"Where a Dreamer  
Becomes an Achiever"

Name: **Santos, Jhon Mark M. LPT**

Degree: **Bachelor in Elementary Education**

School: **Zamboanga Peninsula Polytechnic State University**

Master: **Master of Arts Major in English**

School: **Ateneo de Zamboanga University**

Affiliations:

- College Instructor at ZPPSU
- LET Lecturer at Teacher A Online Review Center
- LET Lecturer at CPSU
- Online English Teacher at Smart talk Online Center

TEACHER

GAMES, PLAY &

MOTIVATION

**5-MINUTE MOTIVATIONAL GAME**

TEACHER

Directions:

1. Get a piece of paper and a ballpen
2. Focus on the screen
3. Observe the different words
4. Chat/Write your answer

Scenario:

Pupunta tayo ng El Nido Palawan. Of course, kung magbabakasyon ako dapat kasama kayo kase by that time isa na kayong GANAP NA LISENSYADONG GURO. Kung tayo ay magbabakasyon, magdadala tayo ng mga bagay-bagay. Upang kayo ay makasama kailangan nyong pumili ng isang bagay kung ano ang dadalhin ninyo papuntang El-Nido Palawan.

TEACHER

1. Cellphone
2. Egg plant
3. T.V
4. Violin
5. Nescafe

TEACHER

## The Pomodoro Technique

Pomodoro – the Italian for tomato is a method used to boost productivity by working in short bursts and taking more regular breaks

1

Pick a task that you want to work on or need to complete

2

Set a timer for 25 minutes. Use a clock or your phone

3

Work on the task with full concentration

4

Stop when the alarm sounds and take a 5-minute break

5

Get back to work and repeat the process 3 more times

6

After the 4th round of work, take a longer 30-minute break

Learning and Development

# Participation and Teaching Assistantship

TEACHER

1. Which behaviour does a great teacher who can empathize with his/her students display?

- A. Feels what student feels
- B. Expect students to understand his/her feelings
- C. Gives no assignment
- D. Makes test easy

**A**

TEACHER

2. According to students, a great teacher is “chill”. What does this mean?

- I. Cool
- II. Calm
- III. Doesn't get overhyped

- A. I, II, and III
- B. I and II
- C. I only
- D. I and III

**A**

TEACHER

3. Which professional competency refers to content knowledge and pedagogy?

I. Apply developmentally appropriate and meaningful pedagogy grounded on content knowledge and current research

II. Display proficiency in Mother Tongue, Filipino and English in the teaching and learning process

III. Demonstrate skill in the use of communication strategies, teaching strategies, and technologies to promote high quality learning

A. I only

B. II only

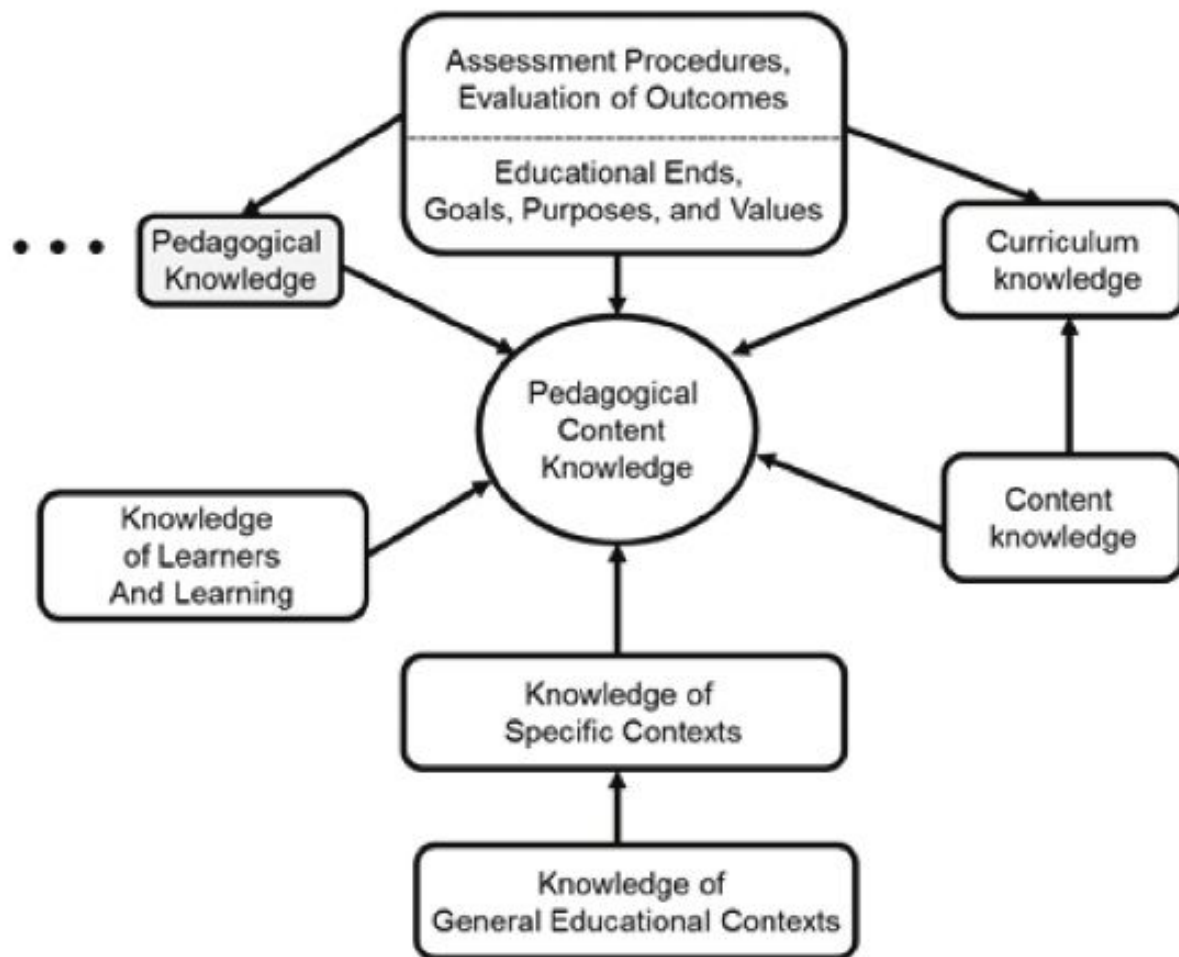

C. I and II

D. I, II, and III

**D**

TEACHER

TEACHER

4. To address the diversity of learners, which professional competency must teacher display?

- A. Apply interactive teaching
- B. Do Differentiated teaching
- C. Use Problem-based learning
- D. Employ Project-based learning

**B**

TEACHER

# What is DIFFERENTIATED INSTRUCTION?

**Differentiation means  
tailoring instruction to  
meet individual needs.**

Differentiated  
instruction aims to:

improve  
learning  
outcomes

increase  
engagement

help students  
learn more  
efficiently and  
with deeper  
understanding

increase  
self-awareness

inspire a love  
of learning

TEACHER

5. In the Southeast Asian Teachers Competency Framework, who is at the center with whom the professional teacher relates?

- a. The professional Teacher
- b. The school heads
- c. The joyful learner
- d. The Parent/Guardian

**c**

TEACHER

## Southeast Asia Teachers Competency Framework (SEA-TCF)

The Teachers' Council of Thailand

SEAMEO INNOTECH

Endorsed at the SEAMEO High Officials Meeting on 29 Nov 2017

TEACHER

6. Every future teacher should do action research because?

- A. It is a requirement for teachers in the field
- B. It will improve teaching practice
- C. It will add points to teacher's performance
- D. It is part of the teachers standards

**B**

TEACHER

Action research generates knowledge around inquiry in practical educational contexts. Action research allows educators to learn through their actions with the purpose of developing personally or professionally. Due to its participatory nature, the process of action research is also distinct in educational research.

TEACHER

7. Spotting a problematic situation in teaching and learning will \_\_\_\_

- A. Spark an idea of doing Teacher Action Research
- B. Give more confusion to the teacher
- C. Create complexity in everyday training
- D. Add burden to teacher's daily routine

**A**

TEACHER

8. Which of the following statements motivates a teacher to do action research?

- A. Any problems that occurs in my class will soon pass
- B. For every teaching-learning problem, there is always a solution
- C. Leave the problematic situation for other teachers to solve
- D. There are more important classroom routines than finding solutions

**B**

TEACHER

9. “Every teacher should be an action researcher.” This statement is

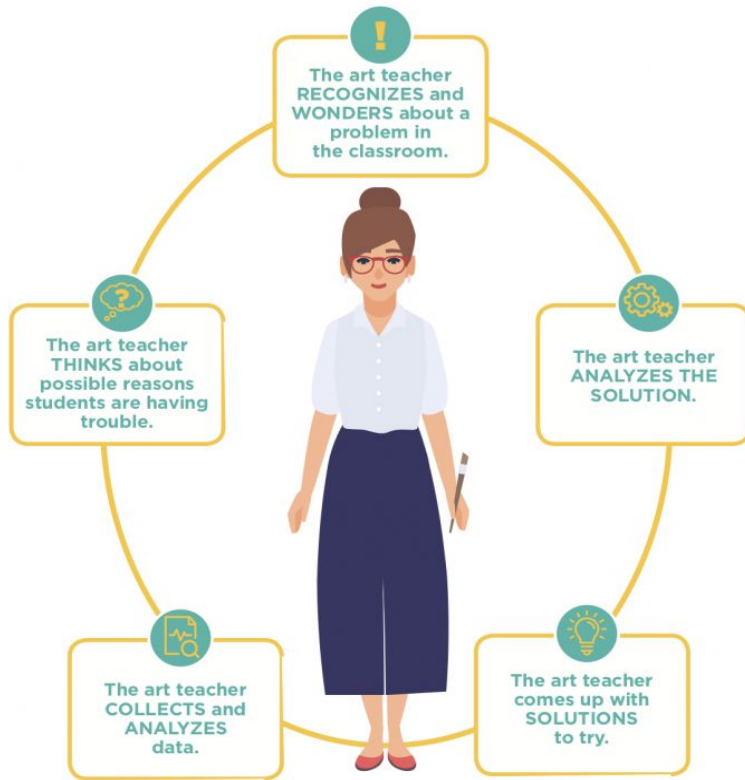

- A. Applicable only for teachers in big schools
- B. Not doable and very idealistic
- C. The call for the teachers in the current times
- D. Appropriate for honor graduates

**C**

TEACHER

# WHAT IS ACTION RESEARCH?

TEACHER

10. Which of the following statement is TRUE?

- A. Action research problem is created by the teacher
- B. Noticing helps a teacher spot problematic situation
- C. Much of the teaching time should be spent in Action Research
- D. Action Research is an optional teacher activity

**D**

TEACHER

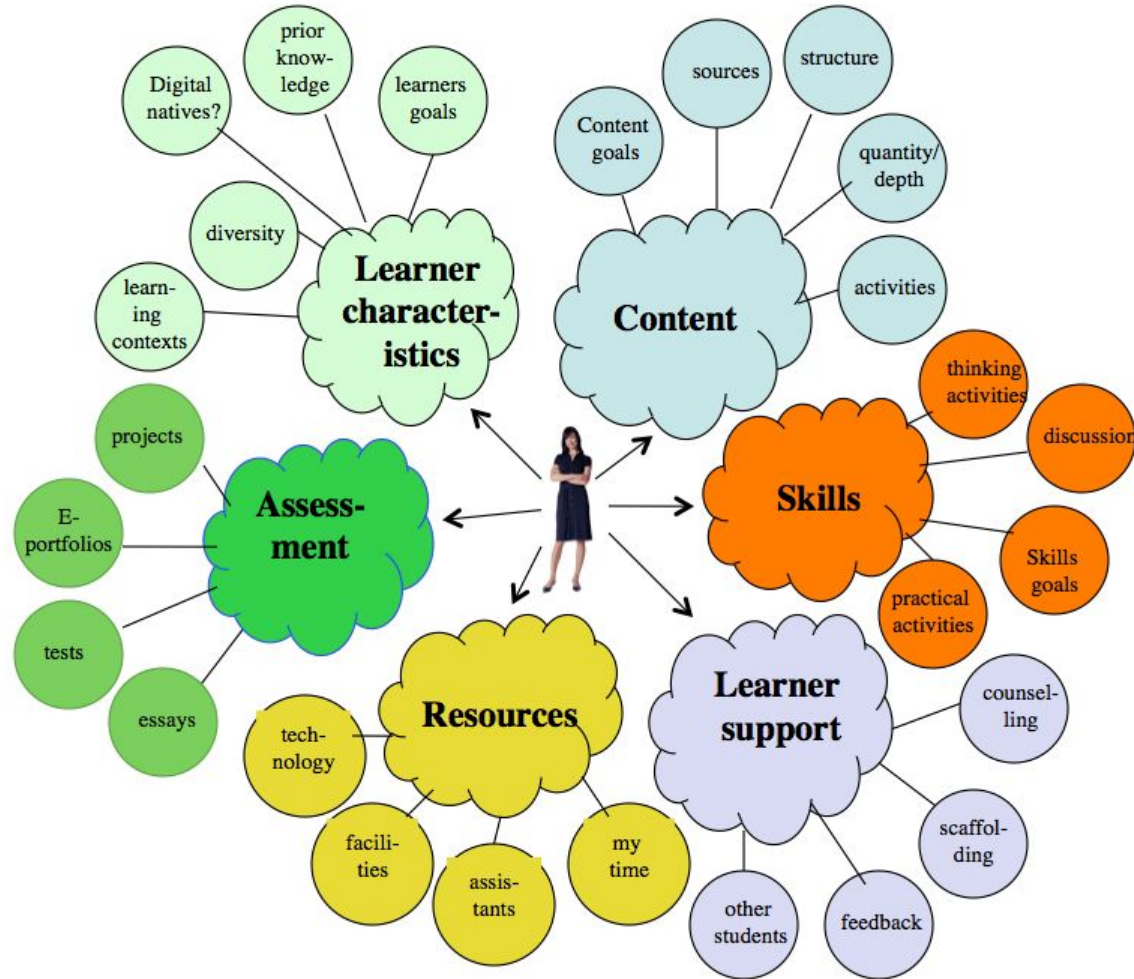

11. Learning environment is only confined to a specific place called schools. This statement is \_

- A. True
- B. False
- C. Doubtful
- D. Cannot be determined

**B**

TEACHER

TEACHER

12. What kind of learning happens anytime, anyplace, and anywhere?

- A. Traditional Learning
- B. Online learning
- C. Hybrid Learning
- D. Face-to-face learning

**B**

TEACHER

## E-LEARNING

VS

## CLASSROOM

Can be completed anywhere with an internet connection. Anytime a learner is free-progress is saved.

Learners have to be available at the same time and be the same place.

Complete at your own pace. Don't rush to keep up with people around you.

Trainer can focus more on particular topics depending on group needs.

Overhead costs are reduced (no travel time, accommodations etc.)

May cost a lot for accommodation and getting to the training venue.

If you are unsure about something, you can go back over it again and again.

You can ask questions at the time of the training.

Content is engaging and interactive.

Ideal if the learner group aren't confident using computers.

TEACHER

13. In which situation can learners learn with more physical presence and intervention of the teacher?

- A. Face-to-face
- B. Virtual
- C. On-line
- D. All of the above

**A**

TEACHER

14. Which of the two kinds of learning environment encourages independence and self-management of the learners? Why?

- A. Face to face, because there is always the presence of the teacher who will give guidance to the learner
- B. Virtual/online, because the learners are given time to learn on their own and progress at their own rate
- C. Both, because they can always shift from one modality to another
- D. Face to face, because there is always the need of a teacher in a classroom all the time

**C**

TEACHER

15. If online or virtual learning environment is not applicable, the traditional face to face or in school will continue. How will you improve the physical learning environment?

- A. Use tables with chairs to allow cooperative learning
- B. Provide learning spaces or corners for independent study
- C. Give credits to success than failures
- D. A, B, and C

**D**

TEACHER

# The Physical Learning Environment Should:

## Engage

*Agile, dynamic,  
adaptable,  
inspiring,  
comfortable,  
bright, fun*

## be Useable

*Functional,  
learnable, user-  
centred*

## Empower

*Welcoming, inclusive,  
nurturing, secure,  
motivating, accessible*

## be Supportive

*Sustainable,  
maintainable, robust,  
safe, healthy*

TEACHER

16. In the face-to-face learning environment the most critical elements is/are the \_\_\_\_

- A. Arrangement of chairs and tables
- B. Physical, psychological and social considerations
- C. Teacher and student interactions
- D. None of the above

**B**

TEACHER

17. The traditional classroom spaces are still considered valid and effective for as long as these conditions exist. What are these conditions?

- I. There should be one teacher to one student ratio
- II. Chairs should be fixed in such a way that they cannot be removed
- III. The presence of the teacher is needed in a given time to guide learning
- IV. All students should be heard in class discussion

- A. I and II
- B. II and III
- C. I and IV
- D. III and IV

**D**

TEACHER

18. The best instructional material in the traditional classroom is the \_\_\_\_

- A. Blackboard
- B. Computer
- C. Teacher
- D. Bulletin board

**A**

TEACHER

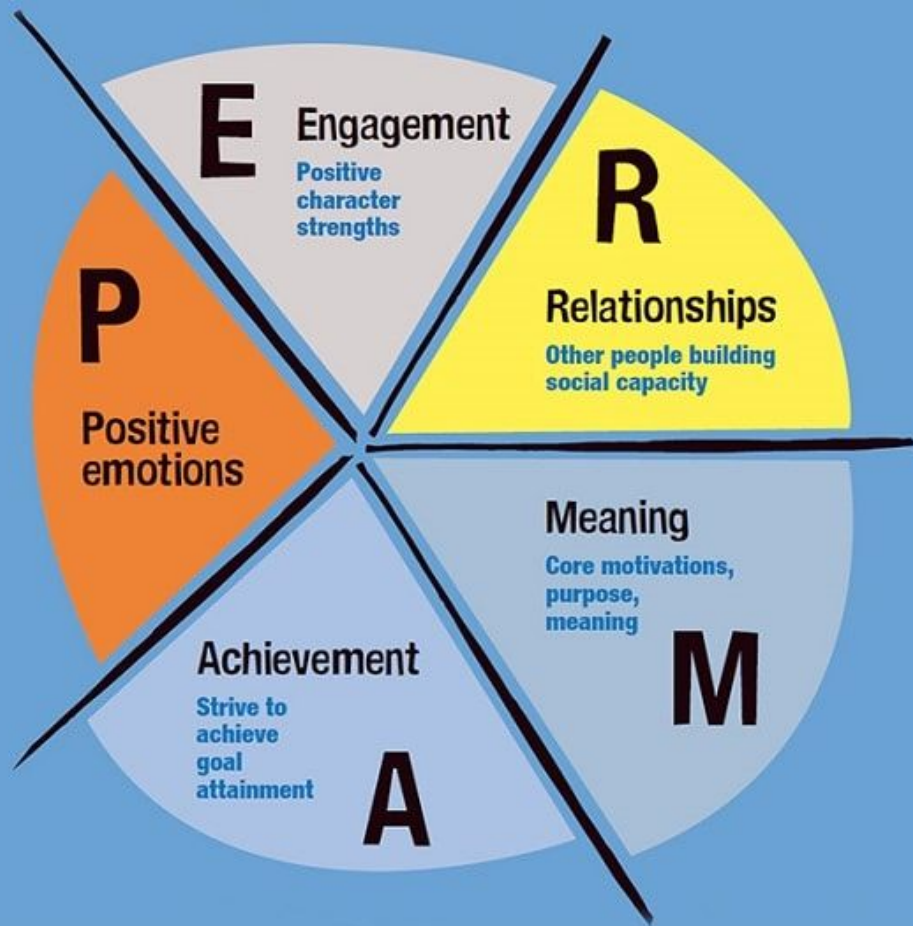

19. Outdoor activities like group games, scavenger hunt and the like provide a positive \_\_\_\_

- A. Psychological environment
- B. Social environment
- C. Physical environment
- D. Cognitive development

**A**

TEACHER

TEACHER

20. It is observed that different classrooms have different arrangements of chairs, tables and benches because of \_\_\_\_\_

- A. School budget
- B. Different purposes
- C. Delivery of supply
- D. Donations received

**B**

TEACHER

21. What is the common among the following learning environments: (a) remote learning (b) virtual learning (c) on-learning learning?

- A. Presence of a teacher
- B. Use of cyberspace
- C. Asynchronous delivery
- D. Use of module

**B**

TEACHER

TEACHER

22. If your co-teacher asks you to borrow your email address and password for an urgent concern, which action should you take as a safety measure?

- A. Deny your friend's request because of privacy
- B. Open your email yourself and print your friends email
- C. Quickly share your password to your friend
- D. None of the above

**D**

TEACHER

23. Why should parents be involved and be part of a safe online environment?

- a. Parents should provide guidance in the selection of websites for children's references
- b. Parents know better than the children so they can coach in answering on-line
- c. Parents can do research for their children's assignment
- d. Parents should sit by their children's side during virtual class time.

**A**

TEACHER

TEACHER

25. Which would describe a safe and conducive virtual learning environment?

- a. When parents are involved
- b. When the teacher provides open communication
- c. When students are supposed with resources
- d. A, B, and C

**B**

TEACHER

26. Ms. Asuncion teaches english in Grade Six. She finds difficulty in getting her class settled and ready for the daily lesson. Which of the following would be the best advice for her?

- A. She should have a seating arrangement/plan
- B. She should assign a group leader to monitor student's discipline
- C. She should not let them in until they are ready
- D. She should have an entry pass before they get in

**A**

TEACHER

27. The students of Teacher A were instructed to use the washroom gate pass whenever they need to attend to personal necessities. This is an example of which of the following classroom management techniques?

- a. The use of cards
- b. The use of gate pass
- c. The use of transition
- d. The use of clear schedule

**B**

TEACHER

29. During inclement weather one of the routines established by Mrs. Marga is for her class to fall in line along the corridors and not in the school yard. What must be the reason why she implemented this?

- a. To have another area for line formation
- b. To enable them to stay outside
- c. To protect them from harm
- d. To give more time for them to socialize outside the classroom.

**C**

TEACHER

30. Why is it best to establish routines at the beginning of the class?

- a. To eliminate stress of the teachers at the beginning of the class
- b. To control unruly students
- c. To know all the students in class
- d. To ensure order and discipline at all times

**D**

TEACHER

31. Why is a classroom management plan important?

- a. To assist the teacher in instruction
- b. To ensure that the students obey the classroom rules
- c. To develop the sense of belongingness in class
- d. To make the students responsible and accountable for their actions

**D**

TEACHER

32. Why is there a need to make the classroom management plan clear and simple?

- a. For students to understand and follow easily
- b. To make it doable for the teacher
- c. To prevent chaos in class
- d. To ensure compliance of superiors

**A**

TEACHER

33. Why is there a need to have a classroom structure/lay out

- A. For aesthetic purposes
- B. For compliance with school rules
- C. To be at par with others
- D. For the safety and security students

**D**

TEACHER

34. When is the time to make the classroom management/remote plan?

- a. At the beginning of the school year
- b. At the beginning of each class
- c. At the middle of the year
- d. At the end of the year

**A**

TEACHER

35. Which of the elements in the classroom management/remote plan must be given more emphasis?

- a. Classroom rules and procedures
- b. Schedule and time frame
- c. Strategies for rewards and consequences
- d. Classroom design, structure and arrangement.

**A**

TEACHER

36. Why are learning/lesson plans important?

- a. To allow students to participate more
- b. To maintain order in class
- c. To ensure quality instruction
- d. To comply with school standards

**C**

TEACHER

## Guaranteed & Viable Curriculum

Literacy & Numeracy

Creative use and application of ICT

Positive Education

TEACHER

37. Why should learning be aided by formulating and asking questions?

- a. Students will have a grade in recitation
- b. Students will develop their self-confidence
- c. The teacher will know who among the students can communicate very well
- d. The teacher will not always do the talking but the students will be given a chance to do the same thing.

**B**

TEACHER

38. Why are attention getters needed at the beginning of the class?

- a. To arouse students interest
- b. To avoid truancy in class
- c. To make students active
- d. To keep students focused

**A**

TEACHER

39. Which is considered high order thinking skills in the given questions?

- A. Why are plants important
- B. What are the needs of plants
- C. How do we take care of plants
- D. If you are a plant, what will you tell humankind

**C**

TEACHER

40. Which of these objectives does NOT belong to the group?

- A. Narrate a story using varied materials
- B. Rewrite the story using various forms
- C. Draw the events of the story
- D. Give the moral/lesson of the story

**D**

TEACHER

41. Which of the following characterizes a well-motivated lesson?

- a. The class is quiet
- b. The students are participative
- c. The teacher explains the lesson well
- d. The students are highly engaged in the activities

**D**

TEACHER

42. In which part of the lesson does the learner give examples to connect to the broader aspects of life?

- a. Presentation
- b. Discussion
- c. Application
- d. Evaluation

**c**

TEACHER

43. Why should teachers provide immediate feedback and reinforcement?

- a. To be liked and loved by students
- b. To motivate students to do more and learn more
- c. To get students attention
- d. For students to get high grades

**B**

TEACHER

44. Which of the following principles of learning applies when student's age is considered in presenting concept and ideas in the lessons

- a. Law of readiness
- b. Law of exercise
- c. Law of effect
- d. Law of sensitivity

**A**

TEACHER

# The Law of Learning

## Law of Effect

- Emotional reaction of the learner
- Positive outcomes = repeat behaviour

## Law of exercise

- Encourage repetition to acquire skills
- Practice makes perfect

## Law of readiness

- Physical, mental and emotional state of the learner
- Cold room = negative learning experience

TEACHER

45. Which part of the lesson is referred to when students give similarities and differences in the concepts presented

- a. Presentation
- b. Discussion
- c. Comparison and abstraction
- d. Generalization

**c**

TEACHER

46. The Dale cone of experience can help a teacher be mindful of the choice of resources or instructional materials in terms of \_\_\_\_\_

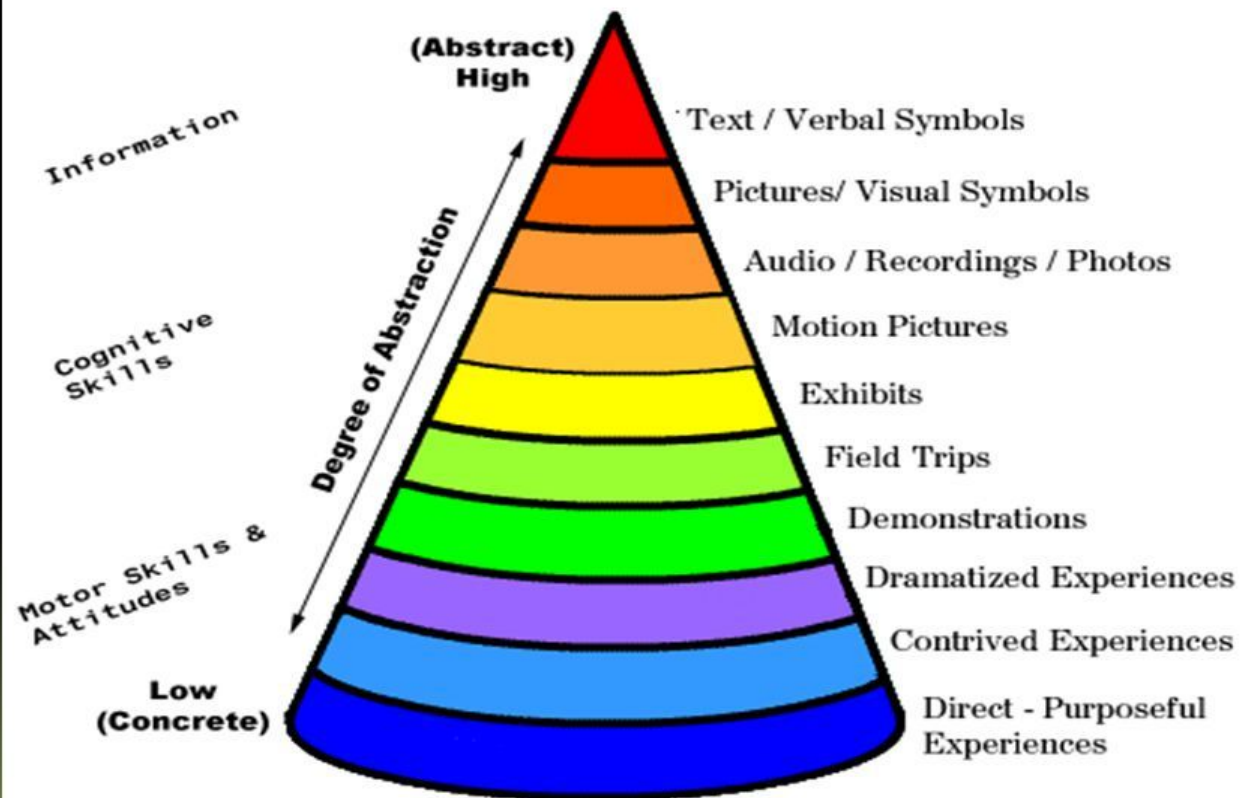

- a. Level of thinking
- b. Extent of being flexible or fixed
- c. Extent of being concrete or abstract
- d. Extent of adaptation and modification

**C**

TEACHER

## THE CONE

TEACHER

47. Miss Violo told the story of the giving tree in her toddler class. She used the book itself to show the illustration to the two-year old and showed all thirty pages of the book. Miss Violo struggle just to finish the book because the toddlers were not focusing. Some lay on the floor stretching; others ran around the room. Which Criterion did she fail to consider in choosing a material?

- a. Collaboration among learners
- b. Inclusive and free of cultural bias
- c. Student interest and engagement
- d. Developmental appropriateness

**D**

TEACHER

# Developmental Appropriateness of Curricula

- Recognizes developmental levels of children
- Incorporates language development activities throughout curriculum
- Embeds conceptual development in hands-on activities with authentic materials
- Incorporates culturally appropriate practice

TEACHER

48. For a theme on careers, Teacher A let his students watch interview clips of successful people in business who were all males. The clips seemed to send a message that only men succeed in the business field. Teacher A did have any follow up discussions on the clips. Which criterion in selecting resources/materials should the teacher have considered?

- a. Student interest and engagement
- b. Inclusive and free of cultural bias
- c. Developmental appropriateness
- d. Time and cost efficient

**B**

TEACHER

49. Which of the following gives the learners the most concrete experience?

- a. Watching a theater play on the Death March
- b. Listening to the teacher discuss about the first chapter of Noli Me Tangere
- c. Viewing a photo exhibit of the EDSA revolution
- d. Independently reading the biography of Andres Bonifacio

**A**

TEACHER

51. Which of the following routines is the best way to start a class?

- a. Ringing the bell
- b. Greeting each other
- c. Making the children line up
- d. Asking the children to clean the room

**B**

TEACHER

51. Which of the following practices is an effective way to start a lesson?

- a. Checking the attendance
- b. Scolding someone who was late
- c. Evaluating the work done the previous day
- d. Reminding the pupils of standards of listening

**C**

TEACHER

52. Which guideline in asking questions must Teacher P use to develop reflective thought and critical thinking among her learners?

- a. Probing
- b. Prompting
- c. Wait time
- d. Redirection

**A**

TEACHER

A probing question is an open-ended question that nudges prospects toward revealing more information about their situation. Learning about a prospect's needs, wants, budgets, and goals keys sales reps to the best tactics to guide their prospects toward buying.

TEACHER

53. Which of the following should Teacher O practice more if he wants to give his students the opportunity to think critically?

- a. Provide questions with clues
- b. Give questions that require analysis
- c. Give questions that deviate from the main topic
- d. Allow the children to ask questions during class discussion

**B**

TEACHER

54. Which of the following violates good discipline?

- a. Practice
- b. Attention
- c. Modeling
- d. Punishment

**D**

TEACHER

55. Which of the following shows cooperation?

- a. Doing all the work alone
- b. Letting others copy from you
- c. Collaborating with others in the group
- d. Allowing others to dominate in the decision-making

**c**

TEACHER

56. Which of the following practices violates the guidelines in asking questions?

- a. Avoid cognitive memory questions
- b. Call on pupils before asking the questions
- c. Use probing questions to follow up incomplete answers
- d. Sequence questions so that higher level questions build on the answers to lower level questions

**B**

TEACHER

57. Which of the following helps develop critical thinking?

- a. Asking low-level questions
- b. Blind obedience to authority
- c. Asking convergent questions
- d. Willingness to suspend judgment until sufficient evidence is presented

**D**

TEACHER

TEACHER

58. Which of the following marks a conducive environment?

- a. Excessive praise
- b. Individual competition
- c. Long assignments
- d. Cooperative learning

**D**

TEACHER

# A CONDUCTIVE LEARNING ENVIRONMENT

Find a good  
studying spot

Clear the  
mess of your  
desk

Let the  
light in

Remove  
distractions

## Why is it important?

Studies have shown that the learning environment can affect one's learning progress by 25%. It will optimize your focus and learning capabilities.

TEACHER

59. What of the following characterizes best a well-managed class? When learners\_\_\_\_\_

- a. are controlled by the teacher
- b. blindly obey teachers' instructions
- c. pursue their task without inhibition
- d. are engaged in an activity that leads them to realize the set goal

**D**

TEACHER

60. When is praise effective? When it's \_\_\_\_\_

- a. describes students present accomplishments
- b. shows spontaneity, variety and other signs of credibility
- c. focuses students attention on their own task relevant behavior
- d. provides information to students about their competence and the value of their accomplishments

**D**

TEACHER

61. Filipinization is violated if \_\_\_\_\_.

- A. an educational institution is owned by a corporation of which 40% of the capital is owned by Filipino Citizens
- B. an educational institution owned by a religious order
- C. an American serving as president of the educational institution
- D. an educational institution owned by a charitable institution

**C**

TEACHER

62. As of the Republic Act 7836 the licensure exam for teachers is with the \_\_\_\_\_.

- A. Commission on Higher Education
- B. Professional Regulation Commission
- C. Department of Education
- D. Civil Service Commission

**B**

TEACHER

63. Ask to do a learning task, Joe hesitates and says "Mahirap. Ayaw ko. 'Di ko kaya!" (It's difficult. I don't like it. I can't do it.) Is it possible to motivate this type of student?

- A. Yes, he can do something with his ability.
- B. Yes, he can change the nature of the job.
- C. No, it is impossible to motivate a student who himself is not motivated.
- D. No, motivation is totally dependent on the student. No person outside him can influence him.

**A**

TEACHER

64. Which psychological theory states that the mind insists on finding patterns in things that contribute to the development of insight?

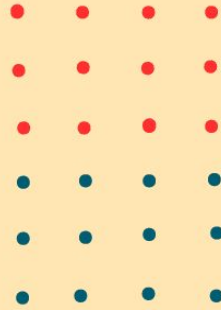

- A. Piaget's psychology
- B. Kohlberg's psychology
- C. Gestalt psychology
- D. Bruner's psychology

**C**

TEACHER

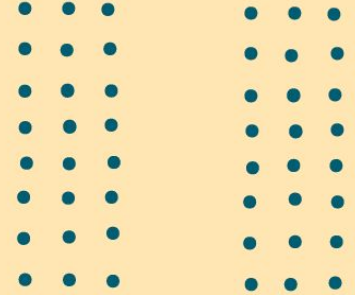

# Examples of the Gestalt Laws

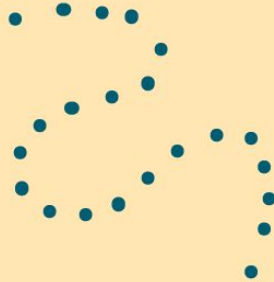

Law of Similarity

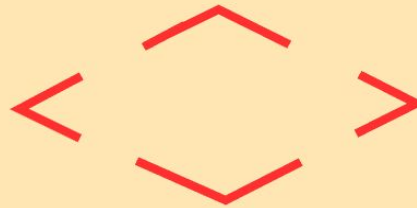

Law of Pragnanz or the  
Law of Good Figure

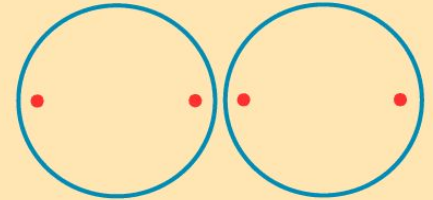

Law of Proximity

Law of Continuity

Law of Closure

The Law of Common Region

TEACHER

65. With which goals of educational institutions as provided for by the Constitution is the development of work skills aligned?

- A. To develop moral character
- B. To teach the duties of citizenship
- C. To inculcate love of country
- D. To develop vocational efficiency

**D**

TEACHER

66. It is a type of blended learning where students are introduced to content at home and practice working through it at school. This is the reverse of the more common practice of introducing new content at school, then assigning homework and projects to be completed by the students independently at home.

- A. Online Learning
- B. Flexible learning
- C. Flipped Classroom
- D. Virtual Learning

**C**

TEACHER

A flipped classroom is a type of blended learning where students are introduced to content at home and practice working through it at school. This is the reverse of the more common practice of introducing new content at school, then assigning homework and projects to be completed by the students independently at home.

TEACHER

67. This person is relaxed and informal with children. He or she will have lunch with them or play ball with them.

- A. Compulsive
- B. Secular
- C. Maverick
- D. Coach

**B**

TEACHER

Secular teacher is relaxed and informal with children. He or she will have lunch with them or play ball with them.

TEACHER

68. In the context of the six facets of understanding cited by Wiggins and McTighe, what is a proof of a student's understanding a principle?

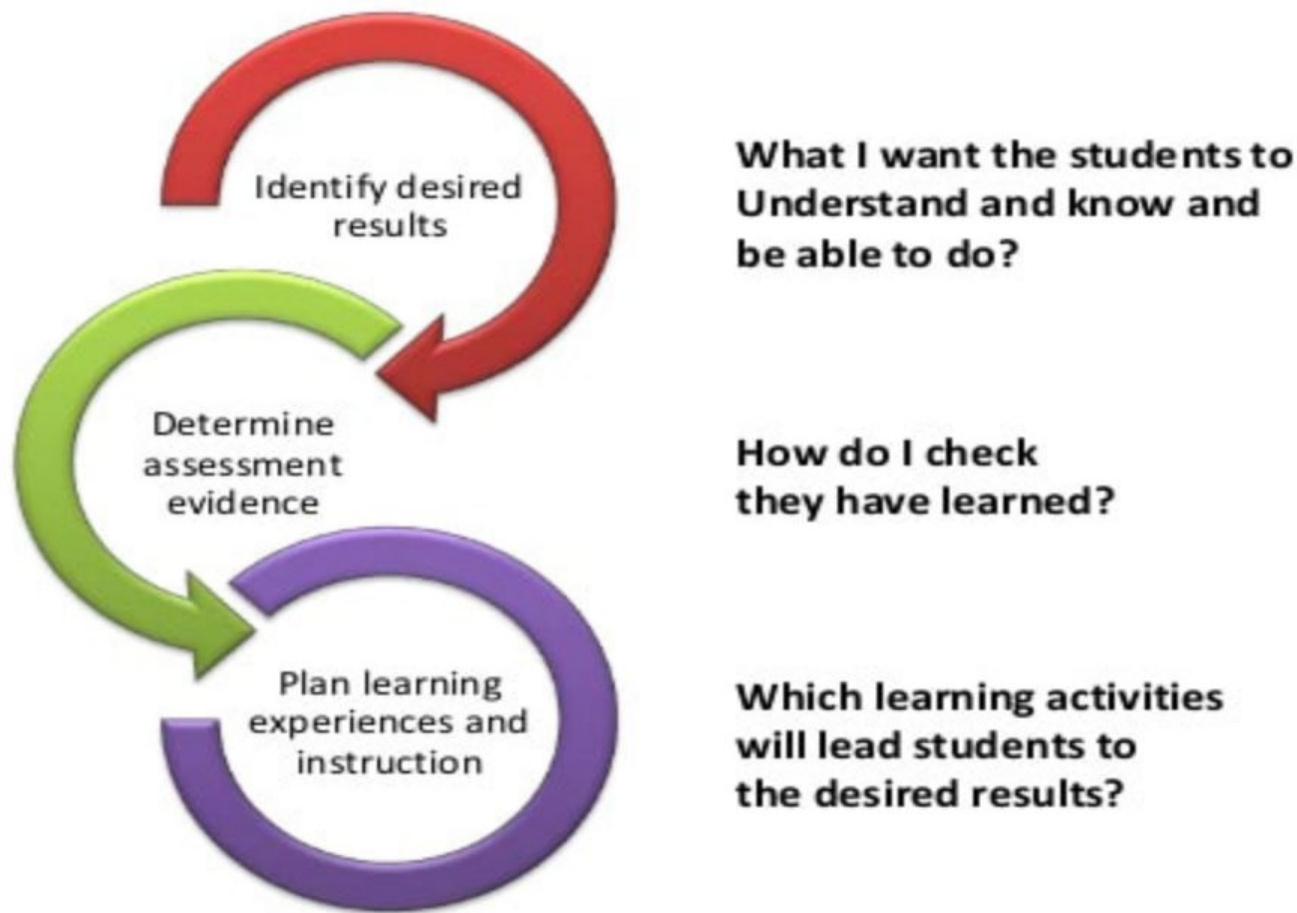

- A. repeating the principle given by the teacher
- B. applying the principle to solve a problem
- C. stating the principle from memory
- D. memorizing the principle

**B**

TEACHER

# The Backward Design Process

TEACHER

69. Instead of assigning our students to discuss how to write a good editorial, ask them to write one for the school organ. Which principle underlies this practice?

- A. Promote meaningful connections between classroom subject matter and real-world contexts.
- B. Use assignments for instructional and diagnostic purposes.
- C. When giving assignments take into account students' development levels.
- D. Make assignments challenging

**A**

TEACHER

70. You want your students to develop the ability to look at a problem from various perspectives, which approach will be more fit?

- A. affective approach
- B. behaviorist approach
- C. modular approach
- D. integrative approach

**D**

TEACHER

## An integrative approach

- The main theses:
  - It is not enough to just emphasize on some teaching and learning components.
  - A thoughtful integration of all components would greatly enhance the learning outcomes.
- Three types of integration
  - Teaching and learning activity integration
  - Peer integration
  - Teaching and assessment integration

TEACHER

71. Each teacher is said to be a trustee of the cultural and educational heritage of the nation and is obliged to transmit to learners such heritage. Which practice helps them fulfill such obligation?

- A. Observe continuing professional education and be the best teacher.
- B. Teach the latest instructional technology to children.
- C. Teach community life and culture worth emulating.
- D. Supplant indigenous culture with foreign culture.

**C**

TEACHER

72. . It is sound to encourage students to define terms in their own words because \_\_\_\_\_.

- A. defining the terms in their own words helps them memorize the definition faster
- B. students remember information better when they mentally process it in some way
- C. this is one opportunity to brush up with their English
- D. they ought to connect the terms that they learn

**B**

TEACHER

73. "Each learner approaches the world in many ways" implies that the learner has different views of what they learn. It implies varied learning styles as well as teaching styles. As a teacher, how would you apply this statement?

- A. Review the contents of the lesson.
- B. Master one strategy in teaching.
- C. Make one standard lesson plan.
- D. Provide various activities of learning

**D**

TEACHER

74. What is the purpose of directed reading-thinking activity (DRTA)?

- A. to encourage students to model their own thinking
- B. to bridge the learning of oral language and written language
- C. to increase comprehension and comprehension monitoring by predicting, generating questions, clarifying, and summarizing
- D. to encourage students to think about their reading by having them make their predictions, confirm or reject them, and revise their prediction as the story unfolds

**D**

TEACHER

## Directed Reading Thinking Activity Chart

### Preview & Predict – Look for Clues

What do you think the text/story might be about?

#### Check:

- Title
- Inside flap
- Back cover
- Chapter titles
- Pictures/illustrations
- Descriptor words
- Personal experience
- Graphs
- Maps
- Diagrams
- Headings/subheadings
- Technical terms
- References
- When it was written

### Reading – Stop & Predict

What might happen next?

Why do you think that?

#### Pause points:

- Introduction of:
  - Character
  - Setting
  - Initial major event
- Character's response
- Attempt to solve problem
- Outcome of attempt
- A secret is revealed
- Character's reaction
- Climax of story
- Introduction of main idea
- Before a new section
- End of a paragraph
- The end of a concept
- After supporting example

### Thinking – Review & Refine Predictions

What tells you if you were right or not?

#### Confirm, modify or reject using:

- Examples in text
- Evidence in text
- How a character solved a problem
- The end of a complication
- The resolution
- The conclusion or summary
- Similarities or differences between prediction and text

TEACHER

75. Which of these school practices helps create a positive learning climate?

- A. giving recognition or appreciation for teachers/staff accomplishments
- B. giving clear expectations to the academic community
- C. encouraging everyone to participate in accomplishing school goals and objectives
- D. encouraging only the high performing teachers to apply for promotion

**C**

TEACHER

76. Which of the following situations presents a value conflict?

- a. The teacher and his students have class standing as their priorities.
- b. The teacher and the administrator follow a set of criteria in giving grades.
- c. The teacher has students whose parents want their children to obtain higher grades than what they are capable of getting.
- d. The teacher sets high expectations for intelligent students such as getting higher grades.

**C**

TEACHER

77. Which situation shows that a sense of nationhood is exemplified?

- a. The class conducted a debate using Filipino as medium
- b. The class is required to watch the TV sitcom of Oprah to improve their English communication skills.
- c. The class opted to make a choral rendition of the theme song of a foreign movie.
- d. When Teacher Chris asked her Grade 2 students in what country they wish to live, most of them chose United States.
