

MULTIPLE CHOICE

1. Teacher A avoids giving out-of-context drills. Instead he makes use of real-world problems for his students to solve. Doing so makes Teacher A _____ in approach.

- A. Inquiry-based
- B. Constructivist
- C. Reflective
- D. Developmentally

2. In the 4A's of facilitating learning, the first thing that a teacher should do is:

- A. Abstraction
- B. Analysis
- C. Activity
- D. Application

3. In the 4A's approach to facilitating learning, the students learn best to relate ideas to real life through _____.

- A. Abstraction
- B. Analysis
- C. Activity
- D. Application

4. Which test measure is basic to select and connect ideas?

- A. Multiple choice
- B. Matching type
- C. Mapping
- D. Outlining

5. Which test is subjective and less reliable for scoring and grading?

- A. Completion
- B. Essay
- C. True or false
- D. Matching

6. Teacher Dada wants to test student's acquisition of declarative knowledge. Which test is appropriate?

- A. Performance test
- B. Submission of a report
- C. Short answer test
- D. Essay

7. A seating arrangement that is used for a small group

- A. Traditional
- B. Horseshoe
- C. Circular
- D. Rectangular

8. Teacher A would like to cover a wide variety of objectives in the quarterly examinations in his English class lesson on subject verb agreement. Which of the following type of test is the most appropriate?

- A. True or False
- B. Essay
- C. Multiple choice
- D. Matching type

9. Among the types of assessment below, which does not belong to the concept-group?

- A. Multiple choice
- B. Matching type
- C. True or false
- D. Completion test

10. Which type of test measures student's thinking, organizing and written communication skills?

- A. Completion
- B. Essay
- C. True or false
- D. Matching

10. What is the highest career stage of a teacher in the PPST?

- A. Distinguished
- B. Proficient
- C. Highly Proficient
- D. Most Proficient

11. Senior high school student in private schools are given _____.

- A. Scholarship
- B. Low tuition free
- C. Voucher
- D. Discount in tuition free

12. When a child says that the sun is sleeping at night, the child is in the pre-operational stage, particularly _____.

- A. animism
- B. centration
- C. egocentrism
- D. reversibility

13. When the daughter is competing with the mother for the father's attention, the daughter is said to be experiencing _____.

- A. Electra complex
- B. Oedipus complex
- C. identity crisis
- D. Sexual deviation

14. According to Piaget's cognitive concept, what is the learning experience structure during infancy and early years.

- A. Accommodation
- B. Assimilation
- C. Schema
- D. Equilibrium

15. Bandura's theory, the teacher who can be observed in a school is ____.

- A. Symbolic model
- B. Live model
- C. Virtual model
- D. Verbal model

16. Advance organizers use ____ to make connections among various pieces of information for Efficient recall

- A. Visual imagery
- B. Elaboration
- C. Organization
- D. Rehearsal

17. Bruner said that there should be revisiting an old curriculum and for full understanding of ideas

- A. Enrichment curriculum
- B. Advanced organizers
- C. Spiral curriculum
- D. Concept mapping

18. A teaching cycle is not complete without ____ of learning.

- A. reviewing
- B. recycling
- C. planning
- D. assessment

19. Among thinking skills, Analysis means,

- A. Comparing information proper choices
- B. selecting relevant and important information
- C. Breakdown complex information
- D. placing information

20. Which cognitive ability is tested in the essay question. A listing of ways to tackle noise pollution.

- A. Creating
- B. Classifying
- C. Inferring
- D. Generalization

21 To learn complex subject matter, it is most effective to experience from information and

- A. classify facts
- B. organize ideas
- C. construct meaning
- D. divide elements

22 The promulgation of Code of ethics for professional Teachers under Resolution 435 of the PRC expressly covers teachers in all educational institutions at the following levels, and implicitly at the ____.

- A. Elementary
- B. Tertiary
- C. Preschool and Primary
- D. Secondary

23. Based on bloom's taxonomy, this activity is suitable to contribute to comprehension and learning but NOT to include ____.

- A. causal relationship
- B. analogy
- C. outline
- D. text reading

24. How does a novice learner acquire information?

- A. Selected information
- B. Important information
- C. All the information
- D. Meaningful information

25. What kind of knowledge processing was involved when teacher when teacher A asked his students to reflect on themselves as self-learners?

- A. Deduction
- B. Observation
- C. Metacognition
- D. Induction

26. You are required to formulate your own philosophy of education in the course teaching profession, based on Bloom's revised taxonomy, in which level of cognitive structure or processing are you?

- A. Applying
- B. Creating
- C. Analyzing
- D. Evaluating

27. Successful learners contribute to their own learning by assuming the following traits except?

- A. Goal-directed
- B. Active
- C. Docile
- D. Self-regulating

28. How would you describe teacher J initiative in relating to everyone in class without playing favorite?

- A. Exclusive
- B. Inclusive
- C. Constructive
- D. Competitive

29. What kind of multiple question is: "For an agricultural country like the Philippines, which should the country advance for its economic development: (a) agriculture production (b) industrial development (c) tourism (d) finance and banking"?

- A. Application of a concept **C. Simple knowledge**
B. Assessment of a problem D. Application of a formula

30. Which standardized test is used to measure performance in completed subjects at various grade levels?

- A. Remedial test C. Aptitude test
B. Achievement test D. Intelligence test

31. Along piaget principles, what will you apply along the need to use props and visual aids to help children understand ideas?

- A. introduce dialogue exchange
B. use drawing and illustrations
C. do drills and repetitive exercise
D. Send pupils in a field trip

32. Teacher A is sincere and honest in words and deeds as he has_____?

- A. Buoyancy C. Intelligence
B. Innovativeness **D. Reliability**

33. A teacher who is moody, a loner, easily giving up with poor interpersonal relationship?

- A. Buoyancy** C. Intelligence
B. Innovativeness D. Reliability

34. Open environment for discussing opinions without fear of being wrong

- A. Debate C. Symposium
B. Buzz Session D. Committee

35. Proponent of Learning by heart, heads and hands

- A. Herbart **C. Pestalozzi**
B. Froebel D. Vygotsky

36. The professional standard in the PQF is best understood?

- A. As by law C. As by ethical code
B. As by benchmark D. As by Civic conduct

37. Values of agreeable, disagreeable or strong sensual?

- A. Vital Values **C. Pleasure Values**
B. Psychic Values D. Holy and Unholy Values

38. What type of test is National Career Assessment Examination (NCAE)?

- A. Placement test** C. Formative test
B. Summative test D. Aptitude test

39. According to Jean Piaget's, cognitive development theory a childlike Cinderella is in stage of ?

- A. Sensorimotor C. Egocentrism
B. Pre-operational stage D. Formal operational

40. What is the lowest form of learning?

- A. Perceiving** C. Conditioning
B. Responding D. Teaching

41. Which of the following is the study of human behavior?

- A. Philosophy C. Ethics
B. Morality **D. Psychology**

42. According to Maslow, the highest of the need in the Hierarchy of Needs theory is

- A. Psychological need C. Belongingness
B. Self actualization D. Safety

43. More senses are involved in the learning process during

- A. Exhibit
- B. Lecture
- C. Demonstration
- D. Field trip

46. Summative assessment is _____?

- A. Assessment in learning
- B. Assessment as learning
- C. Assessment for learning
- D. Assessment of learning

47. _____ is an actual concept sharing of teaching and student

- A. Inquiry-related
- B. Substitution learning
- C. Metacognitive
- D. Constructivist

48. Technology advances in education by using _____ devices

- A. Audio visual
- B. Digital
- C. Improvised
- D. Supplementary

49. The most important contribution of the Gestalt psychology to the theories of learning

- A. Use of multimedia approaches
- B. Importance of reinforcement
- C. Concept of readiness in learning
- D. Cognitive insight

50. If a student failed to pass 2 subjects, he/she will

- A. Retain in the same level
- B. Take remedial classes
- C. Move to the next grade level
- D. Transfer to another school

51. Show the chronological development of curriculum

- A. Legal Foundations
- B. Philosophical Foundations
- C. Historical Foundations
- D. Psychological Foundations

52. What materials can be used when intended materials are not available?

- A. Supplementary materials
- B. Audio-visual materials
- C. Improvised materials
- D. Digital materials

53. Teacher A observed that one of his followers excels in activities requiring strength, speed, flexibility, balance, and hand-eye coordination. According to H. Gardner, such natural intelligence can be identified as _____

- A. bodily-kinesthetic
- B. intrapersonal
- C. interpersonal
- D. verbal-linguistic

54. Rote learning in the teaching-learning process is best described as _____

- A. automated
- B. in-depth
- C. discovery
- D. motivated

55. Along piaget principles, what will you apply along the need to use props and visual aids to help children understand ideas?

- A. introduce dialogue exchange
- B. use drawing and illustrations
- C. do drills and repetitive exercise
- D. Send pupils in a field trip

56. Based on Blooms Taxonomy, which of the following can be best effective for making a synthesis of learning?

- A. A comparison standard
- B. A definition
- C. A text reading
- D. A plan

57. This is a tool for assessment for spatially intelligent learners.

- A. Oral demonstration enacting movie scene
- B. Writing inner thoughts
- C. Landscape drawing
- D. Written report

58. Teacher Tess gives importance to "Wellness: Which needs to be developed among individual learners and so she gives focus on _____

- A. Spiritual values
- B. Pleasure values
- C. Values of the holy
- D. Vital values

59. Here is a test item: "Jose Rizal was born in Calamba Laguna on June ____ 1861." What is WRONG with the item?

- A. It is concerned in trivia
- B. The blank is very short
- C. It is open to more than one correct answer
- D. The blank is near the end

60. In order for the students to clearly understand the structure and content of the teacher's presentation, the teacher should have

- A. short preview
- B. several years of experience as a presenter
- C. short conclusion
- D. a summary

61. Assessment of learning is _____ to the teaching-learning process.

- A. auxiliary
- B. enrichment
- C. integral
- D. add-on

62. Who authored the three-tiered model of learning- enactive, iconic and symbolic and emphasized that we should not teach directly to the abstract level without adequate foundation of the concrete?

- A. Jerome Bruner
- B. Jean Piaget
- C. Erik Erikson
- D. Lev Vygotsky

63. What is PQF?

- A. A framework for qualifications of professionals in the Philippines
- B. A framework of levels of the Philippine Education System
- C. A framework for all courses in tertiary
- D. A framework for job qualifications to determine salary

64. The teacher as facilitator adds vigor, light and life in the classroom.

- A. Composure
- B. Uniform
- C. Presence
- D. Reticence

65. The meaning of AQRF

- A. ASEAN Qualifications Reference Framework
- B. Asian Qualifications Reference Framework
- C. ASEAN Quality Reference Framework
- D. Asian Quality Reference Framework

66. On transferring learning, how will you classify the presentation of invited social researcher discussing the effect of social media.

- A. Utilization -related
- B. Learner-related
- C. Inquiry-related
- D. Concept-related

67. Riya is afraid of exams. Her teacher usually gives an exam every Friday. Now, Riya is afraid of Friday even though it is not certain whether or not her teacher will give an exam on the day. Which Theory illustrate Riya's behavior?

- A. Classical conditioning
- B. Constructivist theory
- C. Operant Conditioning
- D. Connectionism theory

68. Which standardized test is used to measure performance is complete grade levels?

- A. Aptitude test
- B. Achievement test
- C. Intelligence test
- D. Remedial test

69. According to Gardner's multiple intelligence theory. Spatial intelligence learners are inclined /disposal to.

- A. One's own strength, goals and desires
- B. Colors, shapes
- C. body language, moods, voice, feelings
- D. Touch, movement physical self.

70. A child treats his friend highly aggressive. The reason behind this attitude in his past experience with his father who is also highly aggressive. This is demonstrated on what theory.

- A. Cognitive developmental theory
- B. Operant conditioning
- C. Social cognitive theory
- D. Classical conditioning

71. The school conducted a general student election for the Supreme Student Council. The election is patterned after the COMELEC system. The school is using what kind of technique?

- A. Symposium
- B. Panel discussion
- C. Simulation
- D. Dramatization

72. The speaker shows COMPOSURE in a big audience. The capitalized word means:

- A. Nervousness
- B. Agitation
- C. Calmness
- D. Excitement

73. What is "frustration control" in the reading strategies of the teacher to student

- A. Student's frustration of not being able to read
- B. Remove the stress

74. As a head teacher, what task will you give to a beginning teacher

- A. Demo subjects
- B. Light subject
- C. Subject "pegs"
- D. Subject overload

75. Natural and Physical science is more important than humanities

- A. Empiricism
- B. Naturalism
- C. Progressivism
- D. Essentialism

76. Focused in on 3 r's

- A. Essentialism
- B. Existentialism
- C. Progressivism
- D. Empiricism

78. Gestalt theory is well known for its concept of _____ learning

- A. Situation
- B. Perception
- C. Cognition
- D. Insight

79. Which psychological theory states that the mind insists on finding patterns in things that contribute to the development of insight?

- A. Piaget's psychology
- B. Bruner's theory
- C. Gestalt psychology
- D. Kohlberg's psychology

80. The theme of Vygotsky's socio-cultural theory emphasizes the role of appropriate assistance given by the teacher to accomplish a task.

- A. competency technique
- B. scaffolding
- C. active participation
- D. collaboration

81. Which educational level/s provide/s for free and compulsory education as stipulated in Article IV, Section 2 of the Philippine Constitution?

- A. Elementary level
- B. Secondary level
- C. Elementary and secondary levels
- D. Tertiary level

82. Human development begins in this stage.

- A. Conception
- B. Birth
- C. Schooling
- D. Early childhood

83. The results of assessment must be provided the soonest possible time _____

- A. Parents
- B. Principal
- C. Registrar
- D. Students

84. What is the purpose of a pre-test?

- A. To assess results
- B. To apply an intervention
- C. To determine entry knowledge or skills
- D. To grade learners

85. What is the philosophy of education derived?

- A. National education policies and goals
- B. School spirit
- C. Theories of teaching and learning
- D. Comparative curriculum

86. What does a philosophy of education provide for the school agenda and those who benefit from educational work?

- A. Curriculum
- B. Vision
- C. Values
- D. Goals

87. What kind of sources do critical thinkers rely on for attaining truth or resolving problems?

- A. Biased
- B. Credible
- C. opinionated
- D. vested interest

88. Which learning activities involve estimating, calculating, budgeting and analyzing?

- A. Research
- B. Literacy
- C. Data gathering
- D. Numeracy

89. What kind of assessment is a post test?

- A. Process assessment
- B. Outcome assessment
- C. Diagnostic assessment
- D. Self assessment

90. Especially in research which activities lead to discovery and insights on issues and concerns?

- A. Interactive
- B. Interdisciplinary
- C. Integrative
- D. Innovative

91. Which of the following can best encourage participating by learners on the issue of family conflicts?

- A. Graphs and Charts
- B. Power-point presentation
- C. Role playing
- D. Photos

92. What is the special program given to the students who can't read?

- A. Reading program
- B. Literary program
- C. Language program
- D. Phonic program

93. Performance experiment is an example of ____.

- A. demonstration
- B. direct purposeful experience
- C. contrived experience
- D. dramatized experience

94. When do we need to evaluate the curriculum?

- A. Whenever somebody suggests it
- B. Whenever necessary
- C. Every academic year
- D. Every quarter

88. Which is an exemption in the code of ethics of teachers?

- A. Principal
- B. Librarian
- C. Division office superintendent
- D. Master teacher

89. Teacher A wanted his students to rate their own work using the scoring rubric

- A. Applying
- B. Evaluating
- C. Analyzing
- D. Synthesizing

90. In Bruner's Three-tiered, which is action based?

- A. Iconic learning
- B. Enactive learning
- C. Inactive learning
- D. Symbolic learning

91. Which pillar of learning describes the phrase "Unity in Diversity"?

- A. Learning to live together
- B. Learning to be
- C. Learning to know
- D. Learning to do

92. When a child says that the sun is sleeping at night, the child is in the pre-operational stage, particularly ____.

- A. animism
- B. centration
- C. egocentrism
- D. reversibility

93. When the daughter is competing with the mother for the father's attention, the daughter is said to be experiencing ____.

- A. Electra Complex
- B. Oedipus complex
- C. Identity Crisis
- D. Sexual Deviation

94. In a classroom curriculum implementation, which is referred to as the "Green flag" ?

- A. Content delivery bias
- B. Too much chalkboard talk
- C. Rigid Movement
- D. Student interest

95. Who coined the term "scaffolding" ?

- A. Bruner
- B. Piaget
- C. Vygotsky
- D. Pavlov

96. As an investigative tool, assessment can help discover various aspects of students learning, but these does not include_____.

- A. what students already know
- B. what students can do
- C. what students expect to learn
- D. metacognitive knowledge

97. Among important characteristics of successful teaching, which connotes dress, physique, freedom from personal defects, personal magnetism, neatness, cleanliness, posture, and personal charm?

- A. Drive
- B. Attractiveness
- C. Dominance
- D. Buoyancy

98. Once the grading period is done and all grades are recorded to whom the teacher will present the grades?

- A. Students
- B. Parents
- C. Principal
- D. Registrar

99. Which of the following is consider as the nursery of the state?

- A. Home
- B. School
- C. Religion
- D. Politics

100. Which of the ff. is Universal and unchanging?

- A. Freedom
- B. Justice
- C. Love
- D. Beliefs

III. A small group of students usually 3-6 persons discussing or solving a problem?

- A. Debate
- B. Buzz session
- C. Group dynamics
- D. Open forum C. Group

112. What type of test items requires students to blend, combine, fuse and integrate ideas or causes?

- A. Application
- B. Evaluation
- C. Synthesis
- D. Analysis

113. Which of the following construct is NOT at the level of critical thinking

- A. preferring and evaluating
- B. grouping and classifying
- C. guessing and believing
- D. associating and grasping

114. Learners are information processors. Whose thought is this?

- A. Gestalt theorist
- B. Metacognitivist
- C. Behaviorist
- D. Cognitivist

115. Of the following, which is most effective for influencing human emotion for retention and discovery of learning?

- A. Drills to argument retention
- B. Use of inspirational tool (book, film, art, etc.)
- C. Telling of jokes in teaching
- D. Emotional delivery of lessons

116. Which of the following is an acceptable initiative conducive to the teacher's making a difference in the achievement of new generations of the country's youth?

- A. Greatest prestige in the community
- B. Wearing of distinctive teacher's uniform
- C. Highest pay in the country
- D. Quality teacher preparation

117. What kind of knowledge processing was involved when teacher A asked his students to reflect on themselves as self-learners?

- A. Deduction
- B. Observation
- C. Meta-cognition
- D. Induction

118. Which is understood by an eye wink, simple nodding of a head, or wave of a hand?

- A. Facial expression
- B. Gesture
- C. Verbal communication
- D. Body language

119. The first step in constructing achievement tests.

- A. Determine the highest rating to be given to students
- B. Determine the content and skills covered by test
- C. Determine the characteristics of the examinees
- D. Assess the teaching capability of teachers.

120. When you begin teaching with concrete experience then come in with conclusion, which method do you employ?

- A. deductive
- B. it depends on your type of generalization
- C. inductive
- D. it depends on the quantity of details you bring in

121. Which method is more interactive?

- A. deductive
- B. deductive, if teacher wants to
- C. inductive
- D. Inductive, if teacher chooses to

122. When you begin teaching with the generalization then bring in details, which method do you employ?

- A. deductive
- B. it depends on your type of generalization
- C. inductive
- D. it depends on the quantity of details you bring in

123. A teacher discovers that a product of a certain bottling company brings about damage to teeth. Much as he wants to share the findings of his study, he could not because the company is harassing him. Which teacher's right is violated?

- A. Academic freedom
- B. Right to one's honor
- C. Right to property
- D. Right to make livelihood

124. Teacher Dada's lesson was on "what man can do to arrest climate change". She made students do the talking, the arguing, and the synthesizing. She gave her lecturette after students have participated in the lively discussion. Which teaching approach did Teacher Dada employ?

- A. Learner-centered approach
- B. Activity-centered approach
- C. subject matter-centered approach
- D. Teacher-centered approach

125. Learning is an active process. Which one is an application of this principle?

- A. Let student learn the steps In opening a computer by making them follow the steps.
- B. Group students for work or project that way project becomes less expensive.
- C. Teach your content from a multidisciplinary perspective.
- D. Avoid drills which are out of context.

126. For those who successfully pass the Licensure Examination for Teachers, the _____ signed by the Chairman of the Philippine Regulation Commission Serves as evidence for lawful practice profession.

- A. Professional Oath copy
- B. Professional registration fee receipt
- C. Merit examination certificate
- D. Professional license

127. What kind of authority is best applied in guiding millennial youths or learning?

- A. Laissez faire
- B. Rigorous
- C. Authoritative
- D. Relational

128. The _____ is a quiet informal group (usually four of five students) serving as an panel with an audience.

- A. committee
- B. round-table
- C. buzz session
- D. critiquing group

129. Teachers often complain of numerous non-teaching assignments that adversely affect their teaching. Does this mean that teachers must be preoccupied only with teaching

- a. Yes, if they are given other assignments justice demands that they be properly compensated.
- b. No, because every teacher is expected to provide leadership and initiative in activities for betterment of communities
- c. Yes, because other community leaders, not teachers, are tasked to lead in community activities
- d. Yes, because teaching is enough full time job

130. Teacher A wants the group to evaluate an issue by having the group act out jury trial. Which technique will he employ?

- A. critiquing
- B. panel
- C. majority-rule decision making
- D. simulation

131. The new global landscape of the 21st century shows the following EXCEPT one. Which one is not?

- A. Learners environment can be any place.
- B. There are multiple ways of teaching.
- C. Teachers are ICT equipped.
- D. Learners are attuned to rote memorization

132. According to Gardner's multiple intelligence theory, naturalist learned can be ____.

- A. use hands to fix and create, and use bodily expression
- B. analyze ecological and natural situations and data
- C. mediate, reflect, exhibit self-discipline, maintain composure
- D. work with people and help them overcome problems

133. The ability to work well with others by tapping each other's talents and skills

- A. Citizenship
- B. Collaboration
- C. Creativity
- D. Critical thinking

134. Which is the criteria for the selection and use of instructional materials?

- A. Alignment with intended outcomes
- B. SMART
- C. Varied
- D. In three domains

135. Among thinking strategies, Comprehension Monitoring is the ability ____.

- A. to check progress
- B. to make appropriate choices
- C. to be relaxed yet alert
- D. to synthesize new information

136. Which assessment tool will you use that performance result highly measurable?

- A. Tests and quizzes
- B. Essay requirement
- C. Journal writing
- D. Demonstration of skills

137. Among major school of learning theories, which consider how the individual perceives the learning environment or situation?

- A. Cognitive theories
- B. Social theories
- C. Behavioral theories
- D. Field & Gestalt theories

138. According to Confucius, what is the best way to rule a people and attain harmony?

- A. by allowing people to do as they please

- C. by force
- D. by moral example

139. In introducing a new lesson what is important to consider by way of lesson continuity.

- A. introduce new lesson
- B. prepare new audio visuals
- C. have a pre-test for new lesson
- D. relate new ideas to past lesson

140. Teacher A sees to it that her classroom is clean and orderly so his pupils will less likely disarrange seats and litter on the floor. On which thought is his action based?

- A. Reconstructionism
- B. Existentialism
- C. Progressivism
- D. Behaviorism

141. One cognitive advancement in adolescence is metacognition, What does metacognition mean?

- A. Ability to do problem solving
- B. Ability to recall and explain
- C. Ability to analyze and synthesize
- D. Ability to identify one's own thinking process and strategies

142. When teachers conduct a series of evaluation to determine the extent of teaching, what must be implemented?

- A. Hidden curriculum
- B. Learned curriculum
- C. Taught curriculum
- D. Assessed curriculum

143. To teach students to be less competitive, which teaching approach should be used more?

- A. Interdisciplinary
- B. Collaboration
- C. Integration
- D. Reflection

145. For selectivity in the learning process, the Novice Learner attempts to process _____ they receive in instruction.

- A. selected information
- B. important information
- C. manageable information
- D. all information

146. Which of the following is true of a case study?

- A. It requires data from other events
- B. It is always reliable and dependable
- C. It applies specifically to a population
- D. It is applicable to the universal population

147. Which of the following is NOT a function of scientific research?

- A. To test assumptions
- B. To determine cause-and-effect
- C. To test hypothesis
- D. To rely on controlled methods

148. What is the most appropriate tagline for the slogan on Cultural diversity, "Different roads sometimes lead to the same castle"

- A. Cultural diversity
- B. Unity amid cultural diversity
- C. Cultural norms
- D. Cultural identity

149. Without abandoning other duties of a teacher, Teacher A considers herself mainly as a facilitator by which her students become curious a discover idea on their own. This ideal for a _____ class.

- A. Activity-centered
- C. lesson-centered
- B. student-centered
- D. teacher-centered

150. What is the process for Piaget done during our growing years, acquiring new experiences and ideas?

- A. Assimilation
- B. Equilibrium
- C. Schematization
- D. Accommodation
