- Learning is evolutionary
 - Learning is a lifelong process
 - Learning is a group process
 - Learning is a sometimes painful
52. Which among the following shows higher order thinking skills
- Analysis
 - Application
 - Synthesis
 - Evaluation
53. Right after simulation teaching method, teacher is mandated to do
- Documentation of the simulation process
 - Peer rating of participants
 - Post simulation discussions
 - Summary Report
54. Which of the following allows participants both acceptable and non acceptable view about a certain topic?
- Open forum
 - Discussion
 - Debate
 - Simulation
55. When the facilitator would like to reach a "consensus" during a heated discussion, a teacher can conduct which activity?
- Symposium
 - Brainstorming
 - Debate
 - Round table discussion

56. A teacher's good questioning skills can be noticed when she/he asks
- Simple questions that interest the students
 - Thought provoking questions
 - Questions that focus on who what where and when
 - Yes No questions
57. How do you describe the questioning technique of Teacher Marissa who ask questions coming from different "background" or point of view?
- Integrative questions
 - Traditional formal questions
 - Probing questions
 - Interdisciplinary questions
58. Teacher Madelaine was asked by the principal to lead a discussion among her 10 colleagues regarding the upcoming Nutrition Month celebration. Which among the seating style would be most appropriate?
- Horseshoe arrangement
 - Traditional Formal arrangement
 - Lecture type arrangement
 - Circular type arrangement
59. It is a method of teaching that relies heavily upon the teacher in giving information in a direct manner.
- Reporting
 - Story Telling
 - Lecture
 - Discussion
60. In the practice of teaching, which is considered the best device?
- Visual Aids
 - Multimedia Technology
 - Charts and flipboards
 - Teacher
61. This is the teaching environment which includes the tender loving care and acceptance shown by the teacher towards his/her students.
- Physical Environment
 - Psychological Environment
 - Classroom Environment
 - School Environment
62. The classroom today includes students from different culture. Which among the following indicate that the student has positive regard for diversity?
- He looks at his culture as superior than others'
 - He cannot work with classmates not belonging to his same belief system
 - He ignores classmates who are coming from a different social class

 - B. Focus on the IQ of the students
 - C. Consider various intelligences in creating lessons
 - D. Present the lesson methodically

73. If teachers would like to focus on attitudinal change, the best option for the teacher is
- A. Field trip
 - B. Exhibit
 - C. Role playing
 - D. Simulation
74. Among the following criterion, which should be the priority when choosing device?
- A. Novelty
 - B. Cost
 - C. Appropriateness
 - D. Attractiveness
75. To nurture students' creativity, Teacher Patricia should avoid
- A. Open ended questions
 - B. Closed ended questions
 - C. Divergent questions
 - D. Out of the box questions
76. Which of the following classroom activities promotes research-based learning?
- A. class lecture
 - B. information/data gathering
 - C. intensive seat work
 - D. PowerPoint instruction
77. Ervin, a grade 12 student, is writing the final report of his research paper. Upon drawing conclusion, which supports the validity and truthfulness of his conclusion?
- A. Assumptions
 - B. Factual evidence
 - C. Hypothesis
 - D. Implications
78. As the child reaches adolescence, he becomes more capable of a thinking process or skill, known as "metacognition." Metacognition is _____
- A. Ability to recall and explain
 - B. Ability to do problem solving
 - C. Ability to analyze and synthesize
 - D. Ability to identify one's own thinking process and strategies
79. Teacher Stacy aims to provide avenues for learners that will develop their metacognitive abilities. Which of the following will she LIKELY employ to achieve her objective?
- A. assessment of study habits
 - B. conformance with rules and regulations
 - C. practical application of ideas
 - D. peer-learning
80. Which of the following special learning programs can help learners who are struggling to read?
- A. Language program
 - B. Literacy program
 - C. Phonetics program
 - D. Reading program
81. Joshua was raised in a home where his parents are authoritative. Given this kind of upbringing, how will Joshua likely behave in class?
- A. Has low level of independence
 - B. Relates well to classmates
 - C. Is suspicious of others
 - D. Quarrels often with classmates

2. Cyril Houle's popular idea, "If you teach a person what to learn, you are preparing that person for the past. If you teach a person how to learn, you are preparing that person for the future" adheres to which thinking/learning process?
- Learning of facts and figures
 - Learning with audiovisual tools
 - Metacognitive learning
 - Technology in learning
3. If Tony is a spatially intelligent learner, which of the following would be his inclinations based on Gardner's MI Theory?
- touch, movement, physical self
 - colors, shapes, symmetry and image
 - body language, moods, voice, feelings
 - one's own strengths, goals and desires

- A. To abide by national standards
 - B. To keep all curricular elements in tact
 - C. To meet the needs of a dynamic community
 - D. To continue what the curriculum has started

105. Why is philosophy a central element to curriculum development? The following are reasons correct EXCEPT:

- A. Philosophy reflects one's background and experiences.
- B. Philosophy is the ending point in curriculum decision making.
- C. Studying philosophy allows us to better understand schools and their curricula.
- D. Philosophy, as a general theory, is a way of thinking that gives meaning to curriculum.

106. "How do you want your students to learn? Is the lesson teacher-driven or are the students going to perform an activity and drive the lesson?"

Which step in Tyler's Rationale Model of Curriculum Development these questions adhere?

- A. Educational experiences related to purposes
- B. Evaluation of the experiences
- C. Organization of the experiences
- D. Purposes of the school

107. Which curriculum development model argues that teachers are aware of students needs and therefore teachers should be the ones to develop the curriculum?

- A. Saylor, Alexander, and Lewis Model
- B. Taba's Grassroots Approach
- C. Tyler's Rationale
- D. Wiggins and McTighe's UBD

108. What is the UbD Lesson Plan format?

- I. Deepen
- II. Evaluation
- III. Explore
- IV. Firm Up
- V. Transfer

- A. I, III, IV, II, V
- B. III, IV, I, V, II

- C. III, I, IV, II, V
- D. IV, III, I, V, II

109. Which philosophy emphasizes real-world problem solving and individual development?

- A. Essentialism
- B. Perennialism
- C. Progressivism
- D. Social reconstructionism

110. Which of the following does NOT describe a humanistic curriculum?

- A. Feelings are important in learning
- B. Non-threatening environment
- C. Tutorial and behavioral assistance
- D. Self-directed learning

Professional Education

111. A certain preparatory school teachers its young learners specific themes depending on whatever they have prepared in their curriculum guide for that particular month. The competencies for the specific learning areas are given connections with each other to reduce fragmentation. Which curriculum design is shown in this situation?
- A. Broad field design
 - B. Correlational design
 - C. Disciplinary design
 - D. Subject design

 - D. Conducts action researches on academic and non-academic factors
115. Which of the following programs in the Department of Education deal with the implementation of informal and non-formal systems of basic education?
- A. Alternative Learning System
 - B. Early Childhood Education
 - C. Private Sector Participation
 - D. Technical Education Assistance
116. Books, journals, magazines, newspapers are classified as:
- A. supplementary media — *support other literature*
 - B. educational technology
 - C. print materials — *stand alone*
 - D. instructional materials
117. Performing experiments in Science laboratory is an example of:
- A. direct-purposeful experience
 - B. contrived experience
 - C. dramatized experience
 - D. exhibit
- Concrete - active learning*
118. During her history class, a video downloaded from an online source was shown by Teacher Lisa. Which of the following is the most appropriate action that she should do when utilizing such material in her lesson?
- A. She should tell the class the source of the video
 - B. Tell the class she created the video
 - C. Show the video without citing the source of the video
 - D. Tell the class she paid someone to make the video for her

119. If intended instructional material is not available, what materials can be used?

- A. realia - *real life example*
- B. maps

☒ C. improvised
D. supplementary

120. Which of the following attributes below are vital for teachers that will enable them to adapt to the
current trends in teaching (i.e. utilization of digital tools in teaching)?

- I. Persistence
- II. Optimism
- III. Curiosity
- IV. Openness to learn

- A. I and II
- B. I only

☒ C. I, II, III and IV
D. II and IV

121. Teacher Marc teaches how to add mixed fractions using a mobile app. He tasked the students to
work independently to provide them adequate time to practice. What level of technology is shown?

- ☒ A. adaptation-active
B. adoption-collaborative

C. infusion-active
D. transformation- collaborative

122. Internet consists of thousands of networked computers around the globe. Which of the following
terms that does not refer to internet?

- A. net
☒ B. online

C. cyberspace
D. information superhighway

123. Which of the following is an example of social media?

- A. iPad
☒ B. Facebook

C. Wikipedia
D. Google

124. The computer unit, cable, keyboard are referred to collectively as _____.

- A. work station
B. software

C. multimedia
☒ D. hardware

125. Teacher Levi found a mobile app that he can use in teaching Mathematics. He ensures that the app
is good in appearance, arranged according to level of difficulty, and the icons accurately represent
what it intends to represent. Which criteria is he considering?

- A. accuracy
☒ B. organization

C. appropriateness
D. motivation

126. The intended learning outcome in a lesson on assessment in learning reads: "At the end of
lesson, the student must be able to select an appropriated assessment method". If an assessment
task would instruct the students to classify given assessment methods, would it be aligned to the
given learning outcome?

- A. Yes
☒ B. No
C. Slight alignment because the behavioural verbs are related
D. Yes, if the task select would be

127. Teacher Joan explains to her students what it takes to get a good grade on the subject she's handling. For instance, to get an excellent rating in their project, students must include critiques of 5 research articles; each critique should not be less than 2 pages of content and should have at least 5 references. For students in the lower grade levels, similar but less stringent standards are used. This exemplifies _____.
- ☐ A. Norm-referencing
☒ B. Criterion-referencing
☐ C. Testing
☐ D. Grading along the curve
128. Which is classified as non-objective test?
- ☒ A. Essay
☐ B. Short answer
☐ C. Matching type
☐ D. Alternative response
129. A school is implementing a local battery of test that are easy to administer, score and also within budget limitations. Which essential characteristic of assessment is ensured?
- ☐ A. Validity
☐ B. Reliability
☒ C. Usability
☐ D. Flexibility
130. A teacher is trying to test her students' ability to identify connected ideas. Which test would be best suited?
- ☐ A. Alternative response type
☐ B. Outlining
☒ C. Matching type
☐ D. Concept mapping
131. Teacher Jose is measuring how adequate the learning performance is. What is/are the expected results?
- ☐ A. Instructional outcomes
☐ B. Lesson assimilation
☐ C. Student's formation
☒ D. Student's achievement
132. Testing, unlike evaluation, is a more objective process because it is based on _____.
- ☐ A. Homework
☐ B. Class participation
☐ C. Human judgment
☒ D. Quantifiable data
133. A test measures student performance compared to the performance of some known group. This is referred to as _____ test.
- ☒ A. Norm-reference
☐ B. Criterion-reference
☐ C. Subject-based
☐ D. Outcomes-based
134. The process of evaluation serves as the basis for decisions made both in the classroom setting and the educational system. The Basic Education Curriculum was revised because of _____.
- ☐ A. Summative evaluation
☐ B. Formative evaluation
☒ C. Program evaluation
☐ D. Diagnostic evaluation
135. In Grades 11 and 12, does quarterly assessment have the same percentage weight for all learning areas in all tracks?
- ☐ A. No
☒ B. No for the academic tracks
☐ C. Yes
☐ D. Yes for the academic tracks

136. In order to give grades or certification, schools can use standardized tests to determine _____ of students.

- ☒ C. End-of-course achievement
- D. Remedial measure for improvement

- A. Degree of mastery
- B. Serious learning problems

137. Which assessment task would have better content validity if the learning outcome is about illustrating the law of supply and demand?

- A. Diagram of supply and demand trend
- B. Illustration of supply and demand flow
- C. Correct definitions of supply and demand
- ☒ D. Concrete instances that show law of supply and demand

to show examples

138. Using assessment to investigate various aspects of student learning can, in most cases, reveal all of the following EXCEPT _____.

- A. What students already know
- ☒ B. What students expect to learn
- C. What learning gaps students have
- D. What students can do

139. Teacher Annie is discussing how rubrics are used particularly how students reports are graded using rubrics scoring. The activity is most likely in support of _____.

- A. Assessment for learning
- B. Assessment as learning
- ☒ C. Assessment of and for learning
- D. Assessment of learning

140. A teacher conducted a pre-test, followed by a lecture based on the pre-test results, and then a post-test. What general assessment approach is illustrated?

- A. Assessment as learning - self assessment
- ☒ B. Assessment for learning - done by the teacher
- C. Assessment for and as learning
- D. Assessment of learning - summative assessment grading purposes

141. Which of the following would most likely be the focus and assessment of learning?

- A. Effective instruction and feedback
- B. Efficiency of class management and discipline
- C. Relevance of curriculum and lesson's content
- ☒ D. Alignment on intended objectives and actual outcomes

142. A teacher would like to do an informal assessment during his class. Which of the following should he do?

- A. Short quiz
- ☒ B. Observation

- C. Pre-test
- D. KWL Technique

143. In relation to previous learning, what does achievement test generally measure?

- A. Values in learning
- B. Learning motivations

- C. Aptitude for learning new skills
- ☒ D. Quality and quantity of learning

Professional Education

144. In classroom assessment, which of the following can be used and basis for evaluation apart from quantified measurement?

- A. Effectiveness criterion
- B. Acceptability criterion
- ☒ C. Performance criterion
- ☒ D. Values criterion using rubrics

145. To ensure meaningful grade reporting, which of the following must be followed?

- I. Ensure that the grading system is clear to all concerned.
- II. Ensure that the standards and competencies are known and understood by all
- III. Ensure that the grading system is numerical.

- ☒ A. I and II
- B. I, II and III
- C. III only
- D. II only

146. In the DepEd's making system, "did not meet expectations" means?

- A. Below 65%
- B. Below 60%
- ☒ C. Below 75%
- D. Below 76%

147. How is the final grade per subject for Grades 11 and 12 obtained?

- A. Get the average of the grades of all subjects for the 2 semesters
- ☒ B. Get the average of the grades for the 2 Quarters *for 1 semester*
- C. Get the average of the grades of all subjects for the 4 semesters
- D. Get the average of the grades for the 4 Quarters

148. Teacher Lovely asked her pupils to show how their penmanship work improved throughout the entire school year. Which type of portfolio would the students display?

- A. Evaluation
- ☒ B. Development *growth / Document portfolio*
- C. Assessment
- D. Showcase

149. If a student gets a transmuted numerical grade of 80 in the DepEd's present grading system, it means that his/her level of performance is _____.

- A. Very satisfactory
- B. Fairly satisfactory
- C. Did not meet expectations
- ☒ D. Satisfactory

150. Based on the amount of information provided, which can be of greater help when students are engaging in self-directed learning?

- A. Combination of holistic and analytic
- ☒ B. Analytic rubric
- C. Holistic rubric
- D. Development

MET REVIEW LET SPECIALIST

FINAL PRE-BOARD SEPTEMBER 2019

GENERAL EDUCATION - SET B

Code: M2019LET

General Instructions:

1. This test booklet contains 150 test questions for **GENERAL EDUCATION**. Examinee shall manage to use 2 hours.
2. Read **INSTRUCTIONS** to **EXAMINEES** printed on your answer sheet.
3. Shade only the box that corresponds to your answer sheet using your pencil No.2. Two or more boxes shaded will invalidate your answer. There is only one answer to each question.
4. In case you find no correct answer please shade option "E"
5. Do not write anything on the test booklet. **AVOID ERASURES.**
6. This is **MET** Property. Please return this booklet with the answer sheet to your Room Watchers. Bringing this test booklet out of room will be a ground for cancellation of your Examination.

GOOD LUCK!

GENERAL EDUCATION

Multiple Choice:

1. My nephew and I met a good friend of _____ in front of the boarding gate.
A. us
B. mine
C. ourselves
D. ours
2. If ever you forgot _____ raincoat, you can always use _____, Paul.
A. hour, hers
B. his, hers
C. yours, ours
D. your, mine
3. When hammering a nail through a wood, I am very careful not to wound _____.
A. himself
B. myself
C. herself
D. ourselves
4. The phrase "Red letter day" is considered as a/an _____.
A. idiom
B. metaphor
C. hyperbole
D. simile
5. Medina was chopping the vegetables when she cut _____.
A. myself
B. ourselves
C. himself
D. herself
6. You _____ finished washing the dishes before they arrive.
A. should
B. will have
C. have been
D. have
7. We adore _____ when Agatha speaks German fluently with _____.
A. him, them
B. her, us
C. him, we
D. him, me
8. She always watches the _____ news on television.
A. later
B. lately
C. late
D. latest
9. I think the subject is heavy for Roberta and _____.
A. me
B. her
C. myself
D. us
10. "The comedian is known for his CANDIDNESS." The CAPITALIZED word means _____.
A. tactfulness
B. rudeness
C. attention
D. frankness

11. There is a nation-wide spread of malaria and I believe health authorities _____ about it.
- A. should be
B. should
C. shall be
D. should have
12. I could have participated in the research project if I _____ in the Philippine at that time.
- A. will be
B. were
C. are
D. was
13. What figure of speech is exemplified by the statement below?
"If you ask for the stars, I'll get them for you."
- A. metaphor
B. simile
C. hyperbole
D. onomatopoeia
14. This Filipina writer is known for her love sonnets.
- A. Ophelia Dimalanta
B. Edith Tiempo
C. Paz Marquez Benitez
D. Gilda Condero-Fernando
15. What figure of speech is being exemplified by the statement below?
"The foreign delegates were the centre of attention"
- A. personification
B. simile
C. metaphor
D. hyperbole
16. Which of the following books of Leo Tolstoy is considered as the "greatest novel" ever written?
- A. War and Peace
B. Death Of Ivan Ilych
C. Ana Karenina
D. Crime and Punishment
17. This suprasegmental pertains to the highness and lowness of sounds.
- A. Pitch
B. Juncture
C. Intonation
D. Stress
18. This suprasegmental pertains to the rising and falling of sounds.
- A. Pitch
B. Juncture
C. Intonation
D. Stress
19. "The statements of the witnesses are IMPERTINENT to the case on trial". The CAPITALIZED word means _____.
- A. irrelevant
B. malicious
C. violent
D. important

General Education

20. What figure of speech is being exemplified in the statement below?
"She is the apple of my eyes."
A. simile
B. alliteration
C. metaphor
D. hyperbole
21. The Filipino writer in English who focuses on Hispanic Filipino culture and traditions in most of his works.
A. Edilberto Templo
B. Jose Garcia
C. F. Sionil Jose
D. Nick Joaquin
22. The DENR mandated the total ban _____ of dynamite fishing.
A. with use
B. to use
C. of use
D. on the use
23. Which of the following sounds is a voiced bilabial stop?
A. /B/
B. /Z/
C. /P/
D. /V/
24. What is the English translation of Rabindranath Tagore's "Gitanjali"?
A. Song of Devotion
B. Song of Offerings
C. Hindu Poem
D. Hindu Offering
25. This school of thought believes that language is learned through imitation, repetition, and reinforcement.
A. Behaviorism
B. Cognitivist
C. Functionalist
D. Psycholinguist
26. This is Carlos Bulosan's masterpiece about a father who was accused of stealing the "spirit"/"smell" of food.
A. My Father Goes to Court
B. The Smell Stealer
C. The Innocent Father
D. The Sprit Stealer
27. Three years is required for a specific language specialization, Roger _____ for one year and he still needs to study more.
A. Has studied
B. Studied
C. has been studying
D. Will have studied
28. Which made the sentence wrong? "She had taken the exam."
A. Had
B. Exam
C. Taken
D. No Error
29. A great amount of water _____ needed for the drought to end.
A. is
B. is being
C. was
D. were

30. This Shakespearean play deals with a prince whose father was murdered by his uncle.
 A. Hamlet
 B. Julius Ceasar
 C. Merchant of Venice
 D. Macbeth
31. The fraction between $\frac{2}{3}$ and $\frac{11}{12}$ is _____.
 A. $\frac{5}{12}$
 B. $\frac{7}{12}$
 C. $\frac{3}{4}$
 D. $\frac{15}{16}$
32. A wooden plank has dimensions 2 feet by 1 foot by 6 inches. What is its surface area?
 A. 5.5 sq. in.
 B. 7 sq. in.
 C. 7.5 sq. in.
 D. 8 sq. in.
33. Haile is reading a book. She can finish reading 3 pages in 1.5 minutes. How long will it take her to finish reading the book if it has 612 pages?
 A. 5 hours and 6 minutes
 B. 8 hours and 12 minutes
 C. 14 hours and 41 minutes
 D. 20 hours and 24 minutes
34. What is the GCF of 85, 153 and 357?
 A. 15
 B. 17
 C. 19
 D. 23
35. Solve for the LCM of 8, 12 and 20.
 A. 60
 B. 80
 C. 120
 D. 240
36. The approximate shape of a tennis ball is _____.
 A. circle
 B. cone
 C. cylinder
 D. sphere
37. It takes 10 artists 6 days to finish graffiti. How long will it take 4 artists?
 A. 4 days
 B. 12 days
 C. 16 days
 D. 18 days
38. Which of the following is divisible by 3?
 A. 987 646
 B. 864 191
 C. 493 843
 D. 370 368
39. Simplify the expression $2 - [3 + (4 - 2 \times 3) \div 2 \cdot 2^2 + 5^0] \cdot 3 - 4 \div 2$.
 A. -4
 B. -2
 C. 0
 D. 4

40. Divide $(-20x^2 + 43x - 21)$ by $(-5x + 7)$.
- A. $-x + 3$
B. $-4x - 3$
C. $x + 3$
D. $4x - 3$
41. How many 25-cm ribbons can be cut from a 50-dm ribbon?
- A. 200
B. 1,000
C. 2,000
D. 10,000
42. A card will be randomly picked from a standard deck. What is the probability of drawing a red queen?
- A. $\frac{1}{13}$
B. $\frac{1}{26}$
C. $\frac{1}{52}$
D. 0
43. Two dice are rolled. What is the probability that the results are the same?
- A. $\frac{1}{12}$
B. $\frac{1}{7}$
C. $\frac{2}{7}$
D. $\frac{1}{6}$
44. Jim has 5 shirts, 3 shorts and 2 shoes. How many outfits can he make?
- A. 60 outfits
B. 30 outfits
C. 5 outfits
D. 10 outfits
45. Which inequality has a solution $p < -5$?
- A. $3x + 60 < -5x + 20$
B. $-3x + 60 < 5x + 20$
C. $3x - 60 < -5x + 20$
D. $3x - 60 < 5x + 20$
46. Which best describes a 45-45-90 triangle?
- A. acute & scalene
B. right & scalene
C. acute & isosceles
D. right & isosceles
47. Find the length of each side of an isosceles trapezoid with lower base of 12 meters and upper base of 6 meters and height of 4 meters.
- A. 10 meters
B. 8 meters
C. 7 meters
D. 5 meters
48. Given triangle ABC where C is right. How will you describe sides a and b in terms of angle A?
- A. adjacent; hypotenuse
B. adjacent; opposite
C. opposite; adjacent
D. opposite; hypotenuse

49. What is the final amount after adding the annual interest of 12% for 4 months on Php 10, 000.00?
- A. Php 300
B. Php 400
C. Php 10,300
D. Php 10,400
50. Mr. Bustos ordered a merchandise listed at Php 32, 000.00; the invoice showed the net price of Php 20, 800.00. Find the discount rate.
- A. 65%
B. 55%
C. 45%
D. 35%
51. What system of measurement includes the use of pounds, inches, yards and miles?
- A. Primitive
B. English
C. Metric
D. Scientific
52. The first angle of a quadrilateral is 60, the second is 10 less than the first and the third is equal to the second. What is the fourth angle of the quadrilateral?
- A. 20
B. 35
C. 50
D. 70
53. What are the prime factors of 140?
- A. $3 \times 4 \times 5$
B. $3 \times 2^2 \times 5$
C. $4 \times 5 \times 7$
D. $2^2 \times 5 \times 7$
54. The slope of the line in the equation $x + 2y = 6$ is ____.
- A. -3
B. $-\frac{1}{2}$
C. $\frac{1}{2}$
D. 3
55. Which mathematical statement best describes the situation: the average age of 2 friends is 26, one of them is 29 years old, how old is the other?
- A. $x = (26 + 29)/2$
B. $x = 29(2) / 26$
C. $x = 29(2) - 26$
D. $x = 26(2) - 29$
56. Factor $-6x^2 - 13x + 5$ completely.
- A. $(3x + 5)(2x + 1)$
B. $(3x - 5)(2x - 1)$
C. $(-3x - 5)(2x - 1)$
D. $(3x - 5)(-2x - 1)$
57. What is the largest prime number less than 190?
- A. 189
B. 187
C. 183
D. 181

58. Chester obtained the following results from his Mathematics examinations: 87, 92, 85, and 90. What score must he get on the next examination so that his average score is 89?
- A. 88
B. 89
C. 90
D. 91
59. What is the area of a circle inscribed in a square having a side of 8 inches?
- A. 50 in^2
B. 48 in^2
C. 32 in^2
D. 16 in^2
60. What is the final amount of a principal Php 35 000 invested at 3% compounded quarterly for 5 years?
- A. Php 35 251
B. 36 792
C. Php 40 250
D. Php 40 641
61. Sa salitang sinukuan, ang salitang ugat ay _____
- A. suko
B. sinuko
C. sikuan
D. sukuan
62. Ang pagpapalitan ng mga opinyon, ideya at ng salaysay na gumagamit ng mga sagisag ay tinatawag na _____
- A. paglalahad
B. pakikinig
C. pagtuklas
D. talastasan
63. Alin sa mga disenyo ng pananaliksik ang ginagamitan ng malapitang pag-aaral ng lugar at mga taong kabilang sa pananaliksik?
- A. etnograpiya
B. eksperimento
C. panayam
D. case study
64. Ang pariralang nalaglag-nahulog ay mga pahayag na _____
- A. magkahawig
B. magkapares
C. magkasalungat
D. idyoma
65. Aling panghalip ang ginagamit na panturo sa mga bagay?
- A. palayon
B. palagyo
C. pamaklaw
D. pamatlig
66. Ito ayistratehiya sa pananaliksik na naglalarawan sa isang phenomenon sa kanyang natural na kapaligiran na pinangyayarihan nito.
- A. follow-up study
B. case study
C. field study
D. trend study
67. Ito ang ipinagpapalagay na pinakaunang sistema ng pagsulat sa Pilipinas.
- A. alibata
B. abakada
C. kalantiao
D. balitaw

68. Ito ang pangatnig na ginagamit kung may nais na bigyang linaw.
 A. namumukod
 B. bukod-tangi
 C. humugit-kumulang
 D. samakatuwid
69. Anong uri ng pagsasalin ang naganap sa pahayag?
 Orihinal: Mommy cooked spaghetti for Ate.
 Salin: Si Nanay ay nagluto ng spaghetti para kay Ate.
 A. idyomatiko
 B. adapsyon
 C. literal
 D. Malaya
70. Ang modernisasyon sa wikang pambansa ay nagsimula noong _____.
 A. 1959
 B. 1997
 C. 1987
 D. 1974
71. Sa kabila ng karukhaan, nagsumikap siya na makapagtapos ng kolehiyo.
 Ang simuno sa pangungusap ay _____.
 A. karukhaan
 B. nagsumikap
 C. siya
 D. kolehiyo
72. Alin sa mga salita ang nagsaad na ang wika ay nauunawaan at napagkasunduan ng isang lahi o pangkat?
 A. likas
 B. arbitrario
 C. dinamiko
 D. masistema
73. "Malakas ang boses ng guro." Anong bahagi ng panalita ang salitang malakas?
 A. pandiwa
 B. panghalip
 C. pang-abay
 D. pang-uri
74. "Mukhang malinong tao siya subalit siya ay buwaya sa katihan." Ang idyoma ay nangangahulugang _____.
 A. maliksi
 B. mabagal
 C. traydor
 D. matapang
75. "Kakakain ko pa lamang." Anong aspekto ang pandiwa?
 A. Perpektibo
 B. Kontemplatibo
 C. Imperpektibo
 D. Pangkasalukuyan
76. Ito ay tumutukoy sa paraan ng paggamit ng coping o survival strategies.
 A. Pragmatik
 B. Kakayahayang Estratidyik
 C. Kaalamang extralinguistic
 D. Kakayahang sosyolingwistik

General Education

77. Sa gawaing pananaliksik tulag ng tesis, ang maikling buod sa panimula ay tinatawag na _____.
A. preci
B. sinopsis
C. abstrak
D. talahanayan
78. Aling Teorya sa simu-simula ng wika ang nagsasaad na ang wika ay nagmula sa mga tunog na nalilikha ng mga sanggol?
A. Teoryang Bowwow
B. Teoryang Mama
C. Teoryang Coo-coo
D. Teoryang Yoheho
79. Ito ay may layuning magpahayag ng reaksiyon o magbigay ebalwasyon sa pinakikinggan, tinatawag ding Pahusgang Pakikinig.
A. Analitikal
B. Atentibo
C. Kritikal
D. Marginal
80. Ito ang pagbasang pinakamataas na antas.
A. Inspesyunal
B. Analitikal
C. Sintopikal
D. Primarya
81. Walang silbi ang kahit anong uri ng lambat _____ hindi nito kayang mahuli si Pandaka.
A. Ngunit
B. Dahil
C. parang
D. sakali
82. Alin sa mga sumusunod na pangatnig ang siyang ginagamit sa paglilinaw o dagdag na paliwanag?
A. maliban
B. bukod-tangi
C. samakatuwid
D. humigit-kumulang
83. Ito ay may layuning magpahayag ng reaksiyon o magbigay ebalwasyon sa pinakikinggan, tinatawag ding Pahusgang Pakikinig.
A. Analitikal
B. Atentibo
C. Kritikal
D. Marginal
84. Alin ang tumutukoy sa pag-aaral sa wastong paggamit ng mga salita sa pangungusap?
A. gramatika
B. pagbaybay
C. semantika
D. sistema
85. Ito ay kakayahang tumutukoy sa paraan ng paggamit ng mga coping o survival strategies upang punan ang limitadong kaalaman sa tuntunin sa wika at kontekstong sosyo-kultural para sa maayos na komunikasyon.
A. Kakayahang Istratedjik
B. Kakayahang Pragmatik
C. Kakayahang sosyolinggwistik
D. Kakayahang Diskorsal
86. Ang pag-aaral ng ugnayan sa pagitan ng wika at lipunan ay tinatawag na _____.
A. Istratedjik
B. Pragmatiks
C. Sosyolingwistik
D. Diskurso

87. Anong uri ng panlapi ang ginamit sa mga sumusunod na salita?

binilad, sinampay, at tiniklop

- A. unlapi
- B. hulapi

- C. gillapi
- D. laguhan

88. Alin ang katumbas ng temporal communication.

- A. Vocalics
- B. Ojectics

- C. Haptics
- D. Chronemics

89. Ang kumpas na naglalarawan ng laki, layo, hugis at haba ay tinatawag na

- A. Haptics
- B. Emphatic

- C. Regulatori
- D. Deskriptib

90. Aling pangatnig ang ginagamit sa pagbibigay ng karagdagan?

- A. hindi lang
- B. kundi man

- C. kapag
- D. at

91. Fernando Amorsolo was awarded the National Artist Award on 1972. His art usually depicts rural kind of life in the Philippines. Among his famous paintings include, Mango Pickers (1936), A Basket of Mangoes (1949), Tinikling in Barrio (1951), among others. Fernando Amorsolo was dubbed as:

- A. Grand Old Man of Philippine Art
- B. Grand Old Man of Philippine Painting
- C. Greatest Old Man of Philippine Art
- D. Gretest Old Man of Philippine Painting

92. Governor General Narciso Claveria issued a law that required Filipinos to adopt Spanish and indigenous surnames from the Catalogo Alfabetico de Apellidos to facilitate efficient tax collection. The law was known as:

- A. Claveria Decree of 1894
- B. Claveria Decree of 1849

- C. Claveria Decree of 1854
- D. Claveria Decree of 1845

93. Which among the following best describes the essence of the Tydings- Mc Duffie Law?

- A. The bill was personally pursued by President Manuel L. Quezon
- B. The bill was signed by Theodore Roosevelt
- C. It stated that Philippine Independence will take effect on 4 July 1944
- D. All of the Choices

94. Andres Bonifacio was a brave patriot, leader and founder of the Katipunan. He advocated for complete independence from Spain. He believed that only through 'armed struggle' and revolution would the Philippines be free from the tyranny of Spain. What was NOT true in Philippine history about him?

- C. Like Rizal, he was convinced that reforms and assimilation will free the Filipinos from Spain
- D. He tried to establish his own rebel government (thru the Acta de Tejeros)

- General
95. The Philippine pre-colonial era attested that the first foreign religions to influence the Philippines were Buddhism and Hinduism around 900 AD. This influence came from the Empire of Srivijaya. Who were these aboriginal settlers who crossed the seas from Southern Philippines?
- A. Malays
 - B. Sumatrans
 - C. Negritoes
 - D. Borneans
96. In which article of the Universal Declaration of Human Rights state the 'right to life, liberty and security of persons'?
- A. Article 1
 - B. Article 2
 - C. Article 3
 - D. Article 4
97. The writ of habeas data is invoked by any person whose right:
- A. may require a speedy and effectual remedy to relive persons from unlawful restraint
 - B. to life, liberty and security is violated or threatened with violation by an unlawful act or omission of a public official or employee
 - C. none among the choices
 - D. to privacy in life liberty or security is violated or threatened in gathering, collecting or storing of data or information
98. In what way could the executive department exercise check and balance over the legislative department?
- A. the President could veto a bill
 - B. impeachment of the Chief Justice of the Supreme Court
 - C. declaring an act of the President unconstitutional
 - D. imposing salary grades to the members of the cabinet
99. 'Plaridel' wrote the pamphlet 'La Frailocracia Filipina' in order to emphasize that the friars were the rulers during the Spanish colonial period. Who was 'Plaridel'?
- A. Andres Bonifacio
 - B. Graciano Lopez-Jaena
 - C. Marcelo H. Del Pilar
 - D. Antonio Luna
100. In his reign as governor general, Jose Basco introduced economic reforms, a "general economic plan" aimed at making Philippines self-sufficient. He also introduced the _____ in the present-day Region I and II in the Philippines on 1781.
- A. Rice monopoly
 - B. Coconut Monopoly
 - C. Abaca Monopoly
 - D. Tobacco Monopoly
101. Which right invokes literally to "produce the body"?
- A. writ of habeas data
 - B. writ of habeas corpus
 - C. writ of amparo
 - D. human right
102. The Sandugo (One Blood) was a blood compact performed in the spirit of friendship between the Spaniards and Filipinos by Datu Sikatuna and Spanish explorer Miguel Lopez de Legazpi. The blood compact has a monument which can be found in:
- A. Tagbilaran Bohol
 - B. Panay Island
 - C. Mactan Cebu
 - D. Capul Island

103. La Solidaridad, being the principal organ of the Reform Movement in Spain aimed towards achieving assimilation of Philippines to Spain. The known triumvirate of the La Solidaridad were:

- A. Rizal, Lopez Jaena and Ponce
- B. Rizal, del Pilar and Paterno
- C. Rizal, Lopez Jaena and Luna
- D. Rizal, Lopez Jaena and del Pilar

104. The New Yorker tagged her as the "pianist's pianist and at such a young age won the prestigious Leventritt Gold Medal. She is a Filipino pianist who is internationally renowned and has played in various world's greatest orchestras.

- A. Ingrid Sta. Maria
- B. Teresita Agana
- C. Rosie Farol
- D. Cecil Licad

105. "Kapwa" is one of the constructs in Filipino psychology according to Enriquez (1992) where it exemplifies "tayo-tayo" mentality and where camaraderie and togetherness are a part of shared identity. Which from the following Filipino traits of "pakikipagkapwa" is NOT included?

- A. pakikisama
- B. pakikitungo
- C. pakikibagay
- D. none among the choices

106. The Congress of the Philippines is the National legislature that is bicameral in nature. Its known characteristics are as follows, EXCEPT ONE:

- A. The Senate is composed of 24 senators in which half are elected every six years
- B. The House of Representatives do not represent sectoral groups
- C. The Senators do not represent any geographical district
- D. There are more than 250 House of Representative members

107. This refers to an art produced at the present period of time that reflects the current culture by utilizing classical techniques in drawing, painting and sculpting.

- A. Contemporary-Modern Art
- B. Contemporary-Traditional Art
- C. Contemporary-Antique Art
- D. Contemporary-Classical Art

108. Confucianism was officially adopted and given exclusive patronage by Emperor Wu. Of which dynasty was the reign of Emperor Wu?

- A. Sung
- B. Han
- C. Chin
- D. Ming

109. Rizal had his words for the revolution:

"Reforms to be beneficial, must come from above, and those which come from below are irregular, gained and uncertain".

Rizal is a model of:

- A. non-violence
- B. rebellion
- C. armed struggle
- D. full

General Education

110. There were three movements that shaped the history of Asia : Islamicization (the spread of Islam), Indianization (the spread of Hinduism and Buddhism and Christianization (the spread of Christianity) Which only country was Christianized?

- A. Singapore
- B. the Philippines
- C. Taiwan
- D. Korea

111. This settlement policy was meant to centralize the Filipino community where churches, convents and plaza complexes were clustered. By this, the Spaniards could apparently monitor the movement of Filipinos—preventing thus protests and for efficient collection of taxes.

- A. encomienda
- B. hacienda
- C. bandala
- D. reduccion

112. Father Pedro Pelaez fought for the secularization of the Filipino clergy and for such, he was duly known as the:

- A. Father of Philippine Secularization
- B. Father of Philippine Revolution
- C. Godfather of the Philippine Revolution
- D. Father of Philippine Independent Church

113. He was born 551 BC and he greatly influenced his followers to adhere to personal and governmental morality, correctness of social relationship, justice and sincerity.

- A. Confucius
- B. Lao Tzu
- C. Siddharta Gautama
- D. Muhammad

114. What are the three branches of the Philippine government?

- A. AFP, PNP, PMA
- B. Senate, House of Representative, Supreme Court
- C. President, Vice-President, Chief Justice
- D. executive, legislative, judiciary

115. What does it take to have a strong self-efficacy?

- A. treat challenging problems as tasks to be mastered
- B. avoid challenging tasks
- C. let setbacks linger and remain in the consciousness
- D. never take interest on activities to be participated

116. This economic system encourages private ownership, free enterprise, capital accumulation, wage labor and competitive markets.

- A. socialism
- B. utilitarianism
- C. communism
- D. capitalism

117. How is the power of eminent domain exercised?
- taking of private property or rights by the government for just compensation when it is for public purpose
 - the state could take or authorize the taking of private property for public use without the owner's consent, conditioned upon payment of just compensation
 - the state could impose compulsory levies on individuals or entities
 - all of the choices
118. Who may file for community tax in the Philippines?
- only persons who have income tax return
 - all Filipino citizens (including newborn)
 - only senior citizens
 - every Filipino who is at least 18 years of age and have working for 30 consecutive days
119. Who leads in a matriarchal community?
- mother
 - oldest daughter
 - aunt
 - grandmother
120. Which philosophy believes in harmony with nature and we should live with balance and virtue.
- Taoism
 - Confucianism
 - Buddhism
 - Sikhism
121. Of the following statements listed below, which is a part of scientific method that will provide information to support predictions?
- Perform experiment with a controlled set up
 - Refer to internet for the possible answer
 - Formulate a scientific guess
 - Interview resource persons in order to collect possible data
122. Which of the following is used in classifying plants based on phylogenetics?
- Chemical Composition
 - Structural Similarities
 - Physiological Traits
 - Evolutionary Sequence
123. The Father of Modern Taxonomy and responsible for classifying man as Homo sapiens is
- Aristotle
 - Gregor Mendel
 - Carl Linnaeus
 - Charles Darwin
124. The thin structure used by amoeba for its movement, changing its shape and food getting is called
- Myosin Filaments
 - Mono Filaments
 - Pseudo Filaments
 - Micro Filaments
125. What do you think will happen when a plant cell is placed in a hypotonic solution?
- The plant cell will shrink
 - The plant cell will swell
 - The plant cell will rupture
 - The plant cell will remain as is

126. The openings underneath the leaves that serve as the breathing organ of the plants are called
- A. Cells
 - B. Stomata
 - C. Nucleus
 - D. Xylem
127. Plants capture energy from the sunlight by means of a molecule known as
- A. Chlorophyll
 - B. Adenosine Triphosphate (ATP)
 - C. Oxygen
 - D. Nitrates
128. In order to determine the cause of an infectious disease, a diagnostic test that allow microorganisms to multiply in a medium is performed in a controlled laboratory condition. This test is called
- A. Complete Blood Count (CBC)
 - B. Urinalysis
 - C. Microbial Culture
 - D. Magnetic Resonance Imaging (MRI)
129. secretes insulin that aids in the regulation of sugar in the body?
- A. Kidney
 - B. Liver
 - C. Pancreas
 - D. Thyroid
130. Who was this English naturalist who hypothesized that evolution resulted from natural selection?
- A. Gregor Mendel
 - B. Charles Darwin
 - C. Carl Linnaeus
 - D. D. D. Stevens
131. Which statement is correct about dominant genes?
- A. Will not be expressed if heterozygous
 - B. Are aggressive and expresses the more beneficial traits
 - C. Prevent the expression of another gene in the same locus
 - D. Should not be paired with recessive gene in order to be expressed
132. A virus has a protein shell called
- A. Capsid
 - B. Nucleus
 - C. Nucleic acid
 - D. Gene
133. What do you call a marine mammal that has a long ivory tusks and well adapted in the tundra biome?
- A. Whale
 - B. Elephant
 - C. Walrus
 - D. Polar Bear
134. The term used in showing the feeding connections among all the living things is called
- A. Energy Pyramid
 - B. Nutrition Cycle
 - C. Food Web
 - D. Water Cycle
135. Organisms, like ants, behave under specific environmental conditions, such as storing food during summer defending themselves by stinging enemies or even invading other ant colonies. The term used to describe this behavior of the organisms is called
- A. Ecological Defeat
 - B. Ecological Habitat
 - C. Ecological Succession
 - D. Ecological Niche

136. The major concern about global warming arises from the increased concentration of
 A. Greenhouse Gases
 B. Suspended Particulates
 C. Acid Rain
 D. Sulfur Oxides
137. What particular marine organism becomes poisonous for human consumption after being affected by the red tide phenomenon?
 A. Algae
 B. Arthropod
 C. Mollusk
 D. Dino flagellate
138. Social and environmental injustices are interconnected, as exemplified by which of the following activities?
 A. Temperature warming and rise of sea level due to continuous industrialization
 B. Toxic wastes from industrialized countries are disposed to poorer countries
 C. Extinction of rare animal species due to illegal hunt of hunters from developed countries
 D. Desertification of third countries by the developed countries
139. An ecosystem that suffered ecological imbalance can recover naturally through
 A. Ecological succession
 B. Ecological evolution
 C. Ecological balance
 D. Ecological Niche
140. A simple hypothetical ecosystem consists of the following: worms, which are the primary consumer feed on the cabbage, the producers. The small passerine birds, feeding on the worms are the secondary consumers and the lion acts as the tertiary consumer. A farmer arrives and sprays pesticides, killing all the caterpillars. What will happen to the organisms in the ecosystem?
 A. The lion will die
 B. The passerine birds will thrive
 C. The cabbage will wilt and die
 D. The worms will still reproduce
141. A razor blade can float on the surface of water because of
 A. Surface tension
 B. Capillarity
 C. Buoyant force
 D. Liquid pressure
142. Of the energy sources listed below, which one is considered as the most abundant but still not fully developed?
 A. Oil
 B. Sun
 C. Wind
 D. Coal
143. Which of the following statements is true?
 A. Light travels fastest in a vacuum while sound travels fastest in solid
 B. Light travels fastest in solid while sound travels fastest in liquid
 C. Both light and sound travel fastest in a vacuum
 D. Both light and sound travel fastest in solid

144. A mirage is sometimes experienced by a driver while traveling along the highway during hot summer day. The effect of this phenomenon has something to do with
- A. Zinc Composition
 - B. Asphalt Seal
 - C. Carbon Coating
 - D. Electrolyte
145. Perfumes and artificial flavors contain organic compounds called
- A. Esters
 - B. Ethers
 - C. Acids
 - D. Alcohol
146. An atom of chlorine has an atomic number of 17 and mass number of 35. How many electrons are there in this atom?
- A. 1
 - B. 17
 - C. 18
 - D. 35
147. The chemical equation $AB + \text{Energy} \rightarrow A + B$ is an example of
- A. Exothermic decomposition
 - B. Exothermic synthesis
 - C. Endothermic decomposition
 - D. Endothermic synthesis
148. Of the following substances, which one is an alkaloid?
- A. Bakelite
 - B. Nicotine
 - C. Aspirin
 - D. Eucalyptus
149. How many phases does the moon pass during one complete revolution around the earth?
- A. 3
 - B. 4
 - C. 6
 - D. 8
150. What term is given to the surface of the earth between the tropic of cancer and the equator?
- A. Longitude
 - B. Meridian
 - C. Zone
 - D. Solstice

FINAL PRE-BOARD 2018

PROFESSIONAL EDUCATION

Code:S2018FPB

SET A

General Instructions:

1. This test booklet contains 150 test questions for **PROFESSIONAL EDUCATION**.
2. Read **INSTRUCTIONS** to **EXAMINEES** printed on your answer sheet.
3. Shade only the box that corresponds to your answer sheet using your pencil No.2. Two or more boxes shaded will invalidate your answer. There is only one answer to each question.
4. In case you find no correct answer please shade option "E"
5. Do not write anything on the test booklet. **AVOID ERASURES**.
6. This is **MET** Property. Please return this booklet with the answer sheet to your Room Watchers. Bringing this test booklet out of room will be a ground for cancellation of your Examination.

GOOD LUCK!

PROFESSIONAL EDUCATION SEPTEMBER 2018

Multiple Choice:

1. In the 4A's of facilitating learning, the first thing that a teacher should do is:
x A. Abstraction
x B. Analysis
C. Activity ✓
x D. Application
2. Among the following, which is an example of a metacognitive level of question?
+ I. What did I learn from this lesson?
+ II. How will I learn more from this?
+ III. How can I better arrive at a solution?
+ IV. Why is the lesson important to myself?
↳ thinking about thinking
A. I only
B. II, III and IV only
C. II and I only
D. I, II, III and IV
3. In metacognitive learning, which of the following can be applied?
A. Emphasis on hypothetical question
B. monitoring own comprehension
C. abstract concepts
D. problem solving skills
4. In her desire to finish all topics in the unit, teacher May conducts lecture while her students listen to her. What learning principle is violated by teacher May?
A. Learning is discovery of new ideas
B. Learning is an active process
C. Learning is sometimes painful
D. Learning is a collaborative process
5. Defining and clarifying for critical thinking includes the following EXCEPT
be different
you can ask questions
A. Using established process
B. Identifying conclusions
C. Seeing differences and similarities
D. Identifying both the stated and the not stated reasons
6. Teachers are aware of the importance of continuation of learning, for students to further study the topics, Synapse Strengtheners provide them with _____.
- A. boundaries
- B. concerns
- C. problems
+ D. opportunities
7. The following facilitates critical thinking EXCEPT
+ A. reflecting on how they learn
+ B. gathering information
+ C. comprehending a story
- D. providing conclusions *open feeding*
8. A teacher decided to show only a portion of the video to introduce discussion rather than the entire video. What is the teacher trying to achieve in this strategy?
- A. control discipline
- B. time management - careful planning
- C. save power
+ D. focus

9. Among the following interactions, which one shows a strong STUDENT CENTERED environment?
- + ☒ A. student to student interaction
 - B. student to lesson interaction
 - C. teacher to student interaction
 - D. student to outsider interaction
10. Among the following practices, which one does NOT promote interaction?
- + A. rephrasing the question
 - + B. repeating and expanding on a student's response
 - + C. soliciting questions from students
 - ☒ D. rejecting the student's answer immediately *schema*
11. Teacher Marissa, a believer of Constructivism asked her students to present ideas on what is the essence of ASEAN integration in their own private lives. What kind of response/presentation will she expect from her students?
- A. narrative
 - B. advance organizer
 - C. script
 - ☒ D. schema *- schematic*
12. Using Bloom's Taxonomy of cognitive domain, what level does Teacher Englevert want to achieve when he ask his students to rate their own work using rubrics, a rating process which he explained to the class before the students began with the task?
- ☒ A. application
 - B. synthesis
 - C. analysis
 - D. evaluation
13. Bagong Silangan School will choose an Outstanding Teacher of the Year, the judges set several criteria as basis to give points to the candidates. What attribute of critical thinking did the judging committee practiced?
- ☒ A. take into account the entire situation
 - B. open mindedness
 - C. seek clear statement of the issue
 - D. keep original problem in mind
14. During critical thinking process, when a person wants to clarify and challenge a problem, the person will usually ask this question,
- A. When did this happen?
 - B. What is the main point?
 - C. What is the issue for discussion?
 - ☒ D. Where did the problem arise?
15. Among the following activities in the room, which one promotes active learning in SCL?
- A. lecture
 - B. drills
 - ☒ C. project making *learning by doing - promotes active learning*
 - D. demonstration
16. When evaluating students' works and outcomes, the teacher has to possess objectivity and _____.
- x A. memory
 - ☒ B. written notes and records
 - x C. functions and guesses
 - x D. memory

17. Teacher Allan demonstrated the deductive method of teaching in his Grade 4 Math class on the topic Addition of Similar Fractions. Based on his teaching demo, he showed the class examples on how to add similar fractions, and after showing at least five examples, he announced to the class the rule in adding similar fractions. Did Teacher Allan followed the deductive way of teaching correctly?
- A. Yes, his lesson is deductive *general to specific*
 B. Both deductive and inductive
 C. Yes, he started with concrete
 D. No, he went inductive
18. The following show characteristics of mastery of the content of lesson except _____
- A. deficient
 B. admissible
 C. proficient
 D. adroit - *marking*
19. Teacher Mario strongly feels that James possesses an acute complex-cognitive ability as shown by his ability to _____
- A. identify and place ideas into categories
 B. integrate complex information
 C. break down complex info
 D. maintain distinctions
20. Read the lesson objective: "At the end of the lesson, all learners must develop a good attitude towards government program." Is the objective a SMART one?
- A. Yes, this is written in behavioral terms
 B. Partly, because it is about affective lesson
 C. Yes, because it is well written
 D. No, it is not specific and measurable
21. Teacher Knoi wants to propagate critical thinking among his students. Which type of questions must he use?
- I. Closed questions
 II. Convergent questions
 III. Divergent questions IV
 IV Open-ended question
- A. I and IV
 B. III and IV
 C. II and III
 D. I and II
22. As a constructivist teacher, Mark asked his students to present the episodes in butterfly life cycle. What does he expect from his students?
- A. paradigm
 B. scheme
 C. script
 D. advance organizers
23. In Learning Thinking Strategy, what kind of strategy do expert learners apply to task at hand?
- A. new
 B. prior
 C. rigid
 D. worn-out
24. What kind of teacher is Jenny when her style is fussy, teaches things over and over and is concerned with functional order structure?
- A. Compulsive type
 B. Entertainer type
 C. Secular type
 D. Quiet one type

25. What kind of teacher is Lawrence when he is looked upon as a wise and purposely probing students by artful questioning?
- A. apprenticeship style
B. town meeting style
C. traditional style
D. Socratic style
26. Among the following, which initiative contributes to positive learning and classroom management?
- A. simple review and looking back at the lesson
B. dangle lessons
C. persistent reminder on school rules
D. effective routine and drills
27. Teacher Emman wants to encourage participation by learners on the issue of peer pressure. Which among the following can provide the needed participation?
- A. PPT
B. Advance organizers
C. Role playing
D. Visual Aids
28. Teacher Harold wants to achieve a more interactive classroom. Which among the following can foster interaction?
- A. inductive lesson
B. deductive lesson
C. inquiry lesson
D. seat work
29. Among the following, Teacher Hector knows that revealing and elaborating to the level full understanding will be achieved through
- A. advanced organizer
B. spiral curriculum
C. concept map
D. enrichment curriculum
30. Teacher Paul exerts effort to make students discover personal values applicable for life in his lessons. IN this particular activity what domain of learning is focused on?
- A. metacognitive
B. cognitive
C. skills
D. affective
31. Teacher Andrew wants lesson that involves more senses in the learning process. This can be achieved through _____.
- A. exhibit
B. demonstration
C. field trip - more senses
D. lecture
32. Teacher Pacita respects the age and maturity of her students, her lesson therefore can be seen as focusing on _____
- A. appropriate level of instruction
B. incentives and reinforcement
C. quality of instruction
D. time management
33. Teacher Ela considers herself mainly as "facilitator of learning" and not a "walking encyclopedia". Teacher Ela's approach to teaching can be said as _____.
- A. Mastery centered
B. traditional type
C. student centered
D. teacher centered

34. Teacher Gail immediately started the lesson without introductory orientation of lesson. What principle was not applied?
- preparing students to be quiet
 - giving a pre test and post test
 - preparing instructional tools
 - ☒ connecting present and previous lessons
35. Teacher Pewee asked his students to state a quote using their own words. Teacher Pewee is trying to _____.
- Summarize
 - ☒ Paraphrase
 - Draw analogies
 - Compare and contrast
36. What type of education can best prepare a global teacher for a truly limitless and boundless world?
- Formal Education - *level*
 - Inclusive Education - *education for all*
 - Alternative Education - *non-formal education/give to those who miss the formal education*
 - ☒ Multicultural Education
37. The Code of Ethics for Professional Teachers provides guidelines on acceptable teaching behavior. These are all tolerable except:
- ☒ Claiming others' work to be yours *(plagiarism)*
 - Occasional drinking that does not lead to drunkenness
 - Having a romantic relationship with a student
 - Discovering research findings that are damaging to the country
38. Teacher Tony is in a romantic relationship with his student. Is this allowed?
- No, and he can be sued for harassment.
 - No, unless the principal allows.
 - ☒ Yes, as long as he ensures that gossip, scandal, and preferential treatment will not take place.
 - Yes, because in a democratic society, romantic relationships are out of the scope of school authority.
39. Teacher Louise transferred to the public school because of the higher salary and potential for a higher retirement pay. How does she view teaching?
- ☒ As a profession
 - As a vocation
 - As a mission -
 - As a side job
40. Who among the following is not technically considered a "Teacher," if one were to refer to the Code of Ethics for Professional Teachers?
- Teacher Althea of Nursery - Section Apple
 - ☒ Professor Clarita of BSEd - Section 3
 - Mr. Joseph of Grade 12 - Section Einstein
 - Miss Anavill of Grade 6 - Section Tokyo

41. In special education, quantitative marks are not as important as qualitative feedback, usually in the form of anecdotal records. If Kaye does this very well, she will develop skills in this D-NCBT domain.
- ☒ A. Diversity of Learners
☒ B. Assessment, and Reporting
☒ C. Community Linkages
☒ D. Social Regard for Learning
42. In joining different programs for personal growth and professional development (Domain 7), what is the most desirable drive that is expected from teachers?
- A. Higher position or possible promotion according to the existing merit system
B. Prestige / stature as a degree holder in education
C. Aspiration to become a master teacher
☒ D. Intrinsic desire to grow continuously
43. During one parent-teacher conference, Principal Pilar received in her office a parent who was furious at the grade her child received. During this meeting, Principal Pilar allowed the parent to pour out her grievances. What trait did Principal Pilar show best?
- A. Inspiration to the parent
B. Expert problem-solving skills
C. Just and fair arbiter / judge
☒ D. Patient listener
44. When Calvin uttered the line "I am only a teacher," what was the implication?
- A. He is dissatisfied with his salary.
B. He is depressed.
C. He is having trouble with parents.
☒ D. He is not proud to be a teacher.
45. Teacher Anavill is willing to share her time and talent with fellow teachers within the same school, especially when there are tasks to be accomplished. She demonstrates behavior that is reflective of this Career Stage.
- A. Stage 1 - *beginner*
B. Stage 2
☒ C. Stage 3
D. Stage 4
46. It is logical to say that high moral character is shown by the following thoughts, attitudes and deeds EXCEPT for ____
- A. nurturing at home and school *moral*
☒ B. technology innovations *amoral*
C. positive philosophy of life *moral*
D. human behavior during stages of growth *moral*
- moral - good / ethical*
immoral - bad / unethical
amoral - neither good or bad
47. Which school of thought is attained when educators aims to improve global society through change by way of convergence and transformation?
- A. Existentialism - *choices*
B. Progressivism - *change (person)*
C. Essentialism - *basic / traditional*
☒ D. Reconstructivism (*Student - centered learning by doing* / *society*)
48. Which main quality exemplifies the honesty of school heads towards everyone in school and in the community?
- A. Sensitivity
B. Humility
☒ C. Integrity
D. Wisdom

Professional Education

49. In the context of multicultural education, what is the appropriate term given to the problem of fixed focus on types of learners such as to think that all pupils from slums are poor in intelligence?
- A. discrimination - behavior
B. stereotyping - generalize / belief
C. prejudice } attitude (like, anger, hate)
D. bias } from
50. Each analogy below shows the different philosophies of education and their corresponding application **EXCEPT:**
- + A. Progressivism :: thought provoking games
+ B. Essentialism :: core requirements
+ C. Perennialism :: history's timeless concepts / timeless
D. Existentialism :: physical stimuli
R.A. 9710 (Magna carta of women)
51. GAD or Gender And development is an initiative towards _____ education
- A. gender- biased (negative)
B. inclusive (for all)
C. exclusive (secluded)
D. feminist (for women) UN-CEDAW
52. This is a modern version of "bayanihan" initiated by Department of Education wherein many stakeholders and sectors in the society work together to ensure conducive schools.
- A. 4Ps
B. PPP
C. E- IMAPACT
D. Brigada Eskwela
53. The statements below all show John Dewey's major contributions to the sociological foundations of education which are still very much recognized today **EXCEPT for** _____.
- + A. School is continuation of home; activities at home continue at school.
+ B. Education is social process beginning unconsciously at birth.
+ C. Facilitating education means being aware of the social condition of the child.
D. "True education" is transmission of knowledge (Aristotle) (Traditionals)
54. In **sociology**, this refers to the process wherein children become participating and functioning members of society by fitting into an organized way of life.
- A. Assimilation - embracing the new culture and
B. Acculturation - fused your old culture. **Enculturation** - for learned your own culture
C. Accommodation - learning other culture aside your own
D. Socialization
55. Which among the following are categorized as bullying?
- I. Punching, pushing, shoving, kicking, slapping, tickling, headlocks, inflicting school pranks, teasing, and fighting using available objects as weapons (physical)
II. Any act that causes damage to a victim's psyche and /or emotional well – being (emotional)
III. Name-calling, tormenting, and commenting negatively on victim's looks, clothes and body (verbal)
IV. Cyber- bullying or any bullying done through the use of technology or any (cyber)
- A. I and II
B. II, III and IV
C. I, II, III and IV
D. III and IV

56. What is the reason behind the line "philosophy is deductive, rather than an inductive science"?

- A. It starts from the real to the mental (inductive)
- B. It relates external reality to mental reality (inductive)
- C. It starts with the real outside the mind (inductive)
- ☒ D. It starts from prior ideas in the mind (deductive)

57. The development of sound judgment, commitment to truth, and the strengthening of the moral fabric of society all belong to this major goal of Philippine education.

- A. Self-realization
- ☒ B. Ethical character
- C. Autonomy
- D. Enculturation

58. There is a gap between words and actions, and so the teacher needs to demonstrate certain characteristics and the most personal of which is _____.

- ☒ A. to keep an open mind
- ☒ B. to monitor one's own behavior (metacognition)
- ☒ C. to engage in socio-civic projects
- ☒ D. to be tolerant of others

59. What can be best considered as the core of universal morality and of human society among the options below?

- ☒ A. Constitution, criminal and civil laws
- ☒ B. Prescriptions for health and wellness
- ☒ C. Judeo-Christian religion
- ☒ D. UN Declaration of Human Rights

60. Evaluating the issue on teenage pregnancies, what can be the education sector's best response to this problem?

- A. Control of mass media
- B. Exclusive education separating genders
- ☒ C. Holistic sex education
- D. Sex education by Church people

61. According to PRC Revised Guidelines for Continuing Professional Development (Resolution No. 2013-774), every professional teacher is required proof of _____ continuing professional development units for renewal of professional identification card every three years. RA 10912

- A. 30
- B. 36
- ☒ C. 45
- D. 48

62. How can inter-agency efforts (DepEd, CHED, PRC and CSC) Be best achieved for the Training and development of teachers?

- ☒ A. Coordination
- B. Streamlining
- C. Agency integration
- D. Cost-reduction

63. For teachers, what is the most laudable motive for the participation in professional development programs?

- A. Optimal use of time and resources
- ☒ B. Continuing professional growth
- C. Support for training programs
- D. Promotion and higher merit pay

64. How can research support academic quality advancement?
- ☒ A. Inquiry in best practices
 - B. Assessment of school management
 - ☒ C. Focus on curriculum reform
 - D. Relevance in vision- mission-core values
65. What is the focus of the K to 12 Senior High School Program?
- A. General education
 - B. Social Communications
 - ☒ C. Technical- vocational training
 - D. Humanities
66. What education program is relevant to change in behavioral patterns?
- A. Cultural education
 - B. Physical education
 - ☒ C. Values education
 - D. Social education
67. What is the end- focus of Outcome- based education?
- A. Objectives
 - ☒ B. Competencies / outcomes
work related skills
 - C. Assessment
 - D. Methods
68. What competency is developed by the vocational subject known as Landscape Drawing?
- A. Depicting people and places
 - B. Mechanical design
 - ☒ C. Planning structures
 - D. Artistic Manipulation
69. In the Education Act of 1901 which established a free public education in the Philippines. What language was imposed under the one-language policy?
- A. Spanish
 - ☒ B. English
 - C. Tagalog
 - D. Filipino
70. In what research method is pre-test and post-test best used?
- ☒ A. Experiment
 - B. Case study
 - C. Field study
 - D. Survey
71. What is client- based and most directly helpful in introducing changes/ reforms in school services?
- A. Parent's feedback
 - B. Teacher survey
 - C. Principal's observation
 - ☒ D. Student feedback
72. What do Wiggins and McTighe cite as proof of student understanding of the principles of learning?
- ☒ A. Repeating teacher's input
 - ☒ B. Memory retention
 - ☒ C. Applying to solve problems
 - D. Setting given examples
73. In K to 12 assessments, what happens to students who fail in two learning areas?
- A. Repeat subject with failures
 - B. Retained in same level
 - C. Not accepted for enrolment the following year
 - ☒ D. Pass to next level after remedial classes

74. When his fellow Social Science teachers share their frustration with students' poor written social research reports, Raul suggests that they invite several English teachers to recommend strategies for writing research. With two English teachers, the social science teachers examine a number of researches together and identify strengths and weaknesses. The English teachers share strategies they use in their classes to improve students' writing. Which role do the English teachers play in this case?

- A. Curriculum specialist
- ☒ B. Instruction specialist - *teacher who know the effective strategies*
- C. Curriculum designer
- D. Curriculum evaluator

75. Owing to issues in friendship, family ties, gender rights, etc., _____ is a value-rich subject that provides a wide opportunity for value formation of learners.

- A. English
- B. Filipino
- C. Islamic Studies
- ☒ D. Social Studies

76. Learning by Doing / Progressivism
John Dewey's major contributions to the sociological foundations of education which are still very much recognized today are the following, EXCEPT:

- + A. School is continuation of home; activities at home continue at school.
- + B. Education is a social process beginning unconsciously at birth.
- + C. Facilitating education means being aware of the social conditions of the child.
- ☒ D. "True education" is transmission of knowledge. *(Omniscient)*

77. What is the main reason why the Christian religion is taught as a principal subject to schools during the Hispanic era in the Philippines?

- A. Religion is good for pagans.
- ☒ B. Natives are non-believers.
- C. Religion prevents war.
- D. Hispanic culture is Christian.

78. What is the philosophy behind Philippine schools that seek to promote democratic opportunities for all and humanistic education through lifelong learning?

- A. Perennialism - *timeless*
- ☒ B. Progressivism - *1936*
- C. Classical education
- D. Positivism

79. Which is new in the teaching of TLE in the K to 12 curriculum?

- A. NC I is expected of the Grade 7 completer.
- B. Grade 7 TLE is exploratory.
- C. NC II is expected of the Grade 8 completer.
- ☒ D. Grade 7 and 8 TLE is exploratory.

81. The K to 12 curriculum includes programs for the gifted and talented, programs for learners with disabilities, Madrasah curriculum and Indigenous Peoples (IP) Education program. What does this prove of the K to 12 curriculum? *MacLean*
- A. Millennial
☒ B. Inclusive
 C. Subject-matter centered
 D. Constructivist
82. In OBE, assessment is focused on _____ rather than intended results of learning.
- A. standardized results
☒ B. demonstrated results
 C. formative results
 D. predicted results
83. Based on the Enhanced Basic Education Act of 2013, which does basic education in the Philippines encompass? *RA 10533*
- I. Kindergarten
 II. Elementary
 III. Secondary
 IV. Alternative Learning Systems
- A. II and III
 B. I, II, and III
☒ C. I, II, III, and IV
 D. I and II
84. What are the features centered in the K to 12 curriculum?
- I. Inclusive
 II. Equitable *X*
 III. Gender-Sensitive
 IV. Culture-Sensitive
- A. II and III
 B. I and III
☒ C. I and II
☒ D. I, III, and IV
85. The introduction of Mother Tongue as a subject and as a language of instruction is in support of _____.
- I. The learning of English as a second language
 II. The preservation and promotion of Filipino cultural heritage
 III. Improve learner's performance
- A. I and III
 B. I and II
☒ C. I, II, and III
 D. II and III
86. Alvin wants to apply metacognition after his class in Physics. Which of the following questions should he ask himself at the metacognitive level?
- I. Why did I not learn this at first?
 II. What has this lesson to do with me?
 III. How should I do this to be sure of results?
 IV. What is the best way to arrive at the solution?
- A. II only
 B. I, III and IV
☒ C. II, III, IV
☒ D. I, II, III

87. According to BF Skinner, reinforcement, which is a type of consequence that will increase the likelihood of a person's behavior to happen again, can be either positive or negative. Which of the following teacher's pronouncements would fall under Skinner's definition of negative reinforcement?
- ☒ A. "No permit, no final exam."
 - ☐ B. "The exam is postponed indefinitely."
 - ☒ C. "Those who miss the final exam will receive a failing mark."
 - ☐ D. "No final exam for those with midterm grade of 1.25 or higher."
88. Gestalt Theory is focused on the experience of contact that occurs in the here and now. It also considers with interest the life space of teachers as well as students. In this theory, _____ occurs through contact sharing of ideas between teachers and students.
- ☐ A. authentic learning
 - ☒ B. modeling learning - Bandura
 - ☐ C. substitution learning
 - ☒ D. vicarious learning - you learn from others (Bandura)
89. Of the following classroom practices, which is considered a Pavlovian conditioning adopted by the classic or traditional educators but not anymore by the liberal or progressivist teachers?
- ☒ A. test and quizzes
 - ☐ B. punitive measures (result from punishment)
 - ☒ C. examinations and feedback
 - ☒ D. monitoring and assessment
90. Pressured to finish all the topics mandated in the curriculum, Teacher Danny kept on giving lectures in his classes while his students remained seated to listen. What time-tested principle of learning did Teacher Danny violate in the given situation?
- ☐ A. Learning is an active process.
 - ☐ B. Learning is a discovery of ideas. - let them discover, independent learning
 - ☒ C. Learning is a collaborative process. - group work, group activity
 - ☐ D. Learning begins with setting of outcomes.
91. In a Science class, Teacher Karen demonstrated to her students how to do the science experiment. With reference to Bandura's different kinds of models, Teacher Karen who demonstrated a behavior in front of the learners is an example of _____ model.
- ☐ A. Verbal - description / explanation
 - ☐ B. Symbolic - real or fictional character displaying behavior
 - ☒ C. Live - actual movement
 - ☒ D. Virtual
92. Which major paradigm of learning focuses and explores learner's inner mental activities such as thinking, memory, knowing and problem solving?
- ☐ A. Behavioral theories
 - ☒ B. Cognitive theories
 - ☐ C. Field and Gestalt theories
 - ☐ D. Social theories
93. Skinner propounded the notion that learning is a result of change in overt behavior caused by the events that occur in the environment such as school.
- ☐ A. Shaping of Behavior - reinforce small steps
 - ☒ B. Operant Conditioning
 - ☐ C. Behavioral Chaining - performing a number of response.
 - ☐ D. Reinforcement Schedules

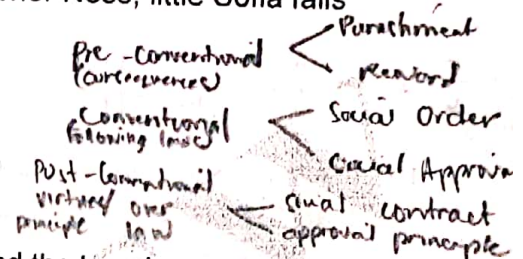

94. Based on Piaget's theory of moral development, at what age do children accept that all rules are made by some authority figures (e.g. parents, teacher, God), and that they should never ever break these rules?

- A. ages 11 to 12
 (B) ages 5 up to 7-8

- C. ages 9 to 11
 D. infancy to age 5

95. When little Sofia behaves well so that she could get a star from Teacher Ness, little Sofia falls under which level/stage of Kohlberg's moral development theory?

- A. Conventional for social approval
 (B) Pre-conventional for mutual benefit
 C. Pre-conventional out of fear of the teacher
 D. Post-conventional for social contract of the common good

96. Which major learning theory amplifies the interaction of the individual and the learning environment?

- A. Social theories
 (B) Field and Gestalt theories
 (Kurt Lewin)

- C. Cognitive theories
 D. Behavioral theories

97. For Erik Erikson, unsuccessful resolution of the adolescent stage "Identity vs. Role Confusion" may lead to maladaptive behavior known as "fanaticism" in which one believes his way is the only way, leaving no room for tolerance. This behavior is quite prevalent today with people who believes in

- A. unity of all nations
 (B) terroristic ideologies

- C. democratic principles
 D. globalization in borderless world

malnourishment - too much negative
 maladaptation - too much positive

98. Jerome Bruner, who developed his own learning theory, felt that ideally _____ is the best stimulus for learning, not grades or class ranking.

- A. Model instruction
 B. Reward and punishment

- C. Remodeling instruction
 (D) Interest in the subject matter

99. When people are now engaged more than ever in the saving of the environment amidst climate change and other pressing environmental issues, they already have high aptitude for _____ thinking.

- (A) reversible - ability to recognize change but still can be reversed
 B. decentering - the child focus on multiple aspects/options
 C. conservation - no change of the amount even if the change of appearance.
 D. abstract - make interpretation

100. Which of the major learning theories defines learning as the changes in what people say or do?

- A. Social theories
 B. Cognitive theories

- (C) Behavioral theories
 D. Field and Gestalt theories

101. When RH Bill was passed in the Philippines, it was confronted with a lot of controversies and public debates as numerous pro-life groups believed that the bill will open door for abortion. The groups who went to protest belong to Kohlberg's _____ stage of moral development.

- A. Conventional to gain social approval
 B. Conventional by following religious law belief
 (C) Post-conventional for social contract (you can still change)
 D. Post-conventional for universal ethical principles

102. ^{Johan Friedrich}Herbart, who founded pedagogy as an academic discipline, advocated the formal steps in teaching which consequently will increase the learner's intrinsic motivation. Based on the list below, what should be the proper order of steps in teaching?
- Father of Pedagogy
↓
Source of teaching / methods of teaching / Academic Discipline
↓
Teacher Education
↓
Develop the 1st Lesson Plan (Herbartian Methods of teaching)
- I. Present the topic
 - II. Prepare topic of interest
 - III. Inductive questioning
 - IV. New knowledge relate to the existing knowledge
3. Compare / Associate
 4. Generalization
 5. Apply
- A. III, II, I and IV
B. I, II, III and IV
C. II, III, I and IV
D. II, I, III and IV

103. Pavlov's dog experienced stimulus generalization when it began to salivate to sounds different than the sound of the original bell. Which of the following current social events is considered a manifestation of stimulus generalization in the field of education?

- x A. School opening is in June.
☒ B. OBE is the new approach to learning. (a model approach followed by all schools)
 x C. K to 12 is now implemented in schools. (no)
 x D. Scholarship is given to the highest honors.

104. Teacher Ruby said to her class, "It is important to pay attention to this part of the lesson, as the rest of the material is closely based upon it." Hearing this, Joven listened very carefully. When the lesson is seen as important that made Joven becomes intrinsically motivated to learn, he is in the _____ level of processing.

- A. Cognitive system
 B. Metacognitive system
 C. Between cognitive and metacognitive system
☒ D. Self-system - Harry
 (decide what goals or task they choose)

105. According to Lev Vygotsky, when the learner is in his Zone of Actual Development, he can perform the skill _____.

- A. assisted by teachers
☒ B. alone

- C. assisted by adults
 D. self and peers

106. After Karen has explored all of her alternatives, she decided and committed herself to volunteer in programs with noble cause and charitable projects and activities.

- A. Identity achievement - explored alternative paths
 B. Identity diffusion - not yet explored
 C. Identity foreclosure - commitment
 D. Identity moratorium - explore alternatives

107. Under which category of disabilities do Down's syndrome, Prader Willi syndrome, and Fragile X syndrome belong?

- A. Autism - highly cognitive
 B. Intellectual Disabilities - verbal & nonverbal problem
 C. Learning Disabilities - specific cognitive
 D. Other Health Impairment

108. Who is best equipped to lead in the formulation of an Individual Educational Plan for Special Children?

- A. Child therapists
☒ B. Special education teachers
 C. Parents of special children
 D. Child psychologists

109. Teacher John is using technology to enhance the learning in a in his subject matter. He is practicing:
- A. Gamification
 - B. Collaboration
 - C. Technology- driven
 - ☒ D. Integration
110. The following are the instructional materials as supplements to textbooks, except:
- A. Computer Software
 - B. Tables, charts and maps
 - ☒ C. Guide Questions
 - D. Mobile App
111. Teacher Gabriel have shown only the important portion rather than whole video as a motivation to his lesson in the class. What did he achieve?
- A. Saving on electricity
 - B. Avoiding unnecessary noise
 - ☒ C. Better use of time
 - D. Managing discipline
112. In selecting a technology, what is the most crucial factor that a teacher should consider?
- A. Learning Content
 - B. Evaluation
 - ☒ C. Objectives
 - D. Lesson Plan
113. The following are the importance of internet and world wide web in the teaching and learning, except:
- A. Access to a large database of information
 - B. Support open distance learning
 - C. Extended learning opportunities
 - ☒ D. Can be used in search of a lifetime partner
114. Arrange chronologically the following events of instruction that was developed by Robert Gagne:
- I. Elicit performance
 - II. Provide feedback
 - III. Gain attention
 - IV. Inform learners of objectives
 - V. Stimulate recall of prior learning
- A. I, III, II, and V
 - B. II, V, III, and I
 - C. II, V, III, IV, and I
 - ☒ D. III, IV, V, I, and II
115. Which of the following is the most limited in terms of the amount of information that may be transmitted through its use?
- ☒ A. Chalkboard
 - B. Graphs and charts
 - C. Internet
 - D. Moving film
116. In providing the students access to the internet, teachers should observe these standards, except:
- A. Teach students to test reliability and authenticity of a website.
 - ☒ B. Allow students to independently explore the world wide web.
 - C. Require students to cite all the websites they use to ensure that they give proper credit and avoid plagiarism.
 - D. Inform students of their limitations in accessing the internet.

117. Authentic learning can also be similar with what level in Dale's cone of experience?

- A. Contrived Experiences
- ☒ B. Direct, Purposeful Experiences
- C. Dramatized Experiences
- D. Field trips

118. What level of technology integration is reached by Teacher Liza who builds a learning environment that instills the power of technology tools throughout the day and across subject areas?

- A. Infusion
- B. Adaptation
- ☒ C. Transformation
- D. Adoption

119. What educational technology is most appropriate in showing the trend in temperature change from month-to-month?

- ☒ A. Bar Graph
- B. Flowchart
- C. Drawing
- D. Map

120. Blended learning is made possible partly through actual classroom meetings coupled with _____ instruction.

- A. Print Module
- B. Tape- recorder
- ☒ C. Online
- D. Private Tutor

121. Teacher Anne is planning an objective test. Which of the following should she do first?

- A. Decide on the length of the test item
- ☒ B. Define the instructional objectives
- C. Select the type of test
- D. Construct a table of specifications

122. Which is NOT a criterion referenced test?

- A. Based on standards
- B. Utilizes percent correct
- C. Based on table of specifications
- ☒ D. Utilizes percentile ranks

123. Which statement can be considered a weakness of alternate response type of test?

- A. Oversimplified, hard to measure HOTS
- B. Scoring is easy, objective and reliable
- C. Cannot measure complex outcomes
- ☒ D. Scores are more influenced by guessing

124. After conducting an assessment, Teacher Jeric found out that his students have attained the lesson's objectives so Teacher Jeric _____.

- A. should conduct remedial classes
- B. must review the past lessons
- ☒ C. can proceed with the next lesson
- D. should enrich the lesson

125. Which statement is true regarding the use of opinions in alternate response type of test?

- A. Opinions have no place in such type of test
- ☒ B. If used, should be attributed to a credible source within the statement
- C. It is fair for the teacher to use his or her own opinions in constructing true-false questions.
- D. Opinions should be stated in terms of facts

126. Cocoy obtained a score of 85 in mathematics multiple choice test. What does this mean?
- A. he has a rating of 85
 - ☒ B. he assured 85 items in the test correctly
 - C. he answered 85% of the items correctly
 - D. his performance is 15% better than the group
127. Based on DepEd's present grading system, which of the following are recorded and graded?
- I. Formative assessment
 - II. Summative assessment
 - III. Assessment of learning
- A. I and II
 - ☒ B. II and III
 - C. I and III
 - D. I, II, and III
128. Teacher Maricor ensures that her students are well prepared for their quarterly exam by regular conduct of assessment that is used as basis of decisions concerning whether to review, re-teach, remediate, or enrich the day to day lessons. What type of assessment is this?
- ☒ A. Formative
 - B. Summative
 - C. Assessment of learning
 - D. Assessment as learning
129. Budoy is a grade three student who, at the end of the last grading period, did not meet expectations in three learning areas. Under the DepEd guidelines on assessment, what will happen to Budoy?
- A. Promoted to the next grade
 - B. Must pass remedial classes for learning areas with failing mark before being promoted
 - ☒ C. Retained in the same grade level
 - D. Promoted to the next grade level with 'back subjects'
130. In the present marking system of K to 12, how are learners' behaviour reported?
- A. Numerical rating
 - ☒ B. Non-numerical rating
 - C. Pass-fail system
 - D. Anecdotal records
131. Teacher Venice requires her students to submit a portfolio that shows their best literary compositions from among all their finished works. What type of portfolio is this?
- A. Working portfolio
 - ☒ B. Display portfolio
 - C. Documentation portfolio
 - D. Growth portfolio
132. Among the portfolios below, which enables the teacher to determine students' mastery of the curriculum objectives?
- A. Showcase portfolio
 - ☒ B. Assessment portfolio
 - C. Evaluation portfolio
 - D. Process portfolio

133. A learning outcome in Grade 12 research subject reads 'At the end of the lesson, the students will be exposed to various research designs'. Is this a good target for assessment?
- A. Yes, the action is observable
 - B. Yes, the action can be measured
 - ☒ C. No, the action is not done by the students
 - D. No, the action is not attainable
134. Marie is a graduating high school student. She took the National Career Assessment Examination and finds out that she would most likely succeed in the field of engineering. As an assessment tool, what role did NCAE serve?
- ☒ A. Placement
 - B. Formative
 - C. Summative
 - D. Diagnostic
135. Teacher Vivian is asking her students to identify the laboratory equipments in the Physics Lab. Under the cognitive domain, which assessment level is this?
- ☒ A. Recalling
 - B. Synthesizing
 - C. Analyzing
 - D. Understanding
136. Christian was given a module by his teacher for him to catch up with the lessons he missed. The module includes a series of objective type test items after each lessons for Christian to check and monitor his progress as he move to the next lesson. What form of assessment is being applied by the teacher?
- A. Assessment of learning
 - B. Assessment for learning
 - C. Assessment for and as learning
 - ☒ D. Assessment as learning
137. In the DepEd's grading system, what are the components of summative assessment?
- A. Written, Oral and Performance Tasks
 - ☒ B. Written, Performance and Periodical Assessment
 - C. Written, Attendance, Projects, and Achievement Test
 - D. Written, Periodical, National Achievement Test
138. Which should Teacher Annie AVOID when writing essay items?
- ☒ A. The essay item should require simple, brief and factual answers.
 - + B. Essay items should indicate the time limit to answer the questions.
 - + C. There should be one set of essay questions for all the students to answer.
 - + D. The essay items should be restricted to learning outcomes that cannot be measured satisfactorily by objective items.
139. Authentic performance assessment refers to _____.
- A. demonstration of skilful activity
 - B. role playing sessions with students
 - C. summative assessment of skilful activities
 - ☒ D. tasks related to real-world activities

140. At the heart of DepEd's classroom assessment system is the commitment to ensure learners' success in moving from guided to independent display of knowledge, understanding, and skills. Which of the following is the theoretical basis of this system?

- A. Information Processing Theory
- B. Multiple Intelligence Theory
- C. Dale's Cone of Experiences
- D. Zone of Proximal Development

141. Given the following:

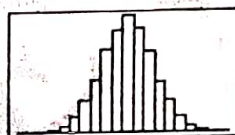

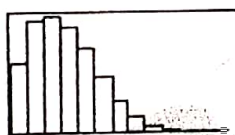

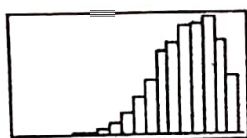

Item No. 10	A*	B	C	D
Upper 27%	16	3	10	1
Lower 27%	14	6	8	2

*correct answer

Which is the most effective distracter?

- A. Option A
- B. Option B
- C. Option C
- D. Option D

142. Below are histograms describing three sets of scores.

Which of the following best describes the given histograms?

- A. skewed-left, skewed-right, symmetric
- B. skewed-left, skewed-right, asymmetric
- C. skewed-right, skewed-left, asymmetric
- D. skewed-right, skewed-left, symmetric

143. Study this group of test which was administered with the following results:

Subject	Mean	SD	Anne's Score
Trigonometry	80	7.5	95
Chemistry	49	3	60
Filipino	95	12	90

On which subject did Anne perform the best in relation to the group?

- A. Trigonometry
- B. Chemistry
- C. Filipino
- D. Both Chemistry and Filipino

144. Teacher Au makes it a point to regularly check for understanding as she teaches to ensure that her students are able to follow the lessons. What form of assessment is being described in this situation?

- A. Assessment of learning
- B. Assessment for learning
- C. Assessment for and as learning
- D. Assessment as learning

145. Teacher Andrea conducted an assessment to her grade 4 pupils as she aims to describe the standard reached by the learner at the end of instruction. Which form of assessment is being described?
 A. Formative *Summative*
 B. Placement
 C. Assessment for learning
 D. Assessment of learning
146. For grades 1 to 10, what is the percentage weight given to performance tasks in the learning areas under Languages?
 A. 50%
 B. 40% *no relation*
 C. 60%
 D. 30%
147. Looking at a scatter plot of the scores of students in English and Mathematics, Teacher Angela observed that the data are spread evenly in all directions without discernable pattern. This means that:
 A. There is a high positive correlation between two variables.
 B. There is a low negative correlation between the two variables.
 C. There is a high negative correlation between the two variables.
 D. There is no or very weak correlation between the two variables.
148. Teacher Mark is teaching how to compute the volume of a pyramid. He checks whether his students understand what he is teaching. What type of assessment Teacher Mark administered?
 A. Diagnostic Assessment
 B. Formative Assessment
 C. Placement Assessment
 D. Summative Assessment
149. Which is FALSE about rubrics ?
 A. Rubrics reduced biases when rating activities using performance-based assessment
 B. Rubrics are use only by the teacher to make assessment objectives.
 C. Rubrics are rating scales that gives descriptions for each level.
 D. Rubrics are basis/standard in performance-based assessment.
150. Teacher Fitch is rating an essay type of test question, what kind of scoring rubrics is BEST to use?
 A. Holistic
 B. Analytic
 C. Either analytic or holistic
 D. Both analytic or holistic
