Revised School-based Management Assessment Tools

Schools-Based Management (SBM)

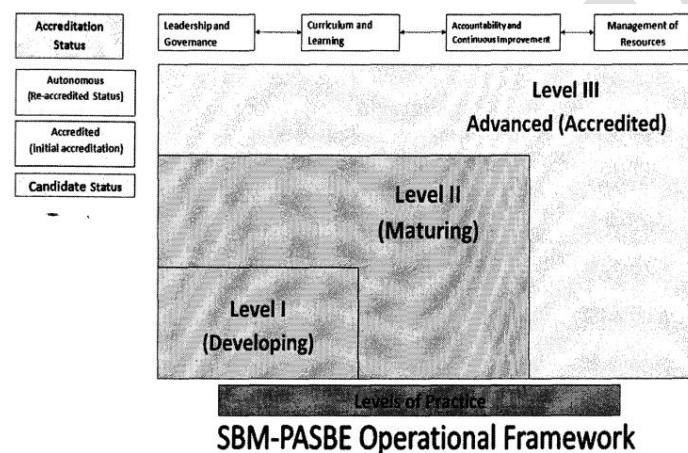

- Decentralized management initiative by developing authority to school heads, teachers and parents
- in keeping with the principle of subsidiarity: “nothing should be done by a larger, more complex organization which can be done by one that is smaller, simpler”

Advantages of SBM

- Allow competent individuals in schools to make decisions
- Give school community a voice in key decisions
- Focus accountability for decisions
- Greater creativity in program design
- Redirect resources to support goals
- Leads to realistic budgeting
- Improve morale

Philippine Accreditation System for Basic Education (PASBE)
