

PROFESSIONAL EDUCATION – 150 Items

GENERAL INSTRUCTIONS:

1. This test booklet contains 150 test questions. Examinees shall manage to use the 3 hours.
2. Read **INSTRUCTIONS TO EXAMINEES** printed on your answer sheet.
3. Shade only one (1) box for each question on your answer sheets. Two or more boxes shaded will invalidate your answer.
4. AVOID ERASURES.
5. This is PRC property. Unauthorized possession, reproduction, and/ or sale of this test booklet are punishable by law. (R.A.8981)

INSTRUCTIONS:

1. Detach one (1) answer sheet from the bottom of your Examinee ID/Answer Sheet; Set
2. Write the subject title “**PROFESSIONAL EDUCATION**” on the box provided.
3. Shade Set Box “A” on your answer sheet if your test booklet is Set A; Set Box “B” if your test booklet is Set B.

MULTIPLE CHOICE

1. What philosophical belief describes the Schools should develop political literacy among students so they can use to improve quality of life?

- | | |
|-------------------|------------------|
| A. Perennialism | B. Progressivism |
| C. Existentialism | D. Essentialism |

2. Setting of learning objectives adopts certain characteristics under the acronym of SMART. Identify the kind of objective set by SMART teachers:

The T in SMART is _____.

- | | |
|----------------|----------------------------|
| A. True | C. Time-bound |
| B. Traditional | D. Tabulated by objectives |

3. After the 1987 Constitution, what is the first legal basis that makes teaching a profession and considers teachers as professionals?

- A. R.A 7640
B. R.A 7836
C. P.D 1006
D. Code of Ethics for Professional Teachers

4. The Code of Ethics for Professional Teachers covers all the following EXCEPT

- A. instructors and professors in the tertiary level
B. All private and public school teachers in all educational institutions at the preschool, elementary and secondary whether academic, vocational for non-formal whether full-time or part-time.

C. All persons performing supervisory and/or administrative functions in all schools in all levels.

D. industrial arts or vocational person

5. The Professional role of Teachers is not “the sage on the stage” but “the guide from the side”. This implies that the _____.

A. teachers must act more as facilitators of learning

6. The promulgation of Code of ethics for professional Teachers under Resolution 435 of the PRC expressly covers teachers in all educational intuitions at the following levels, and implicitly at the _____.

A. Elementary

B. Tertiary

C. Preschool and Primary

D. Secondary

7. Setting of learning objectives adopts certain characteristics under the acronym of SMART. Identify the kind of objectives set by SMART teachers.

The A in SMART is _____.

A. Active

C. Attainable

B. Achievement

D. Advisable

8. What kind of knowledge process is involved when Teacher JC asked his students to reflect on themselves as self-learning?

A. Deduction

C. Metacogniton

B. Observation

D. Induction

9. Teacher Didi recognizes the fact that learners have strong sensual feelings, and so

~~she explores the learner's~~ _____.

~~A. Pleasure Values~~

~~C. Spiritual Values~~

B. Values of the Holy

D. Vital Values

10. The highest level in the life of professional teacher as given in the PPST is _____.

A. Model

C. Most Proficient

B. Distinguished

D. Highly Proficient

16. Which message does Maslow’s Hierarchy of needs portray to?

A. The need of a person are all growth needs.

B. A need must be satisfied 100% before the next need emerges.

C. A higher need cannot be satisfied when the lower need is fully satisfied.

D. There is a hierarchy of needs.

17. What principle was not being applied when teacher Rita made no introductory orientation of lessons in the curriculum agenda?

- A. Giving a pre-test and post-test for lessons.
- B. Preparing students to be quiet
- C. Preparing instructional tools
- D. Connecting present to previous lessons

18. Which of the following topics are appropriate for inviting a barangay chairman to share ideas with students and teachers in a school?

- A. Tips on health and nutritional care
- B. Organizing a school sports tournament
- C. Managing the basic needs of a community
- D. Climate change and its responsibilities

19. The philosopher said “Man is an unfinished project.” What does this means?

- A. Every human person is on the process of becoming a better person
- B. Every person is expected to spend enormous reason for his/her progress.
- C. Every person should work on the improvement of someone else.
- D. Every person’s life has an end.

20. Teacher Ara relates lesson to experiences and social environment of her learners. What principle of learning is achieved by Teacher Ara?

- A. Learning begins with clear expectations.
- B. Learning is a discovery of personal meaning.
- C. Learning is a cooperative process.
- D. Learning is an active process.

21. Teacher Sony makes effort for students to discover personal values applicable for life in her lessons. What domain of learning is served in this instance?

- A. Skills learning
- C. Metacognitive learning
- B. Cognitive learning
- D. Affective learning

22. Teacher Liza is _____ as she avoids out-of-context facts recall, but introduces situations for learners to think-feel and do, such as making picture folders, team-building on projects, etc.

- | | |
|------------------|-------------------|
| A. Progressivist | C. Constructivist |
| B. Naturalist | D. Posivist |

23. In her Arithmetic class, teacher Bambie makes her students use numbers for various real-life tasks like buying things in the store, comparing distances of planets, budgeting a party, etc. What is this teaching-learning practice?

- | | |
|-----------------------|------------------|
| A. Reconstructive | D. Collaborative |
| B. Inter-disciplinary | C. Constructive |

24. Mrs. Hernandez is evaluating a website for her Literature class. She is making sure that factual pieces of information found on the site are well documented and pictures and diagrams are properly labeled. She is also checking that there are no misspelled words or grammar errors. Which criterion is she focusing on?

- A. Accuracy
- B. Appropriateness
- C. Clarity
- D. Motivation

25. If you want to determine if the education student truly value teaching profession, which of the following queries should you ask?

- A. Is the teaching profession a noble profession?
- B. Are you happy on your choice?
- C. Will you convince others to enroll in the teacher education course?
- D. What good do you get if you become a teacher?

26. Why is empirical science inductive?

- A. It starts from observable evidences building p to a universal explanation or theory.
- B. It is drawn from universal laws of the mind
- C. It combines universal laws and principles
- D. It starts from universal principles to concrete facts or knowledge

27. From Bloom's taxonomy of cognitive processing, at what level is teacher Sha's asking her students to formulate their personal philosophy of education?

- A. Creating
- B. Evaluating
- C. Analyzing
- D. Assessing

28. For those who successfully pass the Licensure Examination for teachers the _____ signed by the chairman of the RC serve as evidence for lawful practice profession

- A. Professional License
- B. Professional oath Copy
- C. Merit examination certificate
- D. Professional registration fee receipt

29. What type of education is giving emphasis on learning by doing, experiential learning, etc.?

- A. Ancient education
- B. Alternative education
- C. Traditional education
- D. Progressive education

30. A Grade 7 Social Studies teacher gave a project where her class in Manila will work together with other Grade 7 classes in their school campuses in Visayas and Mindanao. They will create posters and a video clip to communicate a message about peace. They will use social media to spread their peace campaign. This project involves technology integration which is _____.

- A. adaptation-collaborative
- B. entry-active
- C. adoption-constructive
- D. transformation-constructive

31. Why is CPD necessary for professional teachers?

- I. To continuously improve their professional and personal competence
- II. To be at par with other professionals
- III. To abide by the CPD Act of 2016

A. I, II and III C. I and III
B. II and III D. III only

32. Miss Ramirez is evaluating an early literacy app for her class. She is making sure that the app is uncluttered in appearance, is arranged in some order of difficulty, and that icons represent what they were intended to represent. Which criterion is she focusing on?

A. Organization C. Motivation
B. Accuracy D. Appropriateness

33. On which theory is the logical sequencing of curriculum based?

A. Progressivism C. Essentialism
B. Perennialism D. Reconstructionism

34. Miss Navarro is evaluating an app for her Grade 8 Science class. She is finding out whether the app taps the skills found in the Grade 8 standards to ensure that this app will be helpful in meeting her objectives. She wants to make sure it is not too easy nor too difficult for her students. Which criterion is she focusing on?

A. Appropriateness C. Accuracy
B. Organization D. Currency

35. How students learn may be more important than what they learn. From this principle, which of the following is particularly important?

A. Knowing how to solve a problem
B. Determining the givens
C. Solving a problem within time allotted
D. Getting the right answer to a word problem

36. One philosopher considers education as the acquisition of the art of the utilization of

knowledge. This implies that

A. a learner's interest in art is comfortable
B. a learner's acquisition of information is not important
C. a learner's application of what she has learned is necessary
D. a learner's acquisition of information is sufficient

37. With Republic Act 7836 the licensure examination for teachers is with _____.

A. Department of Education, Culture and Arts
B. Professional Regulation Commission
C. Commission on Higher Education
D. Civil Service Examination

38. Is it professional for a teacher to receive gifts from students and parents?

A. Not at all

B. No especially if done in exchange for requested concessions

C. Yes, if deserved

D. Yes, in-season and out-season gifts

39. From broad vantage view of human development, who has the primary duty to educate the youths or children?

A. Teachers

C. The state

B. Parent

D. The schools

40. Buber's "social principle" refers to all of the following EXCEPT:

A. treating, using the other as a means to an end

B. intersubjective, interpersonal, "we" relation

C. a life dialogue of the members of society

D. responding to other's need as a means to an end

41. To advance a common mission, every school should provide a vision supported by _____.

A. cultural identity

C. core values

B. achieved prestige

D. institution's history

42. You are required to formulate your own philosophy of education in the course, The Teaching Profession. Based on Bloom's revised taxonomy, in which level of cognitive processing are you?

A. Applying

C. Analyzing

B. Creating

D. Evaluating

43. For brainstorming to be effective, which should be OUT?

A. Openness to ideas

C. Making use of other's ideas shared

B. Teacher's judgmental attitude

D. Non-threatening atmosphere

44. Among thinking skills, Tolerance means ability _____.

A. to maintain distinctions among structures

B. to integrate complex information

C. to place information into categories

D. to deal with the unclear information without frustration

45. What is the core of the classroom setting in every school?

A. Instruction

C. Curriculum

B. Syllabus

D. Research

46. If teacher wants to develop in the learner the skills to organize ideas, which one should he employ?

A. K-W-L technique

C. Venn Diagram

B. Histogram

D. Graphic Organizer

47. Among the major schools of learning theories, which see learning in terms of changing what we do?

- A. Behavioral theories
- B. Cognitive theories
- C. Field and Gestalt theories
- D. Social theories

48. The following are non-verbal praises that can accentuate the positive in class for effective classroom management EXCEPT one:

- A. shaking head
- B. winking
- C. thumbs-up signal
- D. raising of eyebrows

49. In a curriculum development class, the teacher asked the students to give an enriched definition of the curriculum. Which among the following encompasses the true essence of the term?

- A. Curriculum is the sum total of all learning experiences in the teaching-learning process.
- B. Curriculum is a list of subjects to take to complete a course.
- C. Curriculum is a list of courses in order to graduate.
- D. Curriculum is a never ending process in education.

50. What applies to meta-cognitive thinking skills in learning?

- A. Problem-solving
- B. Monitoring own comprehension
- C. Emphasis on independent learning
- D. Factual and concrete thinking

51. Which of the following construct is NOT at the level of Critical Thinking?

- A. grouping and classifying
- B. preferring and evaluating
- C. associating and grasping principles
- D. guessing and believing

52. What comprise computer competency?

- A. Spending days and nights on computer games and downloading internet materials
- B. Use of the computer for particular use, e.g. emailing
- C. General knowledge and experience in using computers
- D. Knowledge of the use and how to program computers, e.g. blogging

53. Teacher Joanna used photographs to depict social problems such as war, pollution and poverty. What is the principal benefit for the use of this instructional aid?

- A. Expand interest
- B. Provide experience of the problem
- C. Emotional impact
- D. Encourage participation

54. Among critical thinking skills is _____.

- A. opinionating
- B. guessing
- C. believing
- D. estimating

55. Which of the following processes usually comes first in developing curriculum?

- A. Identifying learning goals and objectives
- B. Selection of educational content
- C. Evaluating educational experiences

D. Organization of learning experiences

56. In order to most effectively teach students the way to use election rights fully, what stimulation situation can teacher Jojo adopt?

- A. Make students devise political posters
- B. Invite politicians to speak in school
- C. Involve students to enact a campaign and election
- D. Assign students to clip political news

57. What comprise computer literacy?

- A. Knowledge on the use and how to program computers, e.g. blogging
- B. Use of the computer for particular use, e.g. emailing
- C. General knowledge and experience in using computers
- D. Spending days or nights on games and downloading internet materials

58. The _____ is a technique in which participants seated in a circle listens to an individual who is asked to express himself on issues or personal experiences.

- A. Role playing
- B. Buzz session
- C. Forum
- D. Brainstorming

59. How do you judge the teaching style of a teacher who facilitates development of students through dialogue and questioning?

- A. Inspiratory
- B. Programmatic
- C. Explanatory
- D. Interactive

60. What can schools implement in order to alleviate sole use of textbooks as instructional material causing to their poor preparation in subject matter?

- A. Attitude learning on professionalism
- B. Discussion dialogue on subject content
- C. Training in preparing new materials
- D. Lecture on change in school organization

61. For her Arts class, teacher Alice joined students on a trip to Angono, Rizal to visit and interview artists famous for their landscape paintings. What transfer of learning prevailed in the instance?

- A. Inquiry-related
- B. Learner-related
- C. Concept-related
- D. Utilization-related

62. What is a question to clarify and challenge an issue/problem during the process of critical thinking?

- A. When did this happen?
- B. What is the issue for discussion?
- C. Where did the problem arise?
- D. What is the main point?

63. Which is/are true of a professional?

- A. Completed college/university degree
- B. Required or NC or from TESDA

- C. Demonstrate solely ethical competence
- D. Abides by his personal Code of Ethics

64. Which teaching practice gives primary consideration to individual differences?

- A. Applying two sets of different standards
- B. Preparing two different sets of examination, one for the fast learners and another for the slow learners
- C. Allowing children to show that they learned the stages of mitosis in a way where they feel most comfortable.
- D. Allowing children to show that they learned the stages of mitosis in a way where they feel most comfortable except by lecturing

65. If teaching is considered as your mission, which applies/apply?

- I. You will be faithful to teaching no matter what
- II. You will teach for recognition of efforts
- III. You will be faithful to your mission and you want to succeed.

- A. I and II
- B. I, II and III
- C. II and III
- D. I and II

66. Curriculum may be defined in many ways. What does this prove?

- A. The concept of curriculum may be defined from different perspectives.
- B. The concept of curriculum is based on those given by experts.
- C. The concept is limited and narrow in scope.
- D. The curriculum is characterized as fragmentary, elusive and confusing.

67. What is teaching-learning implication of student diversity?

- A. Develop different standards for different student groups
- B. Compare students.
- C. Do homogeneous group for grouping activities.
- D. Make use of a variety of teaching and assessment methods and activities.

68. Henry Adams said, "A teacher affects eternity; no one knows where his influence stops". What does this quotation imply?

- A. Teaching is eternity; there is no end to it for as long as there are children.
- B. A teacher is so powerful that he cannot help but influence learners.
- C. A teacher lives long because he enjoys influencing his students.
- D. A teacher has power to influence generations.

69. Among important characteristics for successful teaching, which connotes fairness, impartiality, open-mindedness, freedom from prejudice, and sense of evidence?

- A. Buoyancy
- B. Considerateness
- C. Objectivity
- D. Emotional stability

70. Which teacher's personal trait is demonstrated if he is gender-sensitive and inclusive in his ways?

- A. Motivation
- B. Passion
- C. Sense of Humor
- D. Fairness

71. Learners are more likely to internalize and follow classroom rules when _____

- A. The teacher gives additional points for those who follow the rules
- B. The learners participate in the rule-making process
- C. The teacher clearly explains the rules she prepared
- D. The learners know the punishments for not following the rules

72. In providing valid learning experiences, the primary factor to consider is _____

- A. Objectives and aims of the lesson
- B. The nature of the learners
- C. Competence of the teachers
- D. Material resources

73. Based on the elements of a profession, can the taxi driver be considered a professional?

- A. Yes, because there is such a term professional driver.
- B. It depends on the technical and ethical competence of the taxi driver.
- C. Yes, if the taxi driver is competent and honest
- D. No, because driving is not a college/university degree

74. How do you judge the teaching style of a teacher who provides feedback to students, analyzing their work and diagnosing errors?

- A. Inspiratory
- B. Programmatic
- C. Explanatory
- D. Interactive

75. Teacher Lil avoids drills out of context. She gives real-world Math problems for students to drill on, Teacher Lil is very much convinced of which principle of learning?

- A. Effective learning begins with setting clear expectations and learning outcomes,
- B. Learning is an active process.
- C. Learning is the discovery of the personal meaning of ideas.
- D. Learning is a cooperative and a collaborative process.

76. Teacher Letty claims she can't accept an "I don't know" answer. So she does _____.

- A. repeating the question
- B. prompting
- C. probing
- D. asking non-directed question

77. Good teaching goes beyond recall of information. So what must teacher do?

- A. Use multisensory aids to teaching.
- B. Make students connect facts learned to form concepts and abstractions.
- C. Teach for test purpose only. Teach to the test.
- D. Teach as many facts as you can.

78. All are responsibilities of the Learning Resource/Audio-Visual/Educational Technology center of a school EXCEPT_____.

- A. conduct training for the teachers on how to use technology tools
- B. make available technology equipment for use of teachers and students
- C. work with teachers in producing instructional materials
- D. accomplish the students' technology project for them

79. Teacher Bing encourage her students to make the intended learning outcomes their own and explained that she expected them to monitor now and then their own progress toward the intended learning outcome and act accordingly. In which level of processing will Teacher Bin's students act?

- A. Self-system
- B. Metacognitive system
- C. Cognitive
- D. Between cognitive and metacognitive system

80. The more senses that are involved, the more and the better the learning. Which practice is aligned with this principle?

- A. Invite parents as resource speakers in class.
- B. Bring students to field trips with consent of school and parents.
- C. Employ cooperative learning.
- D. Teaching using mostly verbal symbol.

81. Which is the primary characteristic of a subject-centered design model of curriculum?

- A. Interdisciplinary
- B. Multidisciplinary
- C. Correlated
- D. Interrelated

82. This is my questioning behavior: I ask the question; I pause for a while then call on a student. Which is this questioning practice?

- A. Asking non-directed question
- B. Asking for non-volunteers
- C. Involving as many as possible
- D. Directing a question

83. Emotion has the power to increase retention and learning. To apply this principle, teacher must_____.

- A. spice class with his/her sense of humor
- B. make course difficult for students to remember and learn
- C. touch students' emotion when he/she teaches
- D. be emotional when he/she teaches

84. What does Article XIII of Code of ethics include as the basis for evaluating students other than quality of academic performance?

- A. Extra-curricular activities
- B. Attendance

- C. Merit
- D. Conduct

85. All these questions should be answered by curriculum EXCEPT_____.

- A. What subject are important?
- B. Who will benefit from a well-design learning experience?
- C. What outcomes should be achieved?
- D. what qualifications should teachers have?

86. What philosophical belief describes the schools must encourage students to memorize basic facts about people and events that shaped history?

- A. Idealist
- B. Progressivism
- C. Pragmatism
- D. Essentialism

87. What philosophical belief describes the primary function of the school is to provide students options and choices to decide for themselves

- A. Idealist
- B. Progressivism
- C. Existentialism
- D. Essentialism

88. Miss Coronel is evaluating an app for her Grade 8 Science class. She is finding out whether the app taps the skills found in the Grade 8 standards to ensure that this app will be helpful in meeting her objectives. She wants to make sure it is not too easy to no too difficult for her students. Which criterion is she focusing on?

- A. Appropriateness
- B. Currency
- C. Organization
- D. Accuracy

89. Miss Lim started off her lesson plan with the outcomes she expects her students to achieve at the end of the lesson, this curriculum approach is_____.

- I. curriculum as a body of knowledge
- II. curriculum as a process
- III. curriculum as a product

- A. II only
- B. I, II, III
- C. I only
- D. III only

90. What is the existentialist point of view relative to aim of education?

- A. To develop cognitive power
- B. To re-engineer society
- C. To know themselves and their lives place in society
- D. To acquire productive skill

91. What educational aims is postulated by social efficiency?

- A. Idealist
- B. Essentialist
- C. Pragmatist
- D. Realist

92. What philosophical belief describes the experiences and needs of the students should be considered in preparing the curriculum?

- A. Idealist
- B. Progressivism
- C. Pragmatism
- D. Essentialism

93. Which of the following DOES NOT belong to three-fold function of Secondary

- A. Continuous General Education
- B. Transmission of Knowledge
- C. Preparation of Students for Higher Education
- D. Provision of skills for useful Endeavour among students

93. The following are characteristics of progressive curriculum EXCEPT _____.

- A. knowledge that comes from various disciplines should be the focus.
- B. the classroom is only one place for the students to learn: learning can take place anywhere.
- C. focuses on the experience of the students and supervised by the teacher.
- D. takes into account all the curricular elements and test these elements through real life application.

94. In order to have an effective teaching and learning, there must be an adequate utilization of learning materials. What type of curriculum is this?

- A. Hidden curriculum
- B. Recommended Curriculum
- C. Supported Curriculum
- D. Assessed curriculum

95. The class was taught how to conduct an action research and was required an end-of-the-term written research report. The class was taught how to do the research report and was shown an Analytic Scoring Rubric for them to know how they will have graded. The class took the Scoring Rubric as guide in the making of their research report. They were all motivated to pass an excellent research report and as a group checked now and then if they were true to the qualities of an excellent research report as seen in the scoring rubric. What form of assessment is described?

- A. Assessment FOR Learning
- B. Assessment FOR and AS Learning
- C. Assessment AS Learning
- D. Assessment OF Learning

96. The following are the roles of the stakeholders in curriculum development except _____.

- I. help in formulating the appropriate learning experience
- II. create an environment that allows for a child's holistic development
- III. participate in the implementation of the curriculum
- IV. all are roles of the stakeholders

- A. III only
- B. II only
- C. I only
- D. I, II and III

97. Jane, a freshman student, was asked by Professor Subida to describe educator accurately. Which of the following statements with Karla most likely to choose?

A. A process of individual growth and social development.

B. Acquired basically through the teacher.

C. Synonymous to formal schooling.

D. Growth resulting from academic study.

98. All are important in evaluating the curriculum EXCEPT:

A. To constantly keep up with the changing times.

B. To answer to the changing needs of the learners.

C. To identify which parts and aspects of the implement curriculum needs to be improved, modified or changed.

D. To be able to boast of a new and improved curriculum every time.

99. When do we need to evaluate the curriculum?

A. When somebody suggests it

B. Whenever necessary

C. Every academic year

D. Every quarter

100. The principle that learning is “an active process” means_____.

A. the learner’s own involvement is needed

B. the teacher’s involvement is always necessary

C. both teachers and students need to engage in activities

D. the classroom is the place for learning activities

101. In the 4 A’s approach to facilitating learning, Abstraction denotes _____.

A. Specific Ideas

B. Concrete Ideas

C. General Ideas

D. Practical Ideas

102. Which one helps produce an environment conducive for learning?

A. Long Assignments

B. Cooperative Learning

C. Individual Competition

D. Excessive praise

103. Thinking skills that are metacognitive rotate to _____.

A. Analytical thinking of parts of information

B. reflective thinking on the “how” of one’s learning

C. profound thinking of “what” “who” and “where”

D. direct thinking of the “what” about facts and figures

104. The teacher as facilitator adds vigor, right and life in the classroom by his/ her _____.

- A. Patience
- B. Presence**
- C. Uniform
- D. Composure

105. Formal schooling corrects our ideas and experiences through what is accepted as true and acceptable and for Piaget this is the process of _____.

- A. schematization
- B. equilibrium**
- C. accommodation
- D. assimilation

106. Teacher Cho wanted his students to rate their own work using the scoring rubric which he explained to the class before the students begin with their task. Based on revised Bloom's Taxonomy, in which level of cognitive processing are the students?

- A. Evaluating**
- B. Synthesizing
- C. Applying
- D. Analyzing

107. According to Piaget's basic cognitive concepts, what is the earliest meaning structures we form during the infancy and early years e.g. idea of a dog or cat?

- A. Accommodation
- C. Schema**
- B. Assimilation
- D. Equilibrium

108. People today think much about Climate Change and the need to protect life on the planet. More than in past centuries mankind today has high aptitude for _____ thinking.

- A. conservation**
- B. abstract
- C. decentering
- D. reversible

109. The subject matter is the ASEAN Qualification Framework (AQRF). The Asian History teacher teams up with the Economics teacher, the Professional Education teacher for a thorough discussion of AQRF from the perspective of other disciplines. Which describes the Asian History teacher's pedagogical approach?

- A. Integrated**
- B. Reflective
- C. Constructivist
- D. Inquiry-based

110. Along Erikson's psychosocial theory, which states industry?

- A. I get pleasure in my doing things**
- B. I avoid the difficult to succeed
- C. I am embarrassed at what I do
- D. I don't know what I want to in life

111. For Erikson there is too much ego-identity when a person is so involved in a particular task, such that he has no room for tolerance of others. A balanced amount of ego-identity is best exemplified by _____ who liberated Negros in North America.

A. Abraham Lincoln

B. George Washington

C. J.F. Kennedy

D. Martin Luther King

112. Along Piaget's principles, this is opportunity for young learners to experience the world in order to have a foundation for language and learning in their early schooling

A. take field trip

B. discuss what they see on television

C. use words to describe what is seen, touched, heard, etc.

D. rewards students who are models for the rest of the class

113. Along Piaget's principles, _____ is NOT appropriate for Social Studies learning at the level of cognitive ability of adolescent learners.

A. essay writing on a social issue

B. use of drawing and illustrations

C. discussion on varied issues that divided the country then.

D. consideration

114. Along Erikson's psychosocial theory which states intimacy?

A. I like to be alone and quiet by myself

B. I keep private thoughts to myself

C. I feel that no man is an island

D. I want to be free and uncommitted

115. Pavlov's behaviorist classical conditioning applies to school learning by way of stimulus and response in the following situations, but NOT in _____.

A. engaging students in discussion

B. announcing dean's listers

C. posting honor roll in bulletin boards

D giving rewards for school achievement

116. Skinner's _____ which states that change in overt behavior like events can result in learning and this can occur in school as well as

A. Shaping of behavior

B. Operant Conditioning

C. Behavioral Chaining

D. Reinforcement Schedules

117. In Vygotsky's socio-cultural theory of development the following contribute to the learners' social environment with _____ opening the door for learners to acquire knowledge.

A. lessons
