

PROFESSIONAL EDUCATION

SET B

1. What is the proper characterization for the power-point presentation to deliver a lesson?
 - a. Academics
 - b. Technology
 - c. Machinery
 - d. Culture
2. Which type of test can show the student's synthesizing skills?
 - a. Performance test
 - b. Diagnostic test
 - c. Multiple choice test
 - d. Completion test
3. What are characteristics of a good management plan?
 - a. It's clear and simple
 - b. It's prepared by students
 - c. It is approved by parents
 - d. It comes from the principal
4. Given the oldest historical understanding of a teacher, which of the following is closest to the idea of the first teachers who were parents or elders transmitting norms, crafts and beliefs to the young?
 - a. School teacher
 - b. Master
 - c. Guardian
 - d. Coach
5. On periods of development, what feature characterizes the child in early childhood?
 - a. High level of cognition
 - b. Independence
 - c. Readiness for schooling
 - d. Maturity
6. What characteristics show that a teacher has empathy towards learners/students?
 - a. Strength and conviction
 - b. Caring and love
 - c. Loyalty and affinity
 - d. Discipline and fortitude
7. Which of the following is a routine procedure in class management?
 - a. Experiment
 - b. Role-play
 - c. Roll-call
 - d. Research
8. There are varied aspects to professionalism among teachers, but which aspect is their inner ideals, commitment and dedication as teachers?
 - a. Ethical aspect
 - b. Social aspect
 - c. Cultural aspect
 - d. Work aspect
9. What assessment provides a total view of a student's performance?
 - a. Summative
 - b. Developmental
 - c. Placement
 - d. Formative
10. How is periodic reporting of student grades useful?
 - a. As an obligation
 - b. As way to please parents
 - c. As way to win support for the school
 - d. As feedback
11. What activity of human intelligence attached value or quantitative description to measuring results of learning activities?
 - a. Analysis
 - b. Critical thinking
 - c. Assessment
 - d. Understanding
12. Rexor's score is within $x \pm 1$ SD. To which of the following groups does description to measuring results of learning activities?
 - a. Needs improvement
 - b. Average
 - c. Above average
 - d. Below average
13. Which portfolio is most appropriate to show improvement in learning and transforming as a student?
 - a. Process portfolio
 - b. Development portfolio
 - c. Assessment portfolio
 - d. Showcase portfolio
14. How are Massive Open Online Courses (MOOCs) delivered to learners of all kinds (students, retirees, those changing careers, etc.)?
 - a. Through correspondence
 - b. Through the internet
 - c. Through classroom instruction
 - d. Through field training
15. On cognitive principles in test construction, what ability is required to correctly answer Filling the Blanks questions?
 - a. Analytical thinking
 - b. Creative imagination
 - c. Application process
 - d. Memory recall
16. Regardless of the transition period, how many credit units for CPD is required of professional teachers every three years for renewal of License?
 - a. 10 credit units
 - b. 15 credit units
 - c. 45 credit units
 - d. 30 credit units
17. What can be the instructional value of a web application that provides fun and excitement to early learners like one designed along an amusement park ride?
 - a. It is high order learning
 - b. It is good for all grade levels
 - c. It gives sophistication in design
 - d. It is motivating
18. What kind of problems do action research address?
 - a. Potential problems on school finance
 - b. Cognitive problems on pedagogy
 - c. Practical and resolvable problems
 - d. Speculative problems on teaching
19. On classroom activities, the following are appropriate for learners who have good spatial skills, but NOT to include _____.
 - a. Community projects
 - b. Concept maps
 - c. Visual presentation
 - d. Preparing graphs

20. What is being asked of students in a task to determine elements and explain them in relation to other parts or the whole?
 - a. Analysis
 - b. Assessing
 - c. Recall
 - d. Understanding
21. On principles of teaching-and-learning, what do cognitive theorists see as the way to develop learners?
 - a. Learning by modelling of skills
 - b. Learning by thinking
 - c. Learning by perceiving the environment
 - d. Learning by imitation of ideas
22. In the K to 12 Basic Education Curriculum, science is formally taught from _____.
 - a. Grade 4 to Grade 12
 - b. Grade 1 to Grade 10
 - c. K to Grade 12
 - d. Grade 3 to Grade 12
23. You want to know who a good teacher is. In the Philippines which would you consult?
 - a. Philippine Professional Standards for Teachers
 - b. Professional Philippine Teacher Standards
 - c. National Competency-Based Teacher Standards
 - d. Professional Code of Ethics
24. If I apply Vygotsky's theory of learning, which will I do?
 - a. Allow the child to choose his learning activity.
 - b. Establish classroom disciplining from the very start.
 - c. Assist the child where he needs assistance until he can be on his own.
 - d. Follow a logical arrangement of topics.
25. Due to the advent of COVID-19, which initiative is required for curriculum change?
 - a. Curriculum implementation
 - b. Curriculum evaluation
 - c. Curriculum design
 - d. Curriculum modification
26. In a lesson, when do teachers make ideas universally applicable to other ideas or situations?
 - a. Summarization
 - b. Generalization
 - c. Comparison
 - d. Abstraction
27. What is the philosophical basis for education in recent years of General Education subjects in career studies in the College level?
 - a. Utilitarianism
 - b. Traditionalism
 - c. Essentialism
 - d. Perennialism
28. As a teacher, how will you best understand the need to nourish the child along the axiom "Man does not live by bread alone?"
 - a. Need to enforce discipline
 - b. Need to teach human values
 - c. Need to follow syllabi
 - d. Need to teacher the 3 Rs
29. What does "grading on the curve" mean?
 - a. Grading compared with achievement
 - b. Normal scale of grades of students
 - c. Achievement more important than grades
 - d. Grading more important than achievement
30. Which is the best class performance on a 100-item test?
 - a. Mean is 80 and SD is 2
 - b. Mean is 82 and SD is 10
 - c. Mean is 90 and SD is 2
 - d. Mean is 80 and SD is 12
31. Among varied tasks, how can the Virtual Learning Management System help instruction?
 - a. Through face-to-face learning
 - b. Through ending instructional tasks
 - c. Through digital game activities
 - d. Through posting assignments
32. Which of the following exemplifies differentiated instruction directed at heterogenous groups in a class?
 - a. Different tasks, appropriate for each group
 - b. Divide class, same tasks
 - c. Three different teachers to assess groups
 - d. Same task for all groups
33. Vygotsky says that learning occurs in a social context. Which learning activity is most appropriate?
 - a. Research
 - b. Peer discussion
 - c. Individual PowerPoint Presentation
 - d. Journal entry
34. Which is most likely the behavior of students whose minds are solely guided by the ID?
 - a. Students would discuss and ask questions a lot
 - b. Students would be very considerate and understanding with one another
 - c. Students would find it difficult to wait patiently for their turn at the canteen when hungry
 - d. Students would do more independent work
35. What is the equivalent of Educations as "learning in any place, anytime and anywhere?"
 - a. Flexible learning
 - b. Research-based instruction
 - c. Constructive education
 - d. Outcomes-based curriculum
36. In Bloom and Anderson's Taxonomy in the hierarchy of cognitive learning, which comes first and lowest as a cognitive activity?
 - a. Applying
 - b. Creating
 - c. Analyzing
 - d. Remembering
37. What can teacher Rosalie do to encourage class participation in her class?
 - a. Allow students to go out during class hours
 - b. Employ student-centered and fun learning
 - c. Ask help of teacher peers
 - d. Improve in hour-long lecture
38. Due to multiple intelligence and learning styles of learners, which approach works best in order to enhance learning of each and all students?
 - a. Unilateral approach
 - b. Horizontal approach
 - c. Streamlined approach
 - d. Differentiated approach
39. Among the curricula which operated in the classroom, which curriculum is actually applied in the teaching-learning process?
 - a. Taught curriculum
 - b. Hidden curriculum
 - c. Written curriculum

- d. Recommended curriculum
40. Among cognitive deficiencies, what is known as the difficulty in focusing or keeping attention in learning?
- Perception grasp disorder
 - Language communication disorder
 - Memory breadth disorder
 - Attention deficit disorder
41. If the scores of your test follow a negatively skewed score distribution, what went wrong?
- Items were wrong
 - Items were not in order
 - Items were easy
 - Items were difficult
42. Which of the following shows a total physical environment that supports learning?
- Classrooms with furniture
 - Tall three-storied building
 - Safe and secure building and classroom structures
 - Bulletin boards in every building
43. Among communication indicators, which can ensure effective communication between teacher and learners?
- Group dynamics
 - Fun learning
 - Two-way
 - Technology-based
44. What kind of presence is engaged in through the Community of Inquiry Model?
- Social presence
 - Psychological presence
 - Individual Presence
 - Psycho-motor presence
45. What are equivalent to standards under the Philippine Professional Standards for Teachers?
- Cost of higher education
 - Levels of qualifications
 - Certificate of training
 - Accreditations of schools
46. Which software is useful for text writing and organization in formulating articles or essays?
- Microsoft word
 - Database
 - PowerPoint
 - Spreadsheet
47. How is the bi-semester grade per subject for Grades 1-to-10 computed?
- By grade average for 2 quarters
 - By grade average the whole year
 - By grade average each month
 - By grade average each week
48. Which portfolio can demonstrate skills e.g., using the microscope?
- Showcase portfolio
 - Process portfolio
 - Development portfolio
 - Assessment portfolio
49. What factor is given the most importance by Teacher Nikki is teaching in a school for children in a poverty-stricken slum area?
- Children's beliefs
 - Children's ethnicity
 - Children's race
 - Children's socio-economic status
50. Which of the following is significant/related to cognitive development in the child?
- One involving memorizing a poem
 - One involving feelings for a mother
 - One involving physical enlargement of the brain
 - One involving increase in weight
51. How is referent power best exhibited by the teacher on the first day of school?
- Reminding your students your authority over them
 - Giving students a sense of acceptance and belonging
 - Making students feel you know what you are taking about
 - Telling students, the importance of good grades
52. Which of the following is the correct feature that characterize the Indigenous Peoples Education Curriculum?
- Stamped out cultural identity
 - Reduced use of indigenous languages
 - Exclusivist curriculum paradigm
 - Anchored learning context on ancestral domain
53. According to Maslow, what satisfaction is reached as the final result of psychological harmony with reality?
- Self-esteem
 - Ego-actualization
 - Sovereignty
 - Belongingness
54. When a student gathers data or information and arrives at a conclusion, what process or research is followed?
- Induction
 - Deduction
 - Implication
 - Experiment
55. What kind of assessment of learning can provide information about achievement levels across individual learners?
- Assessment of motivation
 - Assessment of learning styles
 - Assessment of performance
 - Assessment of ethnicity
56. Which task is appropriate for an outcome that demonstrate research writing?
- Research data gathering
 - Research definition of terms
 - Research question formulation
 - Research project report
57. What does evidence-based practice imply?
- Base your intended research on a list of past researches
 - Instructional practice must be supported by rigorous research findings
 - Research is a criterion for teacher promotion
 - Teachers are engaged in research
58. What is the descriptor for a numerical grade of 80 as level of proficiency?
- Satisfactory
 - Advanced
 - Very Satisfactory
 - Outstanding

59. When is it best for teacher Anna to set up classroom routines, e.g., passing of paper, seeking permission in class, etc.?
- At the end of the year
 - In the middle of the year
 - At start of every class
 - At the start of the year
60. Which is true of a constructivist teaching-learning process?
- Based on students' questions and interests
 - Interactive
 - Dialogue
 - Group work
- II and III
 - I and IV
 - I and II
 - I, II, III and IV
61. When will parents find reporting of grades of their children meaningful?
- By distributing grade report cards
 - By comparing grades of individual students
 - By telling parents the limitations of their children
 - By explaining grades and performance of students
62. At what level of Kohlberg's stages of moral development is taxi driver Ed returning the wallet of a passenger who left it in his cab?
- Preconventional for the reward money
 - Preconventional for fear of punishment
 - Conventional for social approval of what other people will say
 - Post-conventional for the common good
63. What cognitive process is required in writing a personality profile of a fellow classmate?
- Creating
 - Applying
 - Recalling
 - Analyzing
64. What is meant by action research following a cyclical process?
- Problems occur again and again like a cycle
 - Teachers form a circle during meetings
 - The circle of participants change from time to time
 - Effort is continuing until problem is resolved
65. During the COVID virtual learning, what is missed by learners?
- Cyber interchange
 - Face-to-face teaching-learning
 - On-line instruction
 - Virtual interaction
66. Which of the following expresses spirituality among professional teachers?
- Advocacy for universal values, e.g., love, service, freedom, etc.
 - Performing civic duties, e.g., voting on election day
 - Regularity in church duties, e.g., Mass, rosary praying, etc.
 - Conformity with school rules, e.g., uniform dress attire
67. In the 4 factors of Bandura's social learning theory, what influence do teachers and parents have on the young?
- Social persuasion
 - Mastery experience
 - Emotional stated
 - Vicarious experience
68. In a multiple-choice test, what are the choices that correspond to the list of concepts?
- Decoys
 - Contrasts
 - Opposites
 - Alternatives
69. What is most important in monitoring the progress of the curriculum?
- Observing if learning outcomes are accomplished
 - Grading of project and assignment outputs
 - Determining the outstanding teachers in the school
 - Limiting absences of students and teachers
70. What factor should Teacher Cess be careful about when she is teaching in school for children in a poverty stricken slum area?
- Children's belief
 - Children's socio-economic status
 - Children's ethnicity
 - Children's race
71. Which of the following has higher importance than the rest as to best practice of a professional teacher?
- Competency supported by continuing growth
 - Appearance as a teacher in dress and attire
 - Loyalty to the school by years of service
 - Regularity in class attendance
72. What kind of parents can most likely foster a sense of responsibility among children?
- Permissive
 - Autocratic
 - Democratic
 - Neglecting
73. Which research finding regarding use of the Mother Tongue as language of instructions is TRUE?
The use of the Mother Tongue _____ the learning of the second language.
- Enhances
 - Delays
 - Does not affect
 - Hampers
74. What is the main objective of action research in instruction and school management?
- It aims at strengthening authority of principals.
 - It seeks to solve instructional and school problems.
 - It aims at increasing the work of teachers.
 - It seeks to make students loyal to the school.
75. Which of the following shows the teacher's respect for human dignity?
- Joining professional associations
 - Using social media
 - Working with people of different views
 - Practicing diligence and industry

76. Which of the following will most likely help students internalize classroom rules?
- Teacher explaining the rules to students to follow
 - Student participation in setting rules**
 - Students following teacher's rules
 - Teacher formulating the rules
77. On classroom activities, the following are appropriate for learners who have good logical-mathematics skills, but NOT to include ____.
- Storytelling**
 - Number games
 - Experiments
 - Calculations
78. In addition to showing grades of students to their parents, which can be show to demonstrate performance?
- Teacher's syllabus
 - Memorandum of the principal
 - Copy of curriculum
 - Written work**
79. On the reasoning process, which is used for pure philosophy that is a deductive, rather than an inductive science?
- It starts from prior ideas in the mind**
 - It starts with the real outside the mind
 - It relates external reality to mental reality
 - It starts from the real to the mental
80. What kind of assessment is the complied materials like reflections, photos, school leaflets, etc. from internship of senior students?
- Portfolio**
 - Project
 - Essay
 - Test
81. RA 10157 states: "Mother Tongue shall be the primary medium of instruction in Kindergarten." Which are exceptions?
- When the teacher does not speak the Mother Tongue of the learners.
 - When the K pupils speak different Mother Tongues,
 - When resources in the MT are not available.
 - When teachers are not yet trained.
- I, II, III and IV**
 - III only
 - I and II
 - II only
82. Does assessment FOR learning occur when the teacher gives instructions to ensure that the intended learning outcomes are attained?
- Yes
 - Partially yes
 - No**
 - Partially no
83. For what response is continuing professional education of CPE installed for every professional teacher?
- Past ideas and practices
 - Monitoring of educational programs
 - New trends and reforms**
 - Review of academic achievement
84. On learning deficiencies, what is known as a learning disability in number operations?
- Dyscalculia**
 - Dysgraphia
 - Dyslexia
 - Dyspepsia
85. On periods of development, what feature characterized the child in infancy stage?
- Social attachment**
 - Well established language
 - Team play
 - Puberty
86. To ensure lesson mastery, which one/s should teacher use?
- Formative tests
 - Summative tests
 - Diagnostic tests
- I and II**
 - II and III
 - I and III
 - I, II and III
87. What variations of storytelling involves children telling a story with the use of materials, sets and props?
- Story enactment
 - Puppet stories**
 - Flannel board stories
 - Lap board stories
88. Situation: In a multiple-choice test item with A, B, C and D as option and with C as the correct answer, out of 50 students nobody chose A, 15 chose B, 10 chose C and 25 chose D. Which if the most effective distractor?
- A
 - D
 - C
 - B**
89. What reason will you give to justify the fact that philosophy is a deductive, rather than an inductive science?
- It starts from the real to the mental
 - It starts with the real outside the mind
 - It starts from prior ideas in the mind**
 - It relates external reality to mental ability
90. What are the characteristics of a good classroom layout/structure?
- It is made of concrete not wood material
 - It ensures a clean, safe and secure environment**
 - It fits the aesthetic taste of the principal
 - It accommodates desk and chairs
91. What is the philosophy behind Philippine schools that seek to promote democratic opportunities for all and humanistic education through lifelong learning?
- Perennialism
 - Classical education
 - Positivism
 - Progressivism**
92. Complete the analogy.
School heads: National Competency-Based Standards for School Heads.
Teachers: _____
- National Competency-Based Teacher Standards
 - Professional Philippine Standards for Teachers
 - National Competency Based Teaching Standards
 - Philippine Professional Standards for Teachers**

93. Which contributes to balance in sexuality in male and female?
- Myelin sheet
 - Blood vessels
 - Hormones
 - Chromosomes**
94. What role is the Library or Learning Resource Center fulfilling by helping students and teachers find resource materials in other schools which are part of their consortium of schools?
- Coordinating
 - Training
 - Instructing
 - Researching**
95. Which of the following comments by the teacher can likely motivate learners to try harder rather than give up on learning?
- “Ok lang kung hindi natin maunawaan ang magagaling sa atin”
 - “Hayaan na lang nating mang-unawa ang magagaling sa atin”
 - “Bigyan natin ng panahon, at lalabas din ang ating pag-unawa ng paksa”**
 - “Kapag mahirap ang paksa, mahirap ding matutunan ito”
96. Which item in newspapers demonstrates critical thinking worthwhile for instruction on current issues and events?
- Society page
 - Opinion page**
 - Entertainment page
 - News page
97. Based on the Enhance Basic Education Act of 2013, which does basic education in the Philippines encompass?
- Kindergarten
 - Elementary
 - Secondary
 - Alternative Learning System
- I and II
 - I, II and III
 - II and III
 - I, II, III and IV**
98. What is the appropriate aim of action research in school?
- Advance the physical sports program
 - Identify leaders in school clubs
 - Resolve current issues in the school**
 - Blame students for bullying and other misdemeanor
99. The following describes a learner with initiative that is appropriate for 21st century learning EXCEPT _____.
- Inventiveness
 - Drive
 - Indolence**
 - ambition
100. What roles does a teacher do when he/she draws out the capacity of learning to assimilate organize and produce ideas, while controlling the pace (slow or fast) of learning?
- Facilitator**
 - Lecturer
 - Tutor
 - Adviser
101. How will you characterize a filling the blanks question which has too many blanks?
- Over mutilated
 - Unrealistic
 - Simple
 - Implausible**
102. How does a purely behaviorist teacher explain the observation of a child enjoying school?
- He taught life skills
 - He feels he belongs
 - He is rewarded for his good performance**
 - Learning is highly personalized
103. In designing a curriculum which is the component that regulates weekly, semestral and annual schedules for curriculum implementation?
- Time-frame**
 - Assessment
 - Subject matter
 - Learning outcomes
104. As a teacher, what kind of web application or app do we need in order be more efficient and productive in our use of platforms in the Internet?
- Financial app
 - Instructional app**
 - Management app
 - Inventory app
105. In Freud’s theory of psychoanalysis, which best represents the super-ego among students?
- Their ideals in life**
 - Their industry in work
 - Their self-esteem
 - Their self-confidence
106. In modern times, what is one important contribution of machines to the educational work of teachers and schools?
- To demonstrate caring for children
 - To enhance teaching and learning**
 - To demonstrate caring for children
 - To replace teachers in school
107. On lifespan perspective, which message best describes development as a lifelong process?
- We change as the world changes around us.
 - We continue to learn and flourish in life**
 - We gain capacity for logical thought in school
 - We enhance in socializing as important to maturing
108. When is the most appropriate time to set up routine activities for effective classroom management?
- Periodically during the year
 - As soon as the students adjusted in school
 - On the first day of classes**
 - Every day of class
109. What is the descriptor for a numerical grade of 80 a level of proficiency?
- Very satisfactory
 - Outstanding
 - Satisfactory**
 - Advanced

110. What is the learning paradigm involved in school physical exercise drills before entering classrooms?
 - a. Observation
 - b. Reward
 - c. Punishment
 - d. **Conditioning**
111. Which is the most recent and comprehensive among norms for professional standards for Philippine Teachers?
 - a. Continuing Professional Development
 - b. Professional Code of Ethics
 - c. **Philippine Professional Standards for Teachers**
 - d. National Competency-Based Teacher Standards
112. What do students miss while engaging in virtual learning during the COVID-19 pandemic?
 - a. **Face-to-face learning**
 - b. Flexible learning
 - c. Distant learning
 - d. Blended learning
113. A teacher is a “trustee of the cultural and educational heritage of the nation and is under obligation to transmit to learners such heritage.” Which practice makes the teacher fulfill such obligations?
 - a. Use interactive teaching strategies
 - b. **Facilitate discovery of values from History**
 - c. Adopt the latest educational technology
 - d. Observe continuing professional education
114. What is the focus of teacher Mariah who checked assigned essays of her students for their spelling, grammar, right citation on pictures and labelling of diagrams?
 - a. **Accuracy**
 - b. Organization
 - c. Relevance
 - d. Propriety
115. During the rainy season, Principal Ronda made a ruling to use the corridors instead of the school yard for lining up prior to entrance in classes. How is this a good practice?
 - a. To protect the yard from student tampering
 - b. **To protect students from inclement weather**
 - c. To make good use of the corridors
 - d. To give students easier access to classes.
116. Which of the following best exemplifies fun-learning in the classroom?
 - a. Group research
 - b. Group discussion
 - c. **Group games**
 - d. Group presentation
117. Several stakeholders influence the school curriculum, but which next to learners are primarily important to the school curriculum implementation?
 - a. **Parents**
 - b. Industry
 - c. Community
 - d. Policy makers
118. In Kohlberg’s stages of moral development, what characterizes taxi driver Rico who returns the wallet of a passenger who left it in his cab?
 - a. Preconventional for the reward money
 - b. Preconventional for fear of punishment
 - c. **Post-conventional for the common good**
 - d. Conventional for social approval of what other people will say
119. In our post-industrial age, what provides an unlimited source of materials for teaching-and-learning in schools?
 - a. School library
 - b. School Research Center
 - c. World Wide Web
 - d. **School Resource Center**
120. Among thinking skills that students can develop, which is the ability to retain ideas by rote memory?
 - a. Understanding
 - b. **Remembering**
 - c. Creating
 - d. Applying
121. What results in a systematic curriculum mapping that aligns horizontal, vertical, subject area and interdisciplinary elements of the study agenda?
 - a. Its plurality
 - b. Its varied elements
 - c. Its colorful design
 - d. **Its coherence**
122. When does Thorndike’s Law of Readiness best apply?
 - a. When teachers require quick answers to questions
 - b. **When a teacher gives enough time for students to answer questions**
 - c. When a teacher pairs the quick and slow learners
 - d. When a teacher prepares well for presentation
123. What is demonstrated by DepEd’s emphasis on learning and assessment for percentage contribution to the grade of students in Grades 1-to-10?
 - a. More value for written work
 - b. More stress on student discipline
 - c. More stress on leadership
 - d. **More importance for performance tasks**
124. Among factors to effective teaching, which of the following refers to managing student-discipline in the classroom?
 - a. Time on task
 - b. Grouping
 - c. **Classroom management**
 - d. Direct instruction
125. What was the method used by Socrates when he taught his students about life, beliefs and norms in the ancient Grecian society?
 - a. Art of rhetoric
 - b. **Art of questioning**
 - c. Art of storytelling
 - d. Art of fallacies
126. Which of the following questions must be considered in evaluating originality in essay or research writing?
 - a. Are methods valid?
 - b. Does it follow format requirement?
 - c. **Is it one’s own material?**
 - d. Are assumptions factual?

127. On principles of teacher-and-learning, what do Field and Gestalt theories see as the way to develop learners?
 - a. Learning by perceiving the environment
 - b. Learning by change in thinking
 - c. Learning by imitating ideas and tasks
 - d. Learning by doing things
128. What kind of presence is required so that the teacher can engage students to participate and engage in the learning process?
 - a. Physical presence
 - b. Remote presence
 - c. Alter-ego presence
 - d. Distance presence
129. How can the schools effectively adopt protection of Mother Earth along sustainable development of the United Nations?
 - a. Integrating ecological values in the curriculum
 - b. Changing textbooks into modules
 - c. Introducing gardening as a school subject
 - d. Contributing plants for the school grounds
130. Which is a ground for the revocation of professional license?
 - a. Habitual use of drugs
 - b. Courting a student
 - c. Unexcused absences in school
 - d. Habitual tardiness
131. What characteristics show that a teacher has empathy towards learners/students?
 - a. Discipline and fortitude
 - b. Loyalty and affinity
 - c. Caring and love
 - d. Strength and conviction
132. What process of child development arouses interest in learning through fun activities like music and dance activities?
 - a. Socioemotional
 - b. Cognitive
 - c. Biological
 - d. Maturation
133. Which of the following is significant/related to socioemotional development in the child?
 - a. Uttering the first word "mommy"
 - b. Crawling on one's knees
 - c. Learning the alphabet
 - d. Being attached to parents
134. Who has main responsibility for a classroom management plan?
 - a. The teacher
 - b. The supervisor
 - c. The principal
 - d. The students
135. Which is TRUE of the Philippine Educational system?
 - a. Free education in public elementary and secondary schools.
 - b. Full tuition subsidy for students enrolled in the private schools in all levels.
 - c. Free education in the government schools in all levels.
 - d. Full tuition subsidy for students enrolled in the private schools in the basic level.
136. What kinds of activity is being engaged in by teacher and students who discuss concept description, definition and application?
 - a. Psycho-motor
 - b. Cognitive
 - c. Values inculcation
 - d. Affective
137. Since chromosome endowment differs between male and female, what chromosomes belong to females?
 - a. X, Y and X chromosomes
 - b. Y chromosomes
 - c. X chromosomes
 - d. X and Y chromosomes
138. In what activity can learners claim to be learning independently or managing their own learning?
 - a. Doing research studies
 - b. Listening to a lesson presentation
 - c. Copying diagrams on the blackboard
 - d. Doing Math addition drills
139. If you are part of the policy-making body of the school, you must be an officer of which organized group?
 - a. Parents' and Teachers' Association
 - b. Parent Teachers and Community Association
