A. Filipino's lack of seriousness C. Filipino's sense of humor
B. Filipino's lack of reflection D. **Filipino's love for "porma"**
15. Which is **NOT** a characteristic of democratic discipline?
A. Child has opportunity to express his/her opinion
B. Child given punishment is related to the misdeed
C. Child understands the meaning of rules
D. **Child obeys blindly**
16. Who among the following stressed the processes of experience and problem solving?
A. **Dewey** B. Aristotle C. Hegel D. Plato
17. Which of the following reasons for measuring student achievement is NOT valid?
A. To prepare feedback on the effectiveness of the learning process
B. To certify that students have attained a level of competence in a subject area
C. **To discourage students from cheating during test and getting high scores**
D. To motivate students to learn & master the materials they think will be covered by the achievement test.

18. Which characterizes the perfectionist type of students?
- A. Does not volunteer or initiate
 - B. Give up easily
 - C. Rarely complete tasks
 - D. Often anxious, fearful or frustrated about quality work
19. When a school decides to work on a thematic curriculum which should be out of the picture?
- A. Peer collaboration
 - B. Integration
 - C. Team teaching
 - D. Competition
20. Teacher wants to teach his pupils the technique on reading for information. Which technique should be use?
- A. Text structure
 - B. Prior knowledge
 - C. Story map
 - D. SQ3R
21. In instructional planning, which among these three: unit plan, course plan, lesson plan is (are) most specific? ____plans
- A. Course and lesson
 - B. Course
 - C. Lesson
 - D. Unit
22. The use of drills in the classroom is rooted on Thorndike's law of:
- A. Readiness
 - B. Exercise
 - C. Effect
 - D. Belongingness
23. Positive interdependence as an element of collaborative learning means that the students must:
- A. Learn to depend on each other to achieve a goal
 - B. Depend on the diligent students
 - C. Help one another in the individual test for everyone to pass
 - D. Be grouped heterogeneously
24. Which of the following measures should a teacher do to a principal whom she would like to file a case of sexual harassment w/o violating the relationship of the teacher to her superiors?
- A. Present the case before competent authority & prepare to prove the charge
 - B. Write an anonymous letter to a higher school official to denounce the superior

26. Parents are up in arms on the telephone bills that pay for sex calls. What is the solution to this problem?
- A. The telephone company is to blame for this (*not a solution*)
 - B. The government restriction have no teeth (*not a solution*)
 - C. Parents allow this to make their children modern (*inconsistent to the situation*)

D. Parents, school and students should discuss this openly

27. Cooperatives are encouraged in as many groups as possible. What agency controls the different cooperatives?
- A. Security and Exchange Commission C. Commission on Audit
B. Department of Local Government D. Bureau of Cooperative (Cooperative Development Authority)
28. Society and media know drinking starts off drug addiction. What should be discussed in schools?
- A. Drug addiction has been traced to drinking wine
B. Nobody drinks at home except father
C. TV ads show drinking is a source of fellowship (the only choice that includes media & society)
D. High taxes on liquor will be a deterrent to eventual drug use
29. Cooperatives have branched out to consumers cooperative. Schools have included the concepts of cooperatives. Where is it practiced?
- A. School book stores C. Schools uniform purchases
B. School canteen D. Class stores
30. A student collapsed in her social class. It was found out that he did not eat her lunch. What principle is shown in the situation?
- A. Psychological need B. Physiological need C. Somatogenic D. Safety need
31. The main function of a philosophy of education is to:
- A. Aid the learner to build his own personal philosophy
B. Reconsider existing educational goals in the light of society's needs
C. Provide the academic background prerequisite to learning
D. Define the goals & set the direction for which education is to strive
32. Which technique(s) enable(s) a teacher to identify and eventually assists students with interpersonal difficulties?
- A. Anecdotal record C. Cumulative record
B. Personal inventory D. Sociogram
33. Teachers and students can participate in these levels of computer use. Give the order of computer use from simplest to complex?
- A. Computer competency, computer literacy, computer expertise
B. Computer literacy, computer expertise, computer competency
C. Computer competency, computer expertise, computer literacy
D. Computer literacy, computer competency, computer expertise
34. Which one is considered the "Brain" of the microcomputer?
- A. CPU B. Software C. Video screen D. Keyboard
35. A group activity wherein one group representative presents the output to the bigger group rather than individual pupils presenting the output is known as:
- A. Consensus decision B. Composite report C. Jury trial D. Agenda

36. In the formulation of classroom, which of the following should a teacher refrain from doing?
- A. State classroom regulation as clearly as possible
 - B. Enlist student aid in the formulation of classroom regulation
 - C. Enforce classroom regulations consistently and fairly
 - D. Teacher and the class should make as many regulations as possible (3 -5 ONLY Harry Wong)
37. Zero standard deviation means that:
- A. The students' scores are the same
 - B. 50% of the score obtained is zero
 - C. More than 50% of the score obtained is zero
 - D. Less than 50% of the scores obtained is zero
38. Which is the least authentic mode of assessment?
- A. Paper-and-pencil test in vocabulary
 - B. Oral performance to assess student's spoken communication skills
 - C. Experiments in science to assess skill in the use of scientific methods
 - D. Artistic production for music or art subject
39. In what period of a child is physical growth fastest?
- A. Prenatal period
 - B. Early adolescence
 - C. Early childhood
 - D. Pubescence
40. How does fear affect the voluntariness of an act?
- A. Makes the act involuntary
 - B. No effect at all
 - C. Increase voluntariness
 - D. Lessens but not destroy voluntariness (fear-modifier of human act)
41. A group of people asserts that their culture is superior to another. This exemplifies:
- A. Cultural gap
 - B. Cultural conflict
 - C. Norm conflict
 - D. Ethnocentrism
(equivalent to superiority complex)
42. A test consists of a graph showing the relationship between age and population. Following it is a series of true-false items based on the graph. Which type of test does this illustrate?
- A. Laboratory exercise
 - B. Problem solving
 - C. Performance
 - D. Interpretative
43. Which curricular move served to strengthen spiritual and ethical values?
- A. Integration of creative thinking in all subject
 - B. Reducing the number of subject areas into the skill subject
 - C. Introduction of Value Education as a separate subject area
 - D. Re-introducing Science as all subject in Grade 1

44. Which computer seems to have the most potential for the classroom?
A. Mainframe computer
B. **Minicomputer**
C. Microcomputer
D. LPC
45. A teacher notices glaring wrong pronunciation of vowel sounds among her students necessitating more practice. Which of the following activities would be at most help?
A. Dictionary use
B. **Review**
C. Assignments
D. **Drill**
46. Which storage device is significantly more efficient in holding information
A. **Hard disk**
B. Software
C. Floppy disk
D. Audio cassette
47. The Filipino tendency to resort to the easy way out from a term paper as a course requirement by hiring a ghost writer or by passing a photocopied term paper provide which Filipino traits?
A. Anticipation
B. Ambivalence
C. Pakikisama
D. **Lack of discipline**
48. "No pain, no gain". This means that:
A. **Only those willing to carry the crosses that like impose can share the joy of life**
B. One should be a penitent every good Friday by carrying his cross(not logical)
C. The more suffering in this life, the more one is assured of heaven (fanatism)
D. One should look for suffering to save himself/herself (not logical)
49. Which trust on value formation is meant to help the students make use of their thinking and scientific investigation to decide on topics and questions above values?
A. Value inculcation
B. Analysis
C. **Value clarification (investigation)**
D. Moral development
50. Which interactive teaching should be AVOIDED?
A. **Using "put down" strategy**
B. Using multiple response strategy
C. Asking more divergent questions
D. Asking more evaluative questions
51. Rights which cannot be renounced or transferred because they are necessary for the fulfillment of man's **primordial obligations** are called:
A. Alienable rights
B. Perfect rights
C. **Inalienable rights**
D. Acquired rights
52. In mastery learning the definition of an **acceptable standard of performance** is called
A. Condition
B. Behavior
C. SMART
D. **Criterion measure**
53. A negative discrimination index means that:
A. **More from the lower group answered the test items correctly**
B. The items could not discriminate between the lower and upper group
C. More from the upper group answered the test item correctly
D. Less from the lower group got the test item correctly

54. Your teacher is of the opinion that the world and everything in it are changing and so teaches you the skill to cope with the changes. Which in his governing philosophy?
A. **Experimentalism** (progressivism) B. Existentialism C. Realism D. Idealism
55. For brainstorming to be effective which one should be out?
A. Making use of the other's ideas shared C. Non-threatening atmosphere
B. **Teacher's judge mental attitude** D. Openness to idea
56. Which statement on spaced and massed learning is CORRECT?
A. Massed learning is better than spaced learning
B. **Spaced learning is better than massed learning (teach less, teach well)**
C. Massed learning is as effective as spaced learning
D. Both massed learning & spaced learning are not effective
57. A teacher is a facilitator of learning and of the development of the youth. Which practice **NOT** keeping with his role as facilitator?
A. Considers the multiple intelligences of learners
B. **Humiliates misbehaving pupils**
C. Dialogs with parents and with other members of the community
D. Keeps himself abreast with educational trends
58. Which one indicates a teacher's genuine enthusiasm and pride in teaching?
A. Sticking to teaching for the moment that there are no better offers
B. Telling everyone that he went to teaching for there was no other choice them
C. **Engaging himself in continuing professional education**
D. Belittling the re-numeration one gets from teaching
59. In writing performance objective which word is NOT acceptable?
A. Manipulate B. Integrate C. Delineate D. **Comprehend**
60. When is giving praise INEFFECTIVE? When it:
A. **Uses the accomplishment of peers as the context for describing a student's present accomplishment.**
B. Provides information to student's about their competence and the value of their accomplishments
C. Focuses students attention on her own task-relevant behavior
D. Shows spontaneity, variety and other signs of credibility
61. Which statement applies when scores distribution is negatively skewed?
A. The mode corresponds to a low value
B. **The median is higher than the mode**
C. The mode and median are equal
D. The mean corresponds to a high value
62. The use of the process approach gives the students the opportunity to:
A. Learn to their own C. Make use of laboratory apparatuses
B. Apply the scientific method D. **Learn how to learn**

63. A comprehension skill of higher level which may be inferred or implied from reading is:
- A. **Picking out the main idea**
 - B. Nothing specific details
 - C. Following direction
 - D. Drawing conclusion (synthesis)
64. In the Preamble of the Code of Ethics of Professional Teachers, which is not mention about teachers?
- A. Dully licensed professionals
 - B. Possess dignity and reputation
 - C. **LET passers**
 - D. With high moral values
65. What does a skewed score distribution mean?
- A. **The scores are concentrated more at one end or the other end**
 - B. The mode, the mean, and the median are equal
 - C. The mean and the median are equal
 - D. The scores are normally distributed
66. Which is implied by a negatively skewed score distribution?
- A. The scores are evenly distributed from the left to the right
 - B. Most pupils are underachievers
 - C. **Most of the scores are high**
 - D. Most of the scores are low
67. A teacher discovers that a product of certain bottling company brings about damage to teeth. Much as he wants to share the products of his research, he could not because of harassment from all sides. Which teacher's right is violated?
- A. Right to property
 - B. Right to one's honor
 - C. **Academic freedom**
 - D. Right to make a livelihood
68. Why can the calculator do arithmetic? Because
- A. **A computer inside the calculator tells it how**
 - B. A watch inside direct it
 - C. A typewriter inside does it
 - D. A TV inside shows it
69. On which constitutional provision is the full or partial integration of capable deaf and blind students in the classroom based> the provision on
- A. Providing citizenship and vocational training to adult citizen
 - B. **Protecting and promoting the right of all citizen to qualify education**
 - C. Academic freedom
 - D. Creating scholarship for poor and deserving students
70. Teaching in the cognitive, psychomotor and effective domains is based on the concept that the learner is a:
- A. Moral and feeling being
 - B. Material and an acting being
 - C. **Thinking, feeling and acting being**
 - D. Spiritual and material being

71. Both Muslim and Christian value marriage but the Muslim practices polygamous marriage while the Christian practices monogamous marriage. What is this called?
- A. Cultural relativism
 - B. Acculturation
 - C. **Ethical** relativism
 - D. Enculturation
72. Teacher wants to compare 2 concepts. With which technique can accomplish this best?
- A. K-W-L technique
 - B. **Venn diagram**
 - C. Spider-web
 - D. Histogram
73. To build a sense of pride among Filipino youth which should be done?
- A. **Re-study our history and stress on our achievements as a people**
 - B. Set aside the study of local history
 - C. Re-study our history from the perspective of our colonizers
 - D. Replace the study of folklores and myths with technical subjects

- A. **There is greater active participation on the part of pupils**
 - B. It gives the teacher more time to rest
 - C. It needs only a few instruction materials
 - D. Academic time is used wisely
75. Which is the best reason why teacher begins a lesson in Math by checking and reviewing on the previous day's assignment and provides practice and drills?
- A. Check if parents guide their children in the making of assignment
 - B. **Make sure that the students understand the pre-requisite skills of the lesson**
 - C. Prepare the students for the mastery test
 - D. Make learning interesting and enjoyable for students
76. Which is selective reading technique meant at getting at important facts very fast?
- A. Skim reading
 - B. **Scanning**
 - C. Oral reading
 - D. Silent reading
77. For counseling to be successful which assumption must be AVOIDED?
- A. The environment must provide assurance of confidentiality
 - B. The student is willing to participate in the process
 - C. The counselor must be able to relate to the student
 - D. **The counselor tells the student what to do**
78. Which technique is most appropriate when a teacher wants a group to agree on a plan of action?
- A. Composite report
 - B. Symposium
 - C. Agenda
 - D. **Consensus decision** making
79. Which term applies to the search for related literature by computer access of data bases on discs kept in libraries?
- A. **On-line research**
 - B. Manual research
 - C. Compact discs computer research
 - D. Computer research

80. Which best indicates the effectiveness classroom activities?
- A. The laughter and enjoyment of students
 - B. The application of concept learned in daily life
 - C. The utilization of varied techniques and approaches
 - D. The variety of instructional materials used
81. The main purpose of the compulsory study of the Constitution in Philippine schools is to
- A. Develop the students into responsible, thinking citizens
 - B. Acquaint students w/ the historical development of the Philippine Constitution
 - C. Prepare students for law-making
 - D. Make constitutional experts of the students
82. Some students who are high in the scholastic aptitude tests have failed in collage. Some who are below the standards set for admission, but who, for various reasons, were admitted, attained satisfactory standings. This provide that
- A. Human beings are certainly predictable
 - B. Admission tests are not accurate, hence should not be used
 - C. Aptitude tests do not measure all factors import for success
 - D. Aptitude tests can be perfectly relied on
83. If the teacher's pattern in questioning consists of calling on a student then asking the question
- A. All students may be encouraged to participate
 - B. The student called to answer may be able to think well of his answer
 - C. The rest of the class may just dictate the answer
 - D. The rest of the class may not engage themselves in thinking of the answer
84. In order to avoid disgrace, a pregnant, unmarried woman takes drugs to induce abortion. Is she morally justified to do that?
- A. Yes, it can save her and the child from disgrace when he grows up
 - B. No, the unborn child cannot be made to suffer the consequences of the sins of his parents
 - C. No, the act of inducing abortion is bad in itself
 - D. No, it is better to prevent the child from coming into the world who will suffer very much due to the absence of a father
85. In which way does heredity affect the development of the learner?
- A. By placing limits beyond which the learner cannot develop (maturity and readiness)
 - B. By compensating for what environment fails to develop
 - C. By blocking the influence of environment
 - D. By providing equal potential to all
86. The cultivation of reflective & meditative skills in teaching is an influence of
- A. Taoism
 - B. Shintoism
 - C. Confucianism
 - D. Zen Buddhism
87. A child refuse to obey orders or displays negativism as a development trait. How may you best handle him?
- A. Take every opportunity to praise him for every positive attitude display

- B. Detain him after office hours for him to do what he has been ordered to do
 - C. Insist on compliance to the same degree required of pupils
 - D. Avoid giving him orders or if you do he objects take back the order
88. Which term refers to the collection of student's products and accomplishment for a period of evaluation purposes?
- A. **Portfolio**
 - B. Observation report
 - C. Anecdotal record
 - D. Diary
89. For comparing and contrasting, which graphic organizer is most appropriate?
- A. **Cycle**
 - B. Web
 - C. Story map
 - D. **Venn diagram**
90. Laging UMUUKILKIL sa isipan ang nasirang pangako ng anak.
- A. Sumasapi
 - B. **Gumugulo**
 - C. Bumubuhay
 - D. Sumasapi
91. Huwagkangmaniniwalasabulaklakngkanyangmatamisdila.
- A. Ito'yanunukso
 - C. Ito'ypagbibiro
 - B. **Ito'ypambobola**
 - D. Ito'ypagsisinungaling
92. If a resilient child with superior intelligence is reared in a poor environment the probable outcome would be
- A. No change in IQ because environment deprivation has nothing to do w/ intelligence
 - B. **Slight change in IQ although he can overcome** frustration and obstacles
 - C. Mental retardation in IQ because he is culturally deprived
93. Which of the following is usually considered the most important factor in a child's observable classroom behavior?
- A. Intelligence
 - B. Heredity
 - C. **Self-concept**
 - D. Cultural background
94. Section 5, article XIV, of the Constitution states that academic freedom shall be enjoyed in
- A. Public assemblies
 - C. All levels of learning
 - B. **State colleges and universities**
 - D. **All institution of higher learning**
95. A teacher who subscribes to the pragmatic philosophy of education believes that experience should follow learning in her teaching, she therefore exerts effort in
- A. Encouraging learners to memorize factual knowledge
 - B. Equipping learners with the basic abilities and skills
 - C. Requiring learners full mastery of the lesson
 - D. **Providing learners opportunities to apply theories and principles**
96. Freud expounded that there is a period when young boys experience rivalry with their father for their mother's affection. This is
- A. **Oedipus complex**
 - C. Achilles syndrome
 - B. Electra complex
 - D. Cassandra syndrome
97. Education is a life long process. This simply means that education-
- A. May take place formally or informally to enable the individual to grow
 - B. May take place anywhere and anytime the individual so desires
 - C. **Is a continuous process of** experiencing and reorganizing experiences

- D. Take place in the school where the individual is exposed, self-contained experiences
98. The tendency to imitate elders is very strong in the early childhood stage. Teachers should therefore be very good-
- A. Counselors **B. Role models** C. Disciplinarians D. Facilitators of learning
99. How is Values Education offered in the National Secondary Education Curriculum?
- A. Emphasized in Science and Technology
B. As a separate subject
C. Integrated in all subject areas
D. Integrated with Technology and Home Economics
100. The NSEC orients secondary education to-
- A. The teaching of the national symbols
B. The development of competencies and values for social living
C. Health values development
D. National development requirements & reflects search based direction
101. The child cannot distinguish abstracts during the sensory motor period of development. Which of these techniques should a teacher apply to accommodate learning?
- A. Make use of individualize instruction
B. Explain the lesson very well
C. Utilize concrete objects to clarify concept
D. Provide variety of educational toys (sensorimotor-0 to 2)
102. Which of these systems of learning includes ways and methods which are used in preserving and building certain traditions within cultural communities?
- A. Non-formal learning C. Cultural learning
B. Multi-level learning **D. Indigenous learning**
103. Which of the following statements is TRUE in the use of experiments and demonstrations in teaching science
- A. **It is valuable if used in the context of a lesson that relates observation** to other information
B. It should be encouraged in elementary school since the concepts they encompass are difficult for your children
C. It is as valuable as teaching by lecturing
D. It is less valuable than teaching through inquiry and discussion
104. Identical twins are more alike than fraternal twins. Which of the following statements/principles supported by this?
- A. Environment affects both fraternal and identical twins**
B. Intelligence hinges in physical structure
C. Heredity has a part in determining intelligence
D. Intelligence is determined partly by pre-natal nutrition (b-c-d about intelligence)
105. Which of these philosophers is reflective of that of Dewey's which stresses the development of an individual capable of reflective thinking specifically that of being able to solve the problem he faces individually or collectively.
- A. Disciplinarianism C. Experimentation
B. Developmentalism D. Rationalism

106. Which of the following abilities is stressed by humanistic education?
- A. Learn the different philosophies of education
 - B. Develop man into a thinking individual
 - C. Enjoy the great works of man such as the classics
 - D. Make man distinctly civilized, educated and refined
107. An appreciation lesson is one that is designed to lead the class to conduct and enjoy something. Which of the following statements closely approximate the meaning of the above?
- A. An appreciation lesson should be a lesson in values
 - B. Appreciation lessons help pupils weigh and clarify values
 - C. One cannot fully appreciate what one does not understand or enjoy
 - D. A teacher should plan lessons that will guide children to appreciate what is beautiful
108. Which of the following is the best time for a teacher to set up routine activities that will contribute to effective classroom management?
- A. As soon as the students have established
 - B. Daily at the start of the session
 - C. During his homeroom days
 - D. On the very first day of school
109. In large classes where little of the work can be individualized the most effective and practical ways to individualize instruction to
- A. Devise group activities w/c afford every pupils an opportunity to work at his own
 - B. Give the pupils freedom to launch individual projects
 - C. Assign homework and check it regularly
 - D. Assigned program material for out-of-class hours
110. Which of these is the MOST important principle that a teacher should follow in initiating a program of positive reinforcement?
- A. Make sure the reward comes immediately after the appropriate behavior
