How Do I Love Thee? (Sonnet 43)

How do I love thee? Let me count the ways.

I love thee to the depth and breadth and height
My soul can reach, when feeling out of sight
For the ends of
being and ideal grace.

I love thee to the level of every day's
Most quiet need, by sun and candle-light.

I love thee freely, as men strive for right.

I love thee purely, as they turn from praise.

I love thee with the passion put to use
In my old griefs, and with
my childhood's faith.

I love thee with a love I seemed to lose
With my lost saints.

I love thee with the breath, smiles, tears, of all my life; and, if
God choose,

I shall but love thee better after death.
