

SEPTEMBER 2019 LET TOP 1 ELEMENTARY LEVEL
COMPILATION OF REVIEWERS FOR PROF ED ☺

SET 1

1. Grace a grade 10 student, who aspires to graduate as a class valedictorian **reflects** that to have a good grade in any subject, she must be flexible enough with the different variables of learning such as teacher factor, the subject that is involved, and her personal view regarding the subject. Which learner-centered psychological principle is involved?
- A. Goals of the learning process
B. Nature of the learning process
C. Context of learning
D. **Thinking about thinking**
2. Teacher Ramon is teaching Grade 8 students, and one of his students Danny is already 30-year-old, despite of this, Teacher Ramon believes that Danny **can still improve himself drastically even though he is a lot older than his classmates**. According to the lifespan approach of development, what characteristic teacher Ramon believes?
- A. Development is contextual
B. Development is Multidimensional
C. **Development is plastic**
D. Development is lifelong
3. Because of the lack and confusion of who are to infuse moral and ethical patterns of the nation, _____ **stresses the formation of moral and spiritual values** as a national development goal of the general education program in tertiary level.
- A. **Education Act of 1982**
B. Code of Ethics
C. Values as one of the subjects
D. Republic Act 7640
4. According to **Paul Baltes**, an expert in life-span development approach, what characteristic of development says that **development is possible throughout the life-span of an individual?**
- A. Development is contextual
B. Development is Multidimensional
C. **Development is plastic**
D. Development is lifelong
5. Teacher Abigail, a 70-year-old **retired teacher is now learning to use a computer and planning to be an ESL homebased teacher**. What characteristic of lifespan development approach Teacher Abigail believes?
- A. Development is contextual
B. Development is Multidimensional
C. Development is plastic
D. **Development is lifelong**
6. This concept in education refers to **inability to use plenty of ideas, information, and facts** one possesses leading to premature specialization.
- A. Illogicality
B. **Tunnel-vision**
C. Narrow-mindedness
D. Gapsed thoughts
7. Which of the following **proves** that Philosophy is the "**Queen of the Sciences**"?
- A. Science is founded on ideas which refers to philosophy

Good luck and Congratulations in advance!

SEPTEMBER 2019 LET TOP 1 ELEMENTARY LEVEL
COMPILATION OF REVIEWERS FOR PROF ED ☺

- B. Philosophy has more branches and more practical than science
C. Philosophy serves a proof of science may it be in reason, purpose, or truth
D. Philosophy provides science with principles that can be applied in experiments
8. The Oedipus and Electra Complex were both buried down in what part of the Topographical Model of Sigmund Freud's Human Psyche?
A. Nonconscious
B. Preconscious
C. Conscious
D. Unconscious
9. What term Piaget use when he refers that people have the natural need to understand how the world works and to find order, structure and predictability in their life?
A. Equilibration
B. Symbolic Function
C. Object Permanence
D. Transductive Reasoning
10. Teacher Emil is a newly hired teacher in a far-flung area, his subject ICT, might be a problem for its learning outcome, in accordance, teacher Emil revised some of the objectives of the teacher's guide recommendation for his subject. What learner centered psychological principle is involved?
A. Strategic thinking
B. Context of learning
C. Nature of the learning process
D. Construction of knowledge
11. One thing that is found common in all men despite of all differences.
A. Values
B. Rationality
C. Humanity
D. Morality
12. Who defined philosophy as the knowledge of things by their ultimate causes or reasons?
A. Plato
B. Aristotle
C. Seneca
D. Cicero
13. If the students learned the differences between the geographical locations of most of the country in the subject of Araling-Panlipunan and use the same knowledge to know the physical aspect, and the weather, and what continent these countries are belong. What learner centered principle is involved?
A. Nature of the learning process
B. Goals of the learning process
C. Construction of knowledge
D. Strategic thinking
14. Keyriel, a six-year-old child always play a paper plane during his free time, he firmly believes that it is a real plane and that there are real people on it. What Piagetian basic cognitive concept is this?

Good luck and Congratulations in advance!

SEPTEMBER 2019 LET TOP 1 ELEMENTARY LEVEL
COMPILATION OF REVIEWERS FOR PROF ED ☺

- A. Irreversibility
B. **Symbolic Function**
- C. Object Permanence
D. Animism

15. A method of **accurate description of what is there** and **immediately given in experience that is only characterize by solely looking at the surface of things.**

- A. **Phenomenology**
B. Philosophy
- C. Axiology
D. Metaphysics

16. The **use of lesson plan, instructional materials and other teaching devices** are involved in what learner-centered psychological principle?

- A. **Thinking about thinking**
B. Strategic thinking
- C. Nature of the learning process
D. Goals of the learning process

17. In literary devices, What Piagetian basic cognitive concept is the **same as Personification?**

- A. Symbolic Function
B. Centration
- C. **Animism**
D. Analogical reasoning

18. This **requires critical reflection** on the immediate data of experience to discover the real human meaning.

- A. Phenomenology
B. Philosophy
- C. **Axiology**
D. Metaphysics

19. When a college student **know that she has difficulty in memorization**, so **in return she always makes the acronym** for the things that she needs to memorize. What learner-centered psychological principle is involved?

- A. Thinking about thinking
B. Context of learning
- C. Nature of the learning process
D. **Strategic thinking**

20. lah, a consistent top of the class, came from the poorest of the poor family. **She always dream that one day, her education is the way to gain a good life she wants.** What learner psychological principle is involved?

- A. Intrinsic motivation to learn .
B. **Motivational and emotional influences on learning**
- C. Effects of motivation on effort
D. Social influences on learning

21. There are some teachers that right from the start, they are **really sure that they want to be a teacher when they are still young.** For some reason **it makes them always in tuned and stimulated** in their work and activity regarding in the field of education. What learner-centered principle is at work?

Good luck and Congratulations in advance!
