To see the sunrise and create beauty with our hands.
To touch the leaves that grow afresh,
And allow your love to touch our hearts.
To smell the fragrance of the flowers
And breathe in the wonder of your creation.
To dwell on the beauty of our world,
And study and fathom your miracles.
To enjoy the conversations we have and the lessons we go to,
May we drink in all the goodness you have for us.*

answer choices

- ☐ A. Exchange Theory
- ☒ B. Labeling Theory
- ☐ C. Functionalist Theory
- ☐ D. Interaction Theory

Schools: labelling - low/high expectations

- Teachers inevitably **label** students and it has been suggested that working-class students are more likely to get **negative labels**.
- Schools are by their nature middle class - teachers are middle class because of their profession - so working-class students do not fit in as easily.
- If their behaviour is seen as bad they are likely to be **labelled** not only as badly behaved but also as not bright.
- Equally, well-behaved children are thought of as bright - and are usually middle class.

Social Exchange Theory

- Social Exchange Theory is an 'Economic Theory'
- We form a relationship if it is rewarding
- We attempt to maximise our rewards and minimise our costs
- The rewards minus the costs equals the outcome
- We commit to the relationship if the outcome is profitable

A Functionalist view of Education

- ⌘ Functionalists view education in terms of the “functions” it performs in society. This implies a non conflict view of society
- ⌘ Functionalists believe there are four main functions of education
- ⌘ ***the transmission of cultural values***
- ⌘ ***social control***
- ⌘ ***economic training***
- ⌘ ***social selection***

Social Interaction Theory

- Based on principle that communication interaction plays a central role in children's acquisition of language.
- Children's language development is strongly tied to:
 - Children's appreciation of others' communicative intentions
 - Sensitivity to joint visual attention
 - Desire to imitate others' behaviors and speech.
- Important concepts:
 - Infant-directed talk (motherese)
 - Coordinating attention (pointing)
 - Parent-child communication routines (scripts)
