

PROFESSIONAL EDUCATION

SET A

1. Which of the following activities can guide student low-performance to achieve learning outcome?
 - a. **Mentoring**
 - b. Testing
 - c. Demonstrating
 - d. Lecturing
2. In preschool writing classes, why are crayons or big pencils useful?
 - a. **They are easier to hold**
 - b. They are non-toxic
 - c. They are colorful
 - d. They are attractive
3. Which of the following is one of the best practices in using learning resources for indigenous learners?
 - a. Highlighted English language in primary years
 - b. **Observed cultural sensitivity and protocols**
 - c. Violated indigenous community property rights
 - d. Dismissed indigenous artifacts and other cultural resources
4. Which of the following best described Technological Pedagogical Knowledge (TPK) among teachers?
 - a. Their use of technology for game leisure
 - b. Their use of technology for technology's sake
 - c. **Their use of technology in instruction**
 - d. Their use of technology for social media
5. What exemplifies appropriate application of the law of readiness in instruction?
 - a. **Preparing lessons adapted to age level**
 - b. Integrating lessons with other fields
 - c. Preparing many lessons for learning
 - d. Multidiscipline ideas in a lesson
6. Which of the following best describes On-line learning?
 - a. **It uses the Internet**
 - b. It uses the classroom facility
 - c. It uses blackboards and chalks
 - d. It uses paper and pencil
7. Which of the following theories applies to teachers who inflict physical punishment on erring students?
 - a. **Behaviorist theory**
 - b. Social learning theory
 - c. Essentialist theory
 - d. Progressivist theory
8. What kind of Math is teacher Lilibeth employing by putting drills in context of use of numbers and calculations for daily life situations?
 - a. Theoretical Math
 - b. Analytical Math
 - c. **Real-world Math**
 - d. Calculus Math
9. With the Philippine Professional Standards for teachers (PPST) as a guide, which of the following is characteristic of an ideal learning environment?
 - a. One that promotes competition among learners
 - b. One that sets the teacher as the center of instruction
 - c. One that imposes strict discipline on students
 - d. **One that is safe and conducive for learning**
10. What is one good reason for the additional senior two-years high school in the K-to-12 educational program?
 - a. To add years for entry to college
 - b. To make schools more profitable
 - c. **To be comparable to developed countries**
 - d. To give employment to more teachers
11. Which of the following follows the principle of involving more sense for effective teaching-and-learning?
 - a. Multi-media presentation
 - b. Rubrics assessment
 - c. Lecture lesson delivery
 - d. **Demonstration of skills**
12. What attitude is best to make students go beyond completing the tasks assigned to them?
 - a. To be passive learners
 - b. To be complacent learners
 - c. **To be active learners**
 - d. To be part of the crowd learners
13. What kind of assessment is done during the process of student learning?
 - a. Alternative assessment
 - b. **Formative assessment**
 - c. Summative assessment
 - d. Authentic assessment
14. For curriculum change, what occurs when teachers decide to change certain elements with other elements, stress on Rizal as a patriot rather than as a literary genius.
 - a. Perturbation
 - b. Substitution
 - c. Restructuring
 - d. **Alteration**
15. With lives saved owing to breastfeeding (33,000 annually in the U.S. alone), who will benefit from breastfeeding for the WHO advised 6 months of breastfeeding?
 - a. Mother only
 - b. Child only
 - c. **Both mother and child**
 - d. Neither mother nor child
16. Does the test item "Write everything you learned from this course" in accordance with the rules on test construction?
 - a. Partly yes
 - b. Partly no
 - c. Yes
 - d. **No**
17. What is a concrete instance of flexible learning?
 - a. Basic Education Curriculum initiative
 - b. K-to-12 education approach
 - c. Early childhood education program
 - d. **Online learning during a pandemic**
18. Who is the prime mover of the educational wheel in the teaching-learning process in education?
 - a. Learner
 - b. Community
 - c. Favorable environment
 - d. **Teacher**
19. What is teacher Bea assessing of her students when she determines their level of understanding of concepts in her Biology Class?
 - a. Their recall of concepts
 - b. Their creating new concepts
 - c. Their grasp of meaning of concepts

- d. **Their applying concepts to life**
20. Which is TRUE to the DepEd grading system? The basis of grades is _____?
- Performance only
 - Most performance
 - Mostly written tests
 - A combination of written tests and performance**
21. What needs to be reflected in a portfolio by way of journal text, photos and other items?
- Test papers
 - Sites of learning
 - Photos of classmates
 - Learning experiences**
22. How would you best interpret the old proverb "It takes the whole village to educate a child?"
- All stakeholders support education of the child**
 - The community plays a role in child education
 - School buildings are needed for education
 - All teachers are responsible for child education
23. Your emphasis is the learner's affective development. Which pillar/s of learning should you focus on?
- Learning to be and learning to live together**
 - Learning to do
 - Learning to live together
 - Learning to know and learning to be
24. Which of the following situations can show that a teacher is "chill" in a tense situation?
- Not alone, but with peers
 - Not revengeful, but forgiving
 - Not excited, but calm**
 - Not passive, but active
25. If the test is "Outline the steps of the inductive method of teaching," is the learning outcome "Outline the steps of the inductive method of teaching?"
- Yes
 - Partly no
 - No**
 - Partly yes
26. On periods of development, which stage is the start of puberty such as girls having menstruation?
- Adolescence**
 - Young adulthood
 - Late childhood
 - Midlife
27. What is the development issue behind Teacher Evelyn believing that the parent's main role in raising children is to teach them at home on how to behave and control impulses in front of others?
- Continuity**
 - Context specificity
 - Passivity
 - Motivation
28. What are zoom, skype and Microsoft Teams examples of?
- Online financing apps
 - Web-conferencing apps**
 - Digital designing apps
 - Web inventory apps
29. Which can be grounds for the revocation of a professional teacher's license?
- Immoral, unprofessional or dishonorable conduct
 - Insanity as declared by a court of competent jurisdiction
 - Gross incompetence, gross negligence or serious ignorance of the practice of the teaching profession
- I and II
 - I, II and III**
 - II and III
 - II and III
30. What is the function of reflexes or automatic movements to specific stimuli e.g., eye blinking?
- Dormancy
 - Comfort
 - Safety**
 - Sleep
31. Using Freud's understanding of intelligence, to what facet of personality is Teacher Rolly appealing to when extols national heroes for fostering love of country?
- Their ego
 - Their superego**
 - Their id
 - Their id
32. Can teachers who failed the LET be hired as teachers?
- Yes, if their failed rating is at least 65.
 - Yes, if they failed once only.
 - Yes, if granted special permit by the Board for Professional Teachers.**
 - Yes, if they are hired only by private schools.
33. Among perspectives in child development, what theory is involved in schools organizing a UN street parade in which school children are dressed in costumes of different nations?
- Socio-biological activity
 - Socio-attachment bonding
 - Socio-cognitive learning
 - Socio-cultural experience**
34. How are classroom rules and procedures best prepared?
- By preparation by the teacher alone
 - In consultation/partnership with students**
 - By advice of the principal
 - Upon approval by parents
35. Which of the following set of exceptional learners have superior intelligence rather than disabilities for learning?
- Autistic learners
 - Mentally retarded learners
 - Sensory impaired learners
 - Gifted learners**
36. What is used under TPACK framework of teaching that is applicable to modern post-industrial schools?
- Mass media
 - Social media
 - Technology**
 - Audio-visuals
37. Which tests has content validity? That which
- Predicts performance in a future test
 - Yields consistent students' scores
 - Is aligned to the learning outcomes**
 - Allows for students' choice
38. What is one instance in which student participation in learning can be favorable and strong?
- Rote drill
 - Lecture

- c. Demonstration
d. Recitation
39. On the variety of intelligence as dispositions, what is one work inclination of a learner who can work effectively with numbers?
- To be a patient
 - To be a musician
 - To be an engineer
 - To be a photographer
40. What is the appropriate teaching-learning strategy to respond to cultural diversity among learners?
- Group entire class homogenously
 - Use of comparative assessment tools
 - One set of teaching-learning methods
 - Variety of teaching and assessment methods
41. Which of the following is the highest cluster-level of learning activities according to Edgar Dale?
- Reading, hearing, seeing
 - Reading, listening, looking
 - Watching, looking, seeing
 - Doing, discussing, demonstrating
42. Which philosophy supports universal values in education, as these are important in molding young minds towards broad ideals such as democracy, freedom, human rights?
- Pragmatism
 - Existentialism
 - Empiricism
 - Essentialism
43. On development processes, what kind of growth is a baby's increasing in weight and length?
- Cognitive
 - Social
 - Biological
 - Socioemotional
44. Which of the following demonstrates that a teacher is competent in content knowledge and pedagogy?
- Concept-based teaching
 - Teacher-centered teaching
 - Rote and drill-teaching
 - Research-based teaching
45. Along the themes for the 21st century learning, which of the following subjects is easiest for integrating the theme of financial, business and entrepreneurial literacy?
- Arts
 - Economic literacy
 - Science
 - Geography
46. To learn to live together, which attitude should be out of the picture?
- Ethnocentrism
 - Fundamentalism
 - Xenocentrism
 - Existentialism
47. Which of the following is the most natural and effective way to inculcate a culture of research among students?
- Add funds for research laboratories
 - Employ research experts
 - Increase number of units for research classes
 - Relate research to lifelong learning
48. What does a negative discrimination index imply?
- More from the upper group got the item correctly.
 - More from the lower group got the item wrongly.
 - An equal number from the lower and the upper groups got the item wrongly
 - More from the lower group got the item correctly
49. What is one of the things Artificial Intelligence machinery cannot do that only humans can do or perform?
- Transmit letters and correspondence
 - Have affective feelings like friendship
 - Lift heavy weights and material load
 - Handle numbers and figures
50. Given the fact that the early post-war II period began with a few career options, which of the following is the most likely reason why many women chose teaching as a life career during this period?
- It is the most highly paid profession
 - It is suitable for women who lack technical skills
 - It is a woman's not a man's career
 - It is a most respected occupation for women
51. What situation will you depict as conformed to Pavlov's behaviorist classical conditioning in learning by way of stimulus and response?
- Engaging students in open discussion
 - Using PowerPoint presentation
 - Bringing student in field study
 - giving rewards to student achievers
52. What is the teacher's "window" or viewpoint of the world?
- Ethical values
 - Teaching competencies
 - Philosophy of life
 - Love of children
53. In which type of classroom/s is the teacher "a guide on the side NOT "the sage on stage?"
- Constructivist classroom
 - Behaviorist classroom
 - Cognitivist classroom
 - B and C
54. If everyone got 10 out of 10 items in a mastery test, which apply/applied?
- The lesson was mastered.
 - Standard deviation is zero.
 - The range is high.
 - The mean is 10.
- I, II and IV
 - II, III and IV
 - I, II, III and IV
 - I, II and III
55. Which is an advantage of true-false and multiple-choice types of tests?
- Fairness
 - Reliability
 - Validity
 - Objectivity
56. Which of the following will NOT be acceptable to Max Scheler's hierarchy of spiritual values?
- Beauty
 - Goodness

- c. Truth
d. Sin
57. On the school curriculum, who are all those who can inclusively form part of curriculum planning, implementing and assessing?
a. Teachers
b. Parents
c. District supervisors
d. Stakeholders
58. How can the teachers guarantee the safety of students in routine activities?
a. By assigning group leaders
b. By posting rules in bulletin boards
c. By setting dos and don'ts in activities
d. By grouping students in clusters
59. Which of the following exemplifies differentiated instruction directed at heterogeneous groups in a class?
a. Same task for all groups
b. Different tasks, appropriate for each group
c. Divide class, same tasks
d. Three different teachers to assess groups.
60. Since quality of teacher competencies is critical to education, which of the following strategies is the most likely indicator of teacher effectiveness and achievement?
a. Internship completion
b. Standards for teacher performance
c. Graduation standards
d. Admission requirement
61. Which of the following contribute to class attendance that avoid truancy among students?
a. Imposing sanctions on regular absentees
b. Fun learning and student-centered instruction
c. Teacher-centered and efficient instruction
d. Regular class attendance and feedback
62. As a software, what is Microsoft Office and example of?
a. A computer assessment system
b. A computer inventory system
c. A computer finance system
d. A computer management system
63. Which of the following terms refer to established ways in managing a classroom through an organized and regular structure?
a. Classroom demonstration
b. Classroom routine
c. Classroom discussion
d. Classroom group dynamics
64. What descriptor applies to grade of students below 75%?
a. Poor
b. Did not meet expectations
c. Developing
d. Developing
65. Is a school principal required of a professional license?
a. Only if he/she goes back to full time teaching.
b. Yes, he/she is a professional teacher based on the definition of professional teacher in RA 7936.
c. It is his/her choice to obtain a license provided he/she passed the National Qualifying Examination for School Heads.
- d. No, because he/she is not included in the definition of professional teacher in RA 7836.
66. Which is/are TRUE of the PQF?
I. It has 8 levels descriptors.
II. It is about the college course earned in higher education institutions.
III. It presents an articulation of the different levels of education in the Philippines.
IV. It does not concern TESDA
a. II and IV
b. I and II
c. I and III
d. III and IV
67. Which is an effective way of developing a sense of ownership?
a. Let students formulate the class rules/
b. Make students participate in the formulation of class rules.
c. Abide totally by the students' suggestions.
d. Involve students in all decision-making that involve the class.
68. What is wrong about teaching pre-school toddlers English grammar?
a. Not developmentally right
b. Not spirally set
c. Not logically aligned
d. Not culturally fit
69. With RA 7836, does the Board for Professional Teachers have the power, after due process, to suspend or revoke the certificate of registration of any registered professional teacher for a justifiable cause?
a. No, if the professional teacher appeals to the higher court.
b. No.
c. It depends on the gravity of the offense.
d. Yes.
70. Which of the portfolio is most appropriate to show skill at research writing?
a. Showcase portfolio
b. Process portfolio
c. Assessment portfolio
d. Development portfolio
71. What kind of materials elicits responses of learners according to their optimal learning potential?
a. Tactile materials
b. Experimental materials
c. Auditory materials
d. Visual materials
72. Which of the following can be identified as inherent in Nature or the influence of biological forces in a child?
a. Obedience to rules
b. Parental respect
c. Color of skin
d. Loyalty to the school
73. What will school do to localize curriculum?
I. Contextualize curriculum
II. Indigenize curriculum
III. Update curriculum
a. I only
b. I and II
c. II and III
d. I and III

74. Based on RA 7836, can a professional teacher's license be revoked due to willful neglect of continuing professional development?
- It depends on the reason for neglect.
 - No.
 - Yes.**
 - It depends on the number of years of teaching of the professional.
75. How is a classroom management plan useful for teachers?
- To establish classroom routines
 - To have strategies for order and discipline**
 - To assist pedagogical methods
 - To impart sense of belonging among students
76. Which paper-and-pencil test types, requires a subjective judgement that works best with Rubrics criteria?
- True or False
 - Essay**
 - Matching type
 - Filling the blanks
77. How do teachers best get the attention of students upon their coming and being settled on their seats?
- Bang the table to get a listening ear
 - Face and talk with a smiling face**
 - Start shouting and berating the class
 - Stamp foot for them to give attention
78. To what should Lesson Plans be mainly directed?
- Intended learning outcomes**
 - Choice of instructional materials
 - Assessment instruments
 - Methods and strategies
79. Which statement is/are TRUE?
- In the cognitivist classroom, students' minds are "tabula rasa."
 - Rote memorization and drill are features of the behaviorist classroom.
 - In the cognitivist classroom, teacher builds on what students know.
 - In the constructivist classroom, students build their own knowledge based on personal meaning.
- I, III and IV
 - II and IV
 - I, II and IV
 - II, III and IV**
80. John Dewey's major contributions to the sociological foundations of education which are still very much recognized today are the following EXCEPT ONE. Which one is it?
- "True education" is transmission of knowledge**
 - Facilitating education means being aware of the social condition of the child.
 - Education is a social process beginning unconsciously at birth.
 - School is a continuation of home, activities at home continue at school.
81. On behaviorist learning, which of the following exemplifies Thorndike's connectionism principles for effective learning?
- Giving rewards for good performance**
 - Using concept mapping to illustrate ideas
 - Explaining lessons for greater understanding
 - Relating past lessons to new lessons to learn
82. To what is the Tyler Model of curriculum evaluation focused on?
- Assessment results
 - Responsiveness of students
 - Instructional effectiveness
 - Curriculum objectives**
83. How will you characterize the use of PowerPoint presentation to deliver a lesson?
- Culture
 - Technology**
 - Machinery
 - Academics
84. Which of the following qualities is MOST becoming of a professional teacher?
- Humility in work
 - Regularity in discipline
 - Frugality in saving
 - Love of profession**
85. What kind of assessment is taking responsibility for one's own learning, while having deep understanding of what are expected to be learned before the assessment?
- Assessment of learning
 - Assessment as learning**
 - Assessment by learning
 - Assessment in learning
86. On the different seating-chair arrangements, for what is the circular chair arrangement most useful?
- Lesson presentation
 - Concept mapping lecture
 - Skills demonstration
 - Group discussion**
87. Which of the following characteristics among learners can indicate that their parents have been authoritarian?
- Open-friendly
 - Strong-outgoing
 - Responsive-active
 - Fearful-inhibited**
88. Which social phenomenon supports the axiom, "Curriculum development is an ongoing process?"
- Have and have-not compose society
 - Changes occur in society**
 - Social culture is rich and varied
 - Society is made up of people
89. What kind of environment is most particularly referred to be a student-centered, safe and caring learning environment?
- The nation
 - The classroom**
 - The world
 - The region
90. Since "A good plan is half of the work done," what is the initiative in case the curriculum in implementation is ineffective and inadequate?
- Curriculum modification**
 - Curriculum support
 - Curriculum designing
 - Curriculum assessment
91. Which of the following is most highly motivating in lesson delivery?
- Teacher walking up and down the room
 - Relating lessons to real-world situations**
 - Delivering lessons in a loud voice

- d. Using diagrams and charts
92. Among the basic disciplines for 21st century learning, which best describes language arts?
- Semantics
 - Phonetics
 - Syntax
 - Literacy
93. As many cultures had different ideas of a teacher, which of the following is closest to the idea of a modern classroom teacher?
- Master
 - Guru
 - Instructor
 - Preacher
94. Strengthening the linkage between academe and industry in higher education is a clamor from which group?
- Essentialist
 - Progressivist
 - Social Reconstructionist
- II and III
 - II only
 - I and III
 - I only
95. Who is at the center of the Southeast Asian Teacher Competency Framework?
- The competent teacher
 - The joyful learner
 - The helpful teacher peers
 - The wise supervisor
96. In what way can parents help their children during Online learning?
- By manipulating computers themselves
 - By joining the Online instruction
 - By providing advice if needed
 - By always seating alongside their children
97. Is this statement true: "Quarterly assessments have different percentage weights for each subject in the tracks of Grades 11 – 12?"
- No
 - Yes
 - Partially yes
 - Partially no
98. What can the Table of Competencies ensure to learners taking the Licensure Examination for Teachers?
- Functionality of a test
 - Content validity of a test
 - Predictive validity of a test
 - Reasonable length of a test
99. Among curriculum theorist and reformers, who introduced the Inductive Method required organizing date prior to generalization?
- Peter Oliva
 - Hilda Taba
 - Edward Thorndike
 - Ralph Tyler
100. Under the Philippine Standards for Teachers (PPST), how are newly graduated and PRC registered teachers commonly known?
- As Proficient
 - As Distinguished
 - As Highly Proficient
 - As Novices
101. Along Erikson's psychosocial theory, what is displayed by the child in saying "I do things without worrying about them?"
- Autonomy
 - Discipline
 - Endurance
 - Obedience
102. How will classrooms change in the 21st century curricular landscape?
- It will become more virtual as teaching becomes remote
 - It will be both teacher and learner-centered
 - It will adapt to pandemics like COVID-19
 - It will be flexible for discussions and group dynamics
103. Which is a characteristic of a flipped classroom?
- Do assignment at home then come to class to discuss why our answers
 - Distance learning where there is no face-to-face instruction
 - Listen to lectures in class then do assignments at home
 - Students do the lecturing not the teacher
104. Why is it good to establish routines at the beginning rather than the end of classes?
- For showing that rules are to be followed strictly
 - For advance guidance of matters or order and discipline
 - For emphasizing punishment to rule violators
 - For saving on efforts to post routine rules on bulletin boards
105. Among the criteria for selection of content in the curriculum, which refer to Adaptability to the learner's age, culture and ability to achieve learning outcomes?
- Validity
 - Significance
 - Learnability
 - Usefulness
106. What is the criterion in criterion-reference grading?
- Standards
 - Descriptors
 - Grades
 - Averages
107. How open and massive are MOOCs?
- For all students in K-to-12
 - For every college student
 - For anyone who can access the internet
 - For all who read and write
108. Which is one strategy for History teacher Rene to impart authentic learning on his lesson on Rizal's martyrdom?
- Assign students the reading of the whole of the Noli novel
 - Relate it to human rights violations in the real world
 - Make students skillful in dates, personages and events of Rizal's death
 - Engage students in a question-and-answer session
109. Which of the following is the contemporary concept of instruction that is most acceptable to modern teaching-and-learning?

- a. Facilitating learning
 - b. Indoctrinating
 - c. Brainwashing
 - d. Demonstrating
110. On lifespan perspectives, which assumption is taken when schools have students engage in co-curricular and extra-curricular activities, e.g., joining school clubs?
- a. Learning is both gain and loss
 - b. Learning is a lifelong process
 - c. Learning is multi-directional
 - d. Learning shaped by culture
111. On periods of child development, which stage is the first manifestations of emotional attachment to a mother?
- a. Adolescence
 - b. Infancy
 - c. Young adulthood
 - d. Midlife
112. Which of the following is most likely not caused by chromosome deficiency in the human body?
- a. Leukemia
 - b. Paralysis
 - c. Diabetes
 - d. Hearing impairment
113. On classroom activities, the following are appropriate for learners who have good musical skills, but NOT to include_____.
- a. Playing musical instrument
 - b. Analyzing sounds
 - c. Ecological field trips
 - d. Singing
114. How is action research conducted in a school?
- a. By asking advisers to do the research
 - b. By collaboration by teachers
 - c. By doing it once in a while
 - d. By one teacher alone
115. While fear of contamination by the COVID-19 pandemic has difficulties in virtual learning, what trend in the post-industrial age makes remote learning an opportunity rather than a problem?
- a. Trend of cable communication like cable TV
 - b. Trend of using mobile and online devices
 - c. Trend of education through home study
 - d. Trend to use of social media like FB
116. What kind of issues or problems require action research?
- a. Possible problems
 - b. Past problems
 - c. Current problems
 - d. Future problems
117. Can a licensed teacher go back to teaching even if she has not taught for the past five years?
- a. No, unless he completes additional 6 units of Professional Education and 6 units of specialization in a school recognized by the government.
 - b. Yes, the past five years of experience outside teaching can supplant five years of teaching experience.
 - c. Yes, because he has a license.
 - d. No, unless she earns 45 CPD units.
118. In getting a Bachelor's degree, what realization about learning be most valuable for graduating students?
- a. That learning is a difficult task
 - b. That learning stops after college
 - c. That learning is lifelong
 - d. That learning has limited value
119. In assessment for learning, what is being tracked in relation to teaching standards?
- a. Learners' class participation
 - b. Learners' progress in learning
 - c. Learners' discipline in school
 - d. Learners' grades in studies
120. The following are the 3 principal elements that make teaching and learning possible, but NOT to include.
- a. Learner
 - b. Government
 - c. Learning environment
 - d. Teacher
121. How does behaviorist explain the observation of a child enjoying school?
- a. Learning is highly personalized.
 - b. He is taught like skills.
 - c. He is rewarded for his good performance.
 - d. He feels he belongs.
122. Who are granted special temporary permit to teach base on RA 9293?
- a. Those who failed in the LET.
 - b. Those who failed in the LET but once only.
 - c. Those who failed with an average rating from 70 – 74%
 - d. Those who failed not more than twice with an average rating from 70 – 74%
123. Does assessment AS learning occur when a student monitors her own progress in relation to learning targets, he/she sets up?
- a. Partially no
 - b. Partially yes
 - c. No
 - d. Yes
124. What is the cognitive level of a student reflecting on personal efficiency and effectiveness in learning habits?
- a. Metacognition
 - b. Perception
 - c. Intuition
 - d. Feelings
125. An option in a multiple-choice test did not work. Which conclusions can you derive about the option?
- a. It is highly plausible.
 - b. It is implausible.
 - c. It should be maintained.
 - d. It belongs to a category of options.
126. Researchers on the brain tell that brain is more "plastic" in younger children and potentially more malleable for re-routing neural circuits. What is an implication on reading disabilities?
- I. Early identification of reading disabilities is very important.
 - II. Remediation for reading disabilities must be given as early as possible.

- III. Reading disabilities in late childhood are beyond remediation.
- III only
 - II only
 - I only
 - I and II**
127. Which practice/s support/s integrative teaching?
- Make classrooms inclusive
 - Teach the General Education subjects using multidisciplinary approach
 - Alternate learning systems for out-of-school learners and those with special need
- I, II and III**
 - II and III only
 - I only
 - II only
128. Which are the features of the K to 12 Curriculum?
- Articulated and spiral in progression
 - Competency-based
 - Inclusive
 - Content-based
- I, III and IV
 - II, III and IV
 - I, II and III**
 - I, II and IV
129. What kind of teaching-learning approach is adopted in teaching the same major subjects (English, Math, Science) in the K-to-12 curriculum?
- Redundant teaching-learning
 - Spiral teaching-learning**
 - Differentiated teaching-learning
 - High order thinking teaching-learning
130. On Bandura's social learning theory, how come people don't change even if they observe good behavior?
- They stop at observation only
 - They like to imitate what they see
 - They see, learn and change**
 - They observe and change temporarily
131. Your percentile rank in a test is 90. What does this mean? You belong to the _____.
- Lower 90% of the class
 - Upper 90% of the class
 - Lower 10% of the class
 - Upper 10% of the class**
132. How are Massive Open Online Courses most beneficial especially for those outside the school or retired in their careers?
- For basic education
 - For early childhood schooling
 - For secondary courses
 - For lifelong learning**
133. From an interview of education, who is at the center of the educational system?
- The Professional Teacher
 - The parents and the community
 - The Filipino child**
 - The school administrators
134. As every teacher is a curricularist, what is the teacher's role in teaching along curricular program of schools?
- As writer
 - As implementer**
 - As evaluator
 - As knower
135. According to RA 9293, are passers of the Professional Board Examination for Teachers (PBET) given by the Civil Service Commission required to take the LET to obtain a license?
- No, PBET rating is a professional license itself.
